"Acme" Pulverizer

How rarely does a farmer contemplate a newly harvested field with satisfaction? He walks over it and sees here and there seed uncovered; here a furrow slice untouched because the surface was not quite level; and there a bunch of stubble drawn into a heap having dragged the soil and seed before it for yards. He shakes his head sadly and wishes there was a harrow that would do the work perfectly; leveling the rough places, breaking up the clots, and not only pulverizing the soil, but turning it over the seed so that this is all covered to an even depth and without waste. But the farmer who uses the "Acme" Pulverizing Harrow, Clod crusher and leveler has none of the sadness and disappointment, for his fields are leveled and mellowed and smoothed and the seed properly covered. Fall plowed ground especially needs this perfect work which is done quickly and without the need of any spring plowing. This "Acme" is a good cultivator until the corn is above twelve inches in height. For sale by

The Postville's

Organic Weakness & Impurity in Men

As to the success of your medicine, this I know, who was six months ago, I was weak, lean and sleep-deprived, with no interest in life, and no energy to do anything. I was a failure in every respect, and my health was in a deplorable state. I had been suffering from Organic Weakness and Impurity in Men for many years, and had tried every remedy known to me, but without success. I was advised to try your medicine, and I did so. The result was most surprising. I feel like a new man, and my health is now in a most excellent state. I am able to do my work, and I am enjoying life. I am a great debtor to your medicine, and I am sure it will be a great blessing to many others who are suffering from Organic Weakness and Impurity in Men.
