A congress of Dunkards, a religious sect found principelly in Pennsylvania, has greatly stirred up the British press. The wise editors over there came to the conclusion that "Dunkard" was a telegraphic error for "drunkard," and they printed it so and then set themselves to the task of evolving from their inner consciousness what the congress of drunkards was convened for. They finally concluded that it was a temperance dodge; that the prohibitionists had got the congress together for the purpose of exhibiting it as an awful example to the people of the United
