**Time to stop it**  
It's too bad Sir or Madam, but don't get frightened. Your hair is falling off—That's certain. A glance in the mirror, or an investigating committee of fingers tell the dismal story. We won't discuss the possible cause. It is enough that Parker's Hair Balsam used now will prevent further destruction. In your hair somewhat gray, and crisp? Alas, yes. The balsam will give back the original color, softness and gloss. Not a dye, not only elegantly performed, a perfect dressing.

## LOCAL NOTES.

WANTED—A good girl to do general house work. Apply at the residence of C. F. Evans.

**DRESS MAKING.**  
By Miss Moore, an experienced and competent dressmaker, with Mrs. Kellogg opposite the State Bank.

**DRESSMAKING.**  
Mrs. G. S. Taylor takes this method of informing the ladies of Red Cloud, that she is now prepared to do all kinds of dressmaking in the latest styles and fashions at reasonable rates. She makes a specialty of cutting and fitting. If you want dresses made, cut or fit, call on her. One door east of the Commercial house.

The old reliable Chagr lumber yard established at Red Cloud in 1878, is still at the front and defy competition. Its prices are always lower than the lowest, and it claims to sell a better grade of lumber than is sold by any other concern in the state of Nebraska. The stock of all kinds of building material at this yard is very full, and the proprietor respectfully asks everybody in want of anything in their line to call and see for themselves.

**TORNADO INSURANCE.**  
All who wish to insure their property against the ravages of tornadoes should call on Strohm & McKeoby, as they are prepared to give the very best terms obtainable.

The Red Cloud Mills Patent flour is the best thing out in the line of bread stuffs. Even the celebrated Minnesota brands cannot excel it and then there is no freight bill to be added on to the cost price for the consumer to pay. Try it.

**NOTICE**  
That we have at our place 1 1/2 miles west of Well P. O. on three car loads of broom corn about ready for market, and we would like to have those who want to purchase, call and see it.

**Half Out of His Head.**  
"Blasé" by the man who invented sleep. Sancho's gratitude is ours, but that if one cannot for any reason enjoy that excellent invention. "Nervousness in me had become a disease," writes Mr. William Coleman, the well known wholesale druggist of Buffalo, N. Y.

"I could not sleep, and my nights were either passed in that sort of restlessness which nearly crazes a man, or in a kind of stupor, haunted by tormented my tormenting dreams. Having taken PARKER'S Tonic for other troubles, I tried it also for this. The result both surprised and delighted me. My nerves were toned to correct pitch, and like Caesar's fast men, I fell into the ranks of those who sleep at night. I should add that the tonic speedily did away with the condition of general debility and dyspepsia occasioned but my previous sleeplessness, and gave me strength and perfect digestion. In brief, the use of the tonic thoroughly re-established my health. I have used Parker's Tonic with entire success for sea-sickness and for the bowel disorders incident to ocean voyages."

This preparation has heretofore been known as Parker's Ginger Tonic. Hereafter it will be advertised and sold under the name of Parker's Tonic—omitting the word "ginger." Hiscox & Co. are induced by the entire change by the action of unprincipled dealers who have for years deceived their customers by substituting inferior preparations under the name of ginger. We drop the misleading word all the more willingly, as ginger is an unimportant flavoring ingredient in our tonic.

Please remember that no changes have been, or will be made in the preparation itself, and all bottles remaining in the hands of dealers, wrapped under the name of Parker's Ginger Tonic, contain the genuine medicine if the fac-simile signature of Hiscox & Co. is at the bottom of the outside wrapper.

**Bucklin's Arnica Salva.**  
The greatest medicinal wonder of the world. Warranted to speedily cure Burns, Bruises, Cuts, Wounds, Salt Rheum, Fever Sores, Cancors, Erysipelas, Corns, Teeter, Chapped Hands, and all skin eruptions, guaranteed to cure in any instance, or money refunded.

**ATTENTION TRAVELERS!**  
Notice is hereby given that I will examine all persons desirous of obtaining a passport for travel on any of the common schools of Washington, at my office in Red Cloud, Nebraska, on Thursday of each month.

# The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best in preparation ever made; it is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 3. I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in the winter. Nearly everything I ate gave me distress, and I could not eat but little. I have tried everything recommended, but with no relief until I took Brown's Iron Bitters. I am now a new man. I am getting much strength, and feel as if I were a railroad engineer, and now make my trips regularly. I can not say my stock in praise of your wonderful medicine. D. C. Mack.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade mark on wrapper.

## How Watch Cases are Made.

Most persons have an ambition to carry a gold watch case, and yet few people know how a watch case is made, or the vast difference in the quality of them. In a Solid Gold Watch Case, made from the necessary thickness for engraving and polishing, a large proportion of the metal is needed only to stiffen and hold the engraved portions in place, and supply strength. The surplus is not only useless, but undesirable, because gold is a soft metal and cannot furnish the stiffness, strength and elasticity necessary to make the case permanently strong and close-fitting. The perfect watch case must combine gold with some metal that will supply that in which the gold is deficient. This has been accomplished by the James Best Gold Watch Case, which saves the waste of needless gold, and INCREASES the STIFFNESS and STRENGTH of the case, and at the same time reduces the cost ONE HALF.

Best Gold Watch Case in the World. Philadelphia, Pa. For authentic illustration showing how James Best and Superior Watch Cases are made. (To be continued.)
