The Heavenly Armies

Again, I remaak that those of our departed Christian friends, who in this world have very strong military spirit. are now in armies celestial and out in bloodless battle. There are hundreds of people born soldiers. They cannot help it. They belong to regiments in time of peace. They cannot hear a drum or a fife without trying to keep step to the music. They are Christians' and, when they fight, they fight on the right side. Now, when these, our Christian friends who had natural and military spirit, entered heaven, they entered the celestial army. The door of heaven scarcely opens but you hear a military demonstration. David cried out, "The chariots of God are

twenty thousand." Elisha saw the mountains filled with celestial cavalry. DR. H. A. BAIRD,

mountains filled with celestial cavalry.

St. John said, "The armies which are in heaven followed him on white horses." Now, when those who had the military spirit on earth sanctified entered glory, I suppose they right away enlisted in some heavenly campaign; they volunteered right away. There must needs be in heaven soldiers with a soidserly spirit. There are grand parade days when the King reviews the troops. There must be armed executions.

Sec. 1. Every person of the age of twenty-one years or upwards, belongs ing to either of the following classes, who shall have resided in this state six months, and in the country, precinct or ward for the term provided by law, shall be an elector:

First. Citizens of the United States. Second, Persons of foreign birth who shall have declared their intention to become citizens conformably to the instructive miscellany. There are also shall have declared their intention to become citizens conformably to the laws of the United states on the subject of naturalization, at least thirty days prior to an election."

Therefore, I, Albinus Nance Governor of the State of Nebraska, do hereby give notice in accordance with section one (1), article fifteen (15), of the Constitution and fought. That is what keeps us Christian reformers so buoyant, So few good men against so many bad men, so few churches against so many grogshops, so many pure printing presses against so many polluted print-ing presses, and yet we are buoyant and courageous, because while we know that the armies of evil in the world are larger in numbers than the world are larger in numbers than the army of the truth, there are celestial cohorts in the air fighting on our side. I have not had so much faith in the army on the ground as I have in the army on the ground as I have in the army in the sir. O, God? open our eyes, that we may see them; the mititary spirits that went up from earth to join the military spirits before the throne—Joshus and Calch, and Gideon, and David, and Sampson, and the hundred of Christian trarriers the 6th carth fought with fleshly arm, and now have
