We notice quite a bit of lumber go-

shows that the farmers are building
some.

Again we ask the question, why is
it that coal delivered in Lincoln costs
but little more than half what it costs
in the yards at Red Cloud?
If you don't receive full value for

Mr. D. C. Metcalf sold his farm, ly-
ing just west of town, a few days ago,
to a party from the east, for three
thousand five hundred dollars.
Those who think that the last legis-
lature accomplished nothing are a lit-
tle off. It appropriated one million
nine hundred thousand dollars.
Mrs. Henry Cook left last Sunday

ceived a telegram announcing the fact
that her mother was dangerously ill.

iron and chinchona, with well known
aromatics, is Brown's Iron Bitters. It
cures indigestion, and all kindred
troubles.

newspapers, metaphorically speaking,
are piled three feet deep in the streets
of Riverton.

school Bible class will conduct an Est-

Persons who engage to send in news-
items from different parts of the coun-
try don't live long, they generally die
off in a few weeks—at least we seldom
hear from them more than two or three
times.
Capt. Honshin was a pleasant caller
at this office last Friday. The captain
has suffered a good deal with rheuma-
tism the past winter, but it has not
reverted the anti-monopoly sentiments
out of him yet.
We learn that the family of Mr. Joe
W. Jones, of Walnut creek, are all
very sick in consequence. Two
doctors, we believe, were summoned
to attend them.
Several frame buildings are on the
move to make room for the new brick
blocks that are going up this spring.
Last Monday there were two frame
buildings on the street at the same
time, moving in the same direction.
A Pawnee City farmer sent this order
to his merchant. Please send me by
herrer two pounds of sugar, a black
brush, five pounds of coffee and some
little nails. My wife had a baby last
night—and too padlocks and a mon-
ey wrench.
We notice that many of our exchan-
ges, among them the Guide Book Sig-
nal, while pretending to be printed all
at home, use the patent plates. We
would much rather use the patent
plates than the plates, for the reason
that it is cheaper, and we can furnish
our readers a better class of reading
matter.
When you want drugs or medicines
go to the lower drug store, opposite
Chicago Lumber Yard, and Dr. Weber
will wait upon you. New goods are
being added, and the stock will be
kept up in good shape and everything
first class. MILLER & BALL, Prop.

Garfield Post No. 80 is flourishing.
Applications for membership are re-
ceived every meeting. The Post has
ordered two stands of arms, and is
talking of getting uniforms preparatory
to attending the reunion at Hasting-
s next September. Invitation is
extended to all ex-soldiers to come
and renew the fraternal ties of twenty
years ago.
A person remarked to me that three
hours after the bridge was completed
a wagon load of empty beer kegs were
rolled out of the back doors of the sal-
oons. It would seem that the idea
intended to be conveyed was that the
south side got powerful dry while the
bridge was out. It is needless to
say that we look upon this as an un-
called for attack upon our neighbors
of the south side, as it is well known
that they are strictly temperate.

Business men and others who own
lots in the business part of town are
very much pleased to have the Agree-
ment to the world that said lots
will not bring, in two years, from now,
the price asked for them at the present
time. They are almost well enough
pleased to Lynch the idiot who has no
more sense than to cry down the town
that gives him his bread and butter.
We are not in favor of lynching in this
instance. The fool don't know any
better.

We notice that some of our exchan-
ges are publishing the statement that
Solon Wiggins, residing on the south
side of the river, is an uncle to the Ca-
nadian weather prophet of the same
name. Mr. Solon Wiggins is one of
our oldest settlers, and has been a sub-
scriber to the CHIEF for the last nine
or ten years, and we don't propose to
raise his character thus assailed without
raising our voice in his behalf. He is
an upright and honorable citizen, and
we are at a loss to know why our ex-
changes should thus traduce him.

We are sorry to chronicle the fact
that Frank Tennant and Mr. Dixon,
residing north of town, lost heavily by
the prairie fire that raged in that vic-
inity last Sunday. The wind blew a
perfect gale, and the fire swept over
the country like a cyclone, leaving
blackened heaps where a few minutes
before had been well filled granaries,
comfortable stables and large racks of
hay. Frank Tennant lost all his hay,
stables, grain and stock yards. Mr.
Dixon was still more unfortunate, for
in addition to losing his grain, hay
and stabling, he lost two cows, one
or two pigs and several head of hogs.

Through the kindness of A. L. Bar-
ton, a former resident of this county,
now of York State, we are permitted
to peruse a copy of the "Sunday Ti-
dings," a paper published at Elmira,
New York, and devoted, it appears, to
trying to prevent emigration from
that infertile land to the rich and
fertile prairies of Nebraska. The
"Tidings" is assisted, it seems, in the
unhappy work of crying down Nebraska,
by one Sam Way, who writes to that
paper from Hastings, and says that he
is unable to make a living in this coun-
try and wishes he had money to take
him back east, a wish which we heart-
ily second, for we do not think that
Nebraska has any use for such as he.
Any man possessed of reasonable
health and a fair amount of "grit" can
in a few years earn a competence, as
thousands of industrious farmers can
testify who settled in this state within
the last fifteen years and commencing
without means, and relying upon their
own hearts and willing hands, and the
fertile soil of Nebraska, have become
independently rich. As a general
thing it is only the sluggards like Sam
Way, of Hastings, who cannot make a
living in Nebraska.

Ed. CHIEF.—There will be a meet-
ing of the patrons of Invalde cheese
factory, at the factory, March 29th, at
10 o'clock P. M. All interested are re-
quested to attend. I am requested to
say that after the cheese meeting ar-
rangements will be made for organ-
izing a county Agricultural Society, and
all interested in the society are re-
quested to attend.

G. A. R.
The attention of ex-soldiers is called
to the fact that not over one in ten of
them who reside in the state of Neb.,
are members of the Grand Army of
the Republic.
This is not as it should be, for as
soon as the aims and objects of our or-
der are known, old soldiers having
honorable discharges, seek to join
with us. Instances occur often where
members of the same regiment meet
and know each other within the post
and at our camp fires, who would never
have such privileges granted them
had our order not existed.
I would therefore call on all in our
state who are eligible for membership
to at once join themselves to a post if
possible. If there is no post located
near you, and there are 25 ex-soldiers
desire to organize a new one, send us
the names to either E. B. Taylor, chief
muster officer, David City,
Neb., or to Frank Brokaw, of Superior
Neb., who is muster officer of the
district you reside in, and proper pa-
pers will be forwarded at once. Let
there be a hearty response to this no-
tice all over the state.
Very Respectfully,
J. O. CHAMBERLAIN,

A Card.
Having sold my lively business to
Messrs. Rudrow & Edson, I wish to ex-
press my thanks for the liberal patronage
extended to me by the citizens of
Red Cloud and the traveling public
generally, and would respectfully so-
licit a continuance of the same to my
successors. Mr. Rudrow has had large
experience in the business, and is a
livest man in every sense of the term.
Mr. Edson is one of your oldest citi-
zens, and is too well and favorably
known to this community to need any
special mention here. Their estab-
lishment is now one of the most com-
plete between Lincoln and Denver,
and will no doubt prove to be a very
popular and successful firm.
