But when older and wiser, how and buch complete distillusion to get, And behind such a stately facade To have found just apartments to

And you love me —don't say I'm not kind— Find some maiden more easy to please, More indulgent to absence of mind, And content with the graces she sees.

Though you claim I have tortured you heart,
In defense it may surely be said
That I never could once make you smart,
Since I could not remodel your head.

So spare your affection to tell,
An avowal I too well divine,
For the next girl will do just as well,
And her heart may be softer than mine.

So, in view of the danger it brings,

There's a line where firtation must stop;
For the hollowest, windlest things

Are the likeliest always "to pop."

—Century.

RELATIONSHIPS

That there are minds so constituted as to be unable to understand any degrees of relationship beyond the family circle of father, mother, brothers and sisters we can gather some evidence Duke's grandson had been made a Barfrom our own experience. Never shall we forget the attempts made by a party of collegians, many years ago, to explain to a lady at a supper-table the old puzzle: "If Dick's father is John's son, Earl of Devon in 1485; and his greatwhat relation is Dick to John?" She grandson Edward, after sundry attain-really tried her best, but utterly failed ders, was created Earl of Devon in to grasp the problem. Much assistance 1553 by Queen Mary, with remainder was offered in the shape of a decanter to "heirs male general." Now this and a wine-glass to represent "Dick" Earl died in 1566, aged thirty-nine, and and "John;" and the lady's voice might unmarried; and as there were no Courhave been heard, amid all the din and tenays left who were at all nearly reclatter, exclaiming seriously, and in a lated to him, the Earldom was supposed tone of remonstrance: "Do you mean to be extinct, and was not claimed. to tell me that that wine-glass is the More than two centuries and a half grandfather of that decanter?" But it afterward, however, in 1831, it was was all in vain. The attempt to con- proved to the satisfaction of the House vince the good lady had to be aban-doned. The intricate mathematical in-Courtenay, was entitled to the Earldom vestigation was beyond her powers.

of Devon, as heir general of the Earl There are also persons who have nev-created by Queen Mary, to whom his er given their minds to problems of this kind, and to whom anything outside of nine times removed! The nearest comtheir own narrow experience presents a mon ancestor, Hugh de Courtenay, sec-

The number of people who understand the terms "first cousin," "second cousin," "first cousin once re- present creation. Thus it was decided etc., is very small. Probably that the Earldom, during the 265 years many of those who read these lines im- of non-claim, had been, not extinct, agine that a "first cousin once re- but dormant; and seven of the Courmoved," etc., is the same as a "sec- tenays who lived and died in that interond consin;" and still more carry on val are reckoned now as righful heirs of the transactions of life under a mistaken Devon. - London Society. notion that if "Mary" is "first cousin once removed" to, say, "Tom," then Tom is also "first cousin once removed" to Mary. Let us hasten to dispel these

Suppose we illustrate our remarks by a fictitious little pedigree:

Mr. W. Jones. Mr. T. Jones. Mr. A. Jones, Mr. J. Jones, Mr. C. Jones, Tom Jones, Mary Jones. H. Jones. R. Jones. Now here it may be necessary to ex- other large flowing wells were found, plain, as we fear many persons "don't understand pedigrees." The orininal

Mr. Jones is supposed to have had two fast enough to contain it. The pipe sons, Messrs. William and Thomas lines were not able, with their immense Jones. Of these two brothers William was the father of Alfred and John, and Thomas was the father of Charles and were covered with petroleum, as it ran Tom. Mary is the daughter of Alfred; to waste from the overflowing tanks. Henry is the son of Joha, and Richard For a time it looked as though every is the son of Charles. It will not need hole that was bored would prove an oil any extraordinary acumen to di-cover spouter. The effect upon the crude that Alfred, John, Charles and Tom are market was at once manifested by a big all greadsons of the original Mr. Jones; decline in petroleum. From the sevenand that Mary, Henry and Richard are ties the price dropped close to the forhis great-grandchildren. Those who ties, and the most sanguine bull tremhave taken in thus much may, by a bled lest the Warren field extended its further stretch of intellect, comprehend that Alfred and John are first cousins to lieve it would, and connect the lower Charles and Tom, the father of the and upper oil fields in one continuous former pair of brothers being brother to belt. If so, down the market must go the father of the latter pair. But now to twenty-five cents or even lower. comes the difficulty. What is the "re-lationship" between our old friends some cause not yet made plain, the and "Mary?" Tom is first largest of these Cherry Grove wells cousin to Mary's father, Alfred. What ceased to flow, and cannot be induced relation is Mary herself to Tom? Some to do so again. The wells will not repersons say "second cousin;" but this spond to a torpedo. Pulling up and is a mistake, she is the "first cousin cleaning them out have been tried, but once removed"—a relationship which without results. The probability is that may be defined as that of "the child of Cherry Grove as a large producing district is played out. Under this change

This relationship, existing as it does between two persons in different generations—i. c. not descended by an equal number of steps from the common ancestor—is not a mutual relation—ship, like "brother" or "first cousin," is at Balltown, Forest County, and the line other words if Alfred is brother to In other words, if Alfred is brother to other is the Shannon Well on the John, John is brother to Alfred; if Al- Cooper tract, in the same county. As fred is first cousin to Charles, Charles these two wells are the largest in a is first cousin to Alfred; because these county similar to the Cherry Grove disare in the same generation;" therefore trict, and not many miles distant, the these relationships—"brother" and oil men will suspect them until their "first cousin"—are "mutual." But "uncle" and "nephew" are not mutual "Never in the history of the petro-relationships; for, if Alfred is uncle to leum trade has there been a district Henry, Henry is not "uncie" to Alfred: which proved so productive at its start, and if Richard is nephew to Tom, Tom is not "nephew" to Richard. And "first cousin once removed" is a relationship like "nephew." If Mary and of them getting over the cost of putting Henry are "first cousins once removed" down their wells. From the manner in to Charles, it does not follow that which these wells started off it was be-Charles is "first cousin once removed" lieved that all that was necessary to beto them. He is often called so, but come wealthy was to secure a lease to

to them. He is often called so, but quite as erroneously as an uncle would be called his nephew's unephew."

The curious fact remains that, for the converse of the relationship "first cousin once removed," i. c. for a "parent's first cousin," there is no name of universal acceptance.

It has been shown that a first cousin's child is called a "first cousin once removed." On the same principle a first property of the same principle a first cousin. moved." On the same principle a first cousin's grandchild is called a "first cousin twice removed," and his (er her) child would be a "first cousin ran riot, and the eagerness to buy oil three times removed," and so on, the number of "removes" showing by how many generations the two persons who are so related differ. On the same principle that a greatgrandchild is rare—i. s., a person lineally removed by three generations— a first cousin three times removed is.

was like unto the fever for selling a few months ago. If there is no new field struck in the face of the played-out Bradford, Richburg and Butler districts, we may reasonably expect an appreciation in prices. If so our region will boom.—Oil City Specier to N. Y. speaking generally, somewhat rare, but far more common, doubtless, than a great-grandchild, because the former means the great-grandchild of a per-son's first cousin, who may be much older than the person himself. Indeed, it is quite conceivable that a man should

scended from the nearest common ancestor by a more generations than the former, the former himself being m-1 generations below that ancestor.

Thus, for example, your lifth commin twice removed buggeth is descent from your sixth ancestor (counting your parent as first uncestor, your accordance).

The first uncestor, your accordance to the first two discovered the first uncestor, your accordance to the first two discovered the first uncestor, your accordance to the first two discovered the first uncestor, your accordance to the first two discovered the first uncestor, your accordance to the first two discovered the

> The Liquor Dealers and Manu act- ors - Kreasege, urers' Protective Association held their third annual Convention at Rock Island, Ill., on the 19th, and took a very gloomy view of the situation. Their principles or measures, has the follow- gether. They were apprentices in the liquor dealers generally:

"The Liquor Dealers and Manufacturors" from all points of the company. Alarming or disco raging reports reach it from lows, Kannan, Nebrasia, Missouri and many portions of the South. Even in like is, the charles of the lections, and the contrast between their Samson in the hands of the Philistines. These reports, let it be borne in mind, come, not from the crazed brains of some 'temperance fanatics, but from the cool deliberate, logical and also had been and manufacturers. There would seem to be one or two obvious leasons to be drawn by the great national which interest from its melancholy and peritous situation. Let it adopt a less aggressive and less challenging policy. Let it stop trying to buy and builty Congress into perp trains a seventy eight million-dollar stem from the National Treasury for its benefit. Let it stop trying to displace 8 mater David Davis by its notocous and disreputable test, Commissioner Raum. Let it abendon its rediculous and abortive at tempt to array the spirit of nationality on the part of German Americans on the sade of as. part of German-Americans on the side of aggressive and offensive issuer setting. Let the liquor interest learn its place in the general contemps of things and keep it, and it may yet single line."

escape the war of exterm nation with which it The New York Tribune, commenting on the mournful attitude and utterances of this convention, says:

"The liquor men throughout the country as a rule have rea sted in the localest and most in-solent manner all efforts to regulate their trafto. They were not content to do tentine the other me son six days in the word, but always denounced any attempt to close their places on him a line.
Sunday on a violat six of personal rights Their trade is obnexious at best to a great portion of every community, and it seems as if the deaders of the deade wit not to arouse too strong a feeling against it. They would not hear of regulation; now they have to submit to Probibition. It is the ly it that the fiquor men of Chicand ind ans will letter there were tears and heart aches soon be added to the metanches tand. -N. Y. Observer. Free Fress.
