

STORIES ON THE ROAD.

Commercial Travelers at a Wayside Inn—
Something to put in a Gripack.

"Gentlemen, I almost envy you the positions you fill; your experience of the world; your knowledge of business the changing sights you see, and all that you know."

This warmly expressed regret fell from the lips of an elderly pleasure tourist, last August, and was addressed to a semicircle of commercial travelers seated on the porch of the Lindell Hotel, St. Louis, Mo.

"Yes," responded a New York representative of the profession. "A drummer isn't without his pleasures, but he runs his risks, too—risks outside the chances of railroad collisions and steamboat explosions."

"What risks for instance?"

"This, for instance," said Mr. D. W. Franklin, who was then traveling for an eastern firm, and is known to merchants in all parts of the country. "The risk—which indeed, amounts almost to certainty—of getting the dyspepsia from perpetual change of diet and water and from no fixed hours for eating and sleeping. I myself was an example. I say was, for I am all right now."

"No discount on your digestion?" broke in a Chicago dry goods traveler, lighting his cigar afresh.

"Not a quarter per cent. But I had to give up traveling for a while. The dyspepsia ruined my paper. Finally I came across an advertisement of Parker's Tonic. I tried it and it fixed me up to perfection. There is nothing on earth in my opinion, equal to it as a cure for dyspepsia."

Messrs. Hiscox & Co. of New York, the proprietors hold a letter from Mr. Franklin stating that precise fact. Parker's Tonic aids digestion, cures malarial fevers, heartburn, headache, coughs and colds, and all chronic diseases of the liver and kidneys. Put a bottle in your valise. Prices, 50c and \$1. Economy in larger size.

HANOVER, O., Feb. 13, 1884.

After having lung fever and pneumonia I had a dreadful cough and could not sleep at night. The doctors told me I had consumption and would die. I have taken six bottles of Dr. Williams' Cure and my cough is entirely gone and I am well as ever.

EMELINE FORD.

Bucklen's Arnica ointment. world. Warranted to speedily cure Burns, Bruises, Cuts, Ulcers, Salt Rheum, Fever Sores, Cancers, Piles, Chilblains, corns, Teeter, Chapped Hands, and all skin eruptions, guaranteed to cure in every instance or money refunded. 25 cents per box. For sale by 20yl. Henry Cook.

Griggs' Glycerine Salve.

The best on earth can truly be said of Griggs' Glycerine Salve, which is a sure cure for cuts, bruises, scalds, burns, wounds, and all other sores. Will positively cure piles, tetter and all skin eruptions. Satisfaction guaranteed or money refunded. Only 25 cents. For sale by A. Lindley.

Seek No Further.

It is said an old philosopher bought an honest man with a lighted lantern, and humanity has since been seeking an honest medicine by the light of knowledge. It has at length found it in Dr. Jones' Red Clover Tonic, which cures all diseases of the blood, removes pimples, and acts promptly upon the liver and urinary organs. Only fifty cents a bottle to be had of A. Lindley.

When you come to think of it, it is not odd that literary people prefer a pipe to a cigar. It is harder to smoke when they are writing, and ever so much cleaner. And then it gives them the true essence and flavor of the tobacco.

The most fastidious smokers among all nations and all classes of men agree that the tobacco grown on the golden Tobacco Belt of North Carolina is the most delicious and refined in the world. Lighter than Turkish, more fragrant than Havana, freer from alkalies and nicotine than any other, it is just what the connoisseur craves and the habitual smoker demands.

The very choicest tobacco grown on this Belt is bought by Blackwell's Durham Tobacco Co., and appears in their celebrated Bull Durham Smoking Tobacco. This is known the world over. Get the genuine, with Bull Durham trademark, then you will be sure of having absolutely pure tobacco.

How Watch Cases are Made.

In 1875, thirteen men comprised the entire working force used in the manufacture of the James Bosse's Gold Watch Case. Now over five hundred are employed, and the number is constantly increasing. The reason of this increase is this: In the James Bosse's Gold Watch Case all the metal in sight and subject to wear is solid gold, while the remainder, which only lends strength to the case, is of stronger metal than gold, giving elastic metal where strength and strength are needed, a combination producing a watch case better than solid gold and at ONE-HALF the cost.

Over 200,000 of these cases have been sold, and every jeweler in the country can testify to their quality and merit.

LETTERS FROM THE EDITOR, Dec. 4, 1883. E. W. March, of the Cincinnati Journal, writes: "I bought your Gold Watch Case in 1875, and carried it until a short time ago, when I purchased it and sold it to a customer. The case showed no signs of wear, except that natural to any case, and I am satisfied it can be safely guaranteed for at least ten years more. I have sold the James Bosse's Gold Watch Case for many years, and the parties who bought the first one are still carrying them today, as well satisfied as though they had bought a solid gold case costing twice the money. I regard them as the only cases of this kind a jeweler should sell who desires to give his customers the worth of their money or value his reputation."

Wm. J. CURTIS, Jeweler, 3rd Street, Philadelphia, Pa., for handsome Illustrated Pamphlet showing how James Bosse's Gold Watch Case is made.

"Acme" Pulverizer

How rarely does a farmer contemplate a newly harvested field with satisfaction? He walks over it and sees here and there seed uncovered; here a furrow slice untouched because the surface was not quite level, and there a bunch of stubble drawn into a heap having dragged the soil and seed before it for years. He shakes his head and wishes there was a harrow that would do the work perfectly, leveling the rough places, breaking up the clods, and not only pulverizing the soil, but turning it over the seed so that this is all covered to an even depth and without waste. But the farmer who uses the "Acme" Pulverizing Harrow, Clod crusher and leveler has none of the sadness and disappointment for his fields are leveled and mellowed and smoothed and the seed properly covered. Full plowed ground especially needs this perfect work which is done quickly and without the need of any spring plowing. This also is a good harrow until the corn is above twelve inches in height.
