THE CHIEF.
LOCAL MATTERS.

Friday, February 2, 1883.
M. L. THOMAS, Local Editor
and Business Manager.

When you slip up and fall down,
then you see...
The next legal holiday will be Feb.
23d, Washington's birth day.
Judge Gaultin wants the Grand Jury
system abolished. In this the Judge
agrees with the Chief.
The Argus, regularly once a year,
gets off the old stereotyped joke about it
taking two newspapers to support a
town.

The matrimonial market is rather
quiet, the demand for licenses not
being nearly so great as it was a few
weeks ago.
Yes, we will receive stamps on sub-
scription, at their full face value, but
we do not want any of larger denomina-
tion than three cent.

Stewart Albright has moved his
jewelry store to the room formerly oc-
cupied by F. H. Gore, 1 door east of
State Bank, where he will be pleased
to see all his customers and friends.
He has engaged Mr. J. S. Hope well
known here as the best workman in
the valley, to take charge of his work,
and you may depend upon having your
work well and promptly done.
Call and see his new stock of watches,
clocks and jewelry, and if you are in
need of anything in his line you will
buy, for the prices cannot help but
please you.

Some of the good denizens of Wells
P. O., sometimes facetiously called
Pickleville, have been unfortunate, of
late. We are told that Mr. Hoffman
recently cut his foot and has suffered
much in consequence, and Mr.
Wells, while "monkeying" with his
hogs in the pen, was attacked and bit-
ten severely by them, while another of
the prominent citizens met with a
misfortune at Omaha recently that de-
moralized him more or less.

Rev. G. L. Little, of Omaha, Presby-
terian Clergyman and Synodical Mis-
sionary of Nebraska, died suddenly at
his residence, of Bilious Pleudonitis,
on Jan. 25th.

See the new advertisement in this
week's Chief, of Fred Berkner's tailor
shop. Fred understands his business
and will give you satisfaction in his
line of work.
The stores were crowded with custom-
ers last Saturday. The cold snap
kept the farmers at home for a few
days, but they were in town in force
Saturday, for supplies.

We presume that if another of the
neighboring towns should take fire
and burn up, the business men of Red
Cloud would again talk about making
arrangements to guard against a simi-
lar calamity.
The recent cold weather has played
hob with the house plants in this part
of the heritage. More than a wagon
load of the tender plants were gather-
ed to their ancestors, so to speak, in
one night, by Jack frost.

The Nebraska Farmer, which pre-
tends to be a farmer's paper, devotes a
column of space to the abuse of Sen-
ator VanWyck, the only friend the far-
mers have ever had in the United
States senate from this state.

Vol. 1 No. 1 of the Guide Rock Sig-
nal, by S. B. Newmeyer, is received at
this office. The Signal is a sprightly
little paper, and we welcome it to the
newspaper field of Webster county,
and wish it abundant success.

A. Mouser, one of the many success-
ful farmers of the northwest part of
the county, called last Saturday to re-
new his subscription to the Chief.
He said he always got his money's
worth in home reading in the Chief.

Rev. Alfred Martin, of Hastings
Neb., will preach at the court house
for the Trinity E. Lutheran church,
of Red Cloud next Sunday Feb. 4th,
1883, at 11 A. M. and 7 P. M. A cordial
invitation is extended to all. Sunday
School at 10 A. M.

The Gage county Democrat gives
this sensible advice, which will apply
with a good deal of force in this com-
munity. "If you don't want an item
published, come to us and say so. If
you do, give us all the particulars and
let it be published correctly."

The matter of transporting the mails
from the depot to the postoffice needs
attention from the authorities at
Washington. We would suggest that a
good healthy man with a wheel-bar-
row would be a decided improvement
over the present arrangement.

This local scribe has shifted the
responsibility of the election of an
United States Senator to other shoul-
ders, and has been attending to his lit-
tle business, which accounts for the
improvement in this week's paper,
over the last two or three issues.

What has become of our correspond-
ents? This question is asked us, and
we refer the questioner to—well we
will not give the names of those who
have agreed to send in news for pub-
lication, but we hope this hint will be
sufficient to start their quills going.

We would call the attention of busi-
ness men and others wishing better
heads and other work tabulated, to the
fact that work put up at this office
will never come to pieces, as we have
facilities for that class of work that is
not surpassed in this part of the state.

The U. P. and B. & M. roads have
not presented passes to the members
of the present legislature as in the
past. If a member wants a pass from
these roads he must first ask for it,
and this very rule is what hurts some
of the anti—they have had to ask for
their passes.—Landscape Painter.

For some cause unknown to us,
"horse play" hats are unobtainable in
Red Cloud, and the wearers thereof
unpopular. We have known more
than twenty men who upon coming to
this place have tried to stamp the side
of popular disfavor towards the stove
pipe hat by wearing the unobtainable
thing, but we notice that they invariably
came in after a few short weeks and
gave it up as a bad job.

The Chaplain in the legislature last
prayed that "the candidates for
U. S. senator might be enabled to sub-
ordinate their own ambition to the
good of the dear people of the state."
If the good Chaplain had watched as
many senatorial contests as the "oldest
inhabitant" and the Almighty has, he
never would have made such a foolish
prayer as that. It is worse than use-
less to ask impossibilities even of the
Ruler of the universe.

We see by the report of the treas-
urer of the Nebraska Press Association
that there is the magnificent sum of
\$7,200 in the treasury. This is a de-
cidious improvement on last year's report,
which showed that the accumulated
funds of the institution aggregated
only \$115.00. We congratulate the
Association on its financial prosperity.
