Small boy has been declared
unfriendly in the United States, and
Mexico has become hostile and wants
to enforce quarantine.

Prof. Anderson of Berlin claims
to have discovered a new planet. If
the Prof. would kindly discover a way
to give the planet of the small boy,
to present government would rise up
and call him back.

The B. & M. Division has been
located at Red Cloud, and a large
passenger depot, machine shops and
a tory staff round house will be built
in the near future. We congratulate
the people of Red Cloud in seeing so
favorably situated and its future
success is assured.

Three white covered wagons from
La Porte, Ind., passed through the
city yesterday enroute to Webster
county. The occupants of the wagons
passing the states of Iowa and Illinois,
a piece of land and the first day
roads they found were on the west
side of the Missouri river. They
appreciate the change.

The following are clips from the
Av. Adams Co. Times. Observe they are
clips. Worth it for the fact that
it is only a specimen of what
would be included to believe that
the compositor was drunk.

Hon. N. K. Griggs has been ap-
pointed ex-consul for Chicago, in
Nebraska. The people of all the eastern
states are enjoying a splendid carnival
with the snow from a foot to ten feet
deep in depth. Nebraska is not
excepting the fact that the snow of
this winter is to her several seasons.

Grand larceny of someone's
Dawson's Gopher confuses the scene.
These Dawson men and women
engaged to be married, at party party
every man helped woman to remove
her gopher, and went for his own home,
while gopher woman went off with
gopher fellow, supposed some home
Dawson fellow had. Next day girl
not at home, brother-in-law went to
Gopher fellow's place, and found sister
there alone, naked her to return
home with him, started after gopher
bills, woman turned and galloped
for Gopher County, brother gave
chase but horse fell on roadway and
died, walked home. Next day other
brother went to Gopher County, gopher
for woman or gopher found man and
woman there, naked woman ran
about to make noise, when Gopher
brother produced marriage certificate,
Laws passed, joy! There is said
nothing of original Dawson fellow,
supposed to be still bushing - North
Platte B. Union.

An agricultural exchange says: Every
paper in the United States ought to
keep the fact before its readers that
burnt corn is a certain and speedy
sure for hog cholera. The best way is
to make a pile of corn, and put it
under a pile of manure, and let the
hogs from access to it. This remedy
was first discovered by E. E. Cook, at
the time his distillery was burnt in
Lewiston, Ill., together with a large
lot of store corn, which was so much
injured as to be unfit for use, and
greatly eaten by the hogs, several of
which were dying daily of the disease,
commonly known as cholera. After
the second day not a single hog was
left, and the disease entirely disap-
peared in a few days. This remedy
has been tried in several cases since
and has never failed. This is a simple,
harmless, and inexpensive remedy
and within reach of every farmer.
Those who have this disorder among
their hogs should lose no time in trying
this plan. It should prove effectual
in arresting the ravages of this
pest, it will be of inestimable
value to the stock raisers of this
country.

Washington Correspondence.
Washington Feb. 13, 1882.
There has been quite a ripple set
astrive over the correspondence in
relation to the Congress of American
Nations in the interest of the peaceful
settlement of all disputed questions
arising between the different States of
the Western Hemisphere. James G.
Blaine, with his keen foresight saw
that the present was an auspicious
opportunity to encourage the growing
disposition manifested by the South
American States to unite in such
international measures as should forever
banish fratricidal strife, and lead ulti-
mately to a Union strong and perma-

ment of these different nationalities.
It is not strange that any such
movement should disturb the quiet of
the British lion, for in such a step the
English is supplanting of crowned heads
in the old world, and the new world
becomes the largest power on the
globe. Mr. Blaine is entitled to the
highest place among living statesmen
as the great angel of peace and in-
ternation.

The Garfield Hospital seems to be
suffering from a surplus of all patients.
It is to be noted in the day for
medical men to respect everybody to
fall down and worship Galen and
Aesculap, and ignore all the teachings
of these late years. There are some
who also believe in the progress of
medical science, and who do not
leave everything that does not carry
the stamp of Galen's schools.
There is a Homoeopathic Hospital as
yet in this city. One of the best
men in the city, and private life,
and an eminent physician, who is
the best man in the city, the proposed
Hospital is a Homoeopathic Hospital,
