

THE RED CLOUD CHIEF.

A. C. HOSMER, Proprietor. FRIDAY, JUNE 27, 1884.

RED CLOUD MARKET.

Table with 2 columns: Commodity (Wheat, Oats, Rye, Barley, Corn, Hogs, Cattle) and Price.

BARGAINS in hats at Mrs. Fowler's. A FEW more hair goods to close out at Mrs. Fowler's.

CHILDREN'S fine shoes at the Golden Eagle. GET your millinery of Mrs. Fowler's and save money.

MISSIE fine shoes at the golden eagle. THE only successful platform twine binder in the market sold by Spanogle & Funk.

LINDLEY has mixed paints at all prices from 50 to 75 cents. JUST received, a lot of A grade full leather top buggies, call and examine, Spanogle & Funk.

IF you want big strawberries and lots of them call on L. H. Rust at Red Cloud, for your plants. All kinds of small fruit stock.

Mrs. FOWLER'S for stylish hats. FOURTH of July goods way down at Mrs. Fowler's.

THE Marsh and Whitney platform twine binder lead all other machines sold by Spanogle & Funk.

LADIES fine shoes at the golden eagle. ALL ticket holders are invited to be present at the skating rink on evening of July 1st to witness the drawing of prizes offered by the golden eagle clothing store.

THIS is the last chance before grand prize drawing July 1st everyone in need of clothing, boots and shoes hats and caps, or finishing goods, should at once go to the golden eagle and buy so as to get a chance in the drawing.

WANTED.—40 acres of breaking land. Highest price paid in cash. Apply to G. W. BALL, 2-w Red Cloud.

A Meat Market for Sale. Gates & Bohannon, of this city offer a rare bargain to anyone who wants to buy a meat market. They have one at McCook which is doing a splendid business, and will be sold at a bargain. It is the only one in town.

100 POUNDS of soap for \$1. The receipt can be bought outright of Thornton Bros. R. E. Shierer will furnish the ingredients for the above receipt for \$1.

HATS, pictures, percales, gingham, muslins, etc., at Mrs. Newhouse's, cheap to close out. 41-4f.

LADIES' and children's neckwear, ribbons, hosiery, hair nets, parasols, notions, etc., all closed out very cheap at Mrs. Newhouse's. 41-4f.

LAWNS, Cadribres, white goods, worsted goods suitable for the season, at low figures to close out our stock. Mrs. NEWHOUSE.

SILKS, satins, velvets, laces, Hamburgs, etc., marked down very low to close out our entire stock of goods. Call and see. Mrs. NEWHOUSE.

Griggs' Glycerine Salve. The best on earth can truly be said of Griggs' Glycerine Salve, which is a sure cure for cuts, bruises, scalds, burns, wounds, and all other sores. Will positively cure piles, better and quicker than any other. Satisfaction guaranteed or money refunded. Only 25 cents. For sale by A. Lindley.

HANOVER, O., Feb. 13, 1884. After having lung fever and pneumonia I had a dreadful cough and could not sleep at night. The doctors told me I had consumption and would die. I have taken six bottles of Dr. King's Cure and my cough is entirely gone and I am well as ever. EVELINE FORD.

The home is the seat of human civilization and human love. Give to the ladies who reign there every thing that is possible to add to their happiness. We think most of them would be profoundly grateful if they were always supplied with DeLand's Saleratus and Soda, as they are guaranteed to be equal to or superior to anything on the market.

A Gentle Voice. Our enterprising druggist, has secured the agency for the sale of Dr. Bigelow's positive cure, which has no superior for coughs, colds, consumption, whooping cough, and all throat and lung diseases. To prove to you it has no equal, call at A. Lindley's drug store and get a bottle free.

The Buckeye cord Binder is the best machine in use. It has been sold in this county for a number of years and has never been condensed in a single case. No expert has ever been here to start or work one; no new improvements have ever been put on during harvest cut; in every case they have worked to the satisfaction of the farmer without being repaired in the field. Wm. Fuller abandoned his Marsh binder in the field after it had been tinkered by the experts and purchased a Buckeye and thereby saved his crop. Farmers can you afford to experiment and lose your crop. But the Buckeye and save your horses, save trouble, save time and save money.

A Run on a Drug Store. Never was such a rush made for any drug store as is now at Henry Cook for a trial bottle of Dr. King's new discovery for consumption coughs and colds. All persons affected with Asthma, Bronchitis, Hoarseness, severe coughs, or any affection of the throat and lungs, can get a trial bottle of this great remedy free, by calling at above drug store. Regular size \$1.00.

CITY BRIEVITIES.

A good rain Saturday. D. F. SHER has moved to Amboy. A. J. KENNEY has returned from Iowa.

Mr. BALLARD is building an addition to his residence.

A GREAT many land buyers in the county this week.

A NEW hardware store is about to be started at Cowles.

LOOK out for the match game of ball on July 4, in this city.

We are indebted to J. O. Chamberlin for a Young America Cheese.

MR. FRANK HALL, of Cowles, made us a pleasant call on Tuesday.

THE Congregational people of Cowles are about to build a parsonage.

J. L. MILLER thinks of building a brick block for his harness business.

We are under obligation to Andy Clute, formerly of this city for favors.

MR. WALLWORTH of Iowa is building a new residence in the north part of town.

MR. SPANOGLE has moved into his new and handsome residence on fourth Avenue.

WALLACE & McNEIR have had their news depot fitted up and a new counter put in.

WM. GATES has a fine trotting horse for which he paid \$175. It is a beautiful animal.

Mrs. R. E. HARENSHIRE is visiting in Kansas, where she goes for the benefit of her health.

THERE will be a habeas corpus case before Judge Yeiser on Saturday, for the possession of Stella Jones.

MR. PETE HANSEN has bought E. V. Rindro's stage line to Cora and takes possession July 1st.

Our friend J. W. Wilson, brought to this office a fine specimen of rye, of this year's growth. It looks nice.

HENRY COOK has the finest phonograph we have seen in the west. It was made at the Red Cloud Carriage Works.

The Blue Hill band will "tour" for Red Cloud on July 4, they having been engaged by the committee on music.

If you don't think Red Cloud has enterprising merchants, just look over our advertising columns in to-day's paper.

J. G. JOYCE, grand chancellor of the Knights of Pythias of Nebraska, will visit Calumet lodge of this city, on July 15th.

"We have met the enemy and we are theirs" is what the Home Club said after being defeated by the Superior club.

Our street sprinkler man, Mr. Ballard, informed our reporter this week, that he pumps from 500 to 800 barrels of water on the streets per day.

CASE & McNEIR bought of Dr. Tulley last week, 80 acres of land adjoining their farm, for which they paid \$1800. The boys now have a fine farm.

One of the heaviest rains of the season fell on Sunday evening. The streets were simply flooded, and the cellars around town were partially filled with water.

The Red Cloud Carriage Works are turning out some of the finest buggies, carriages, phonographs, etc., we have seen. Mr. Ira Sleeper, the manager is a number one workman, and understands his business.

ALMOST \$100 has been raised by our citizens to pay the Red Cloud corner land for playing on the fourth in this city. We will have two brass bands on that occasion, viz: Red Cloud band and the Blue Hill band.

MORHART & FULTON have determined to locate at Wells. Mr. Fulton has been in that place for a few days supervising construction of a store building 20x30 at that place. The town of Wells is bound to prosper.

The ladies B. H. M. society will meet at Mrs. S. Perkins', Tuesday afternoon, July 1st. At their last meeting they passed a vote of thanks to Mrs. Wm. Cathers, for her kindness in donating a set of pulpit chairs.

MR. WM. KENYARD, of Clear Lake, Iowa, made this office a pleasant call during the week. He will start a cattle ranch near this city, and move to Webster county. He was well pleased with Nebraska and its great resources.

MR. FRANK HALL, of Cowles, has a book that he brought from New York state, about two years ago, that weighed 41 pounds this year. We doubt if this can be equalled in Nebraska or any other state. It is a thoroughbred Merino buck.

We are indebted to the Crete Nursery for a case of fine cherries, raised in this state. They were magnificent. This firm are solely interested in Nebraska, and we hope our people will patronize them. They have over 150 acres in fruit trees, &c.

On the inside of to-day's paper will be found the names of the parties who were injured by the wreck of the cannon ball near Hubbell last week. Also there will be found some wholesome Republican speeches by Emory Storrs, Ben Harrison, and others.

The temperance mass convention held in this city on Wednesday was a grand success, and was largely attended. Speeches were made by John B. Finch and others. For want of space we are unable to go into detail on the work done at the convention.

LOOK out for one of the grandest celebrations in the county at Wells, on July 4. The people of Wells are doing their utmost in making preparations for a big time and propose to have an enjoyable one. We wish them a grand time and a big crowd.

FROM our special correspondent at Reverton we learn that Mr. Joseph Lambert, who resides south of Reverton, in Kansas, was killed by lightning on Sunday, during the heavy storm that passed over this section. He leaves a wife and young family.

MR. JOHN MOORE and wife left Saturday night for Colorado, where they go for Mrs. Moore's health. She has been an invalid for several months. It is to be hoped that she will be much benefited by the change of climate. They will be gone a number of weeks.

New goods at Mrs. Fowler's.

Men and boys, boots and shoes at the Golden Eagle. J. E. PARKER, our new dentist, has a handsome new sign.

FROM 18 to 20 milk wagons are to be seen daily at Inavale cheese factory.

MR. C. DISBROW, our county treasurer, and family have returned from Iowa.

SHERWOOD & ALBRIGHT, formerly of this city, have started another bank at Bassett, Neb.

Go to Way's hardware store, and see their latest improved gasoline stove. The safest and best in the market. 2w

The express office at the depot has been appropriately draped in respect to the late J. McNaughton, of this city.

MR. COVENS will take Pat Lyman's place as conductor. Mr. Vandurnan takes McNaughton's place as messenger.

F. A. HEMMELL, a few days since waded the Republican river to set fire to his Buffalo grass. He didn't get mired in the sand.

O. G. ROBERTS showed us a specimen of strawberries raised by him. They were fine, and one stem had eleven fine berries on it.

MR. KINGBERRY, from Chagrin Falls, Ohio, has bought the business lot, just south of the City office. Real estate is taking a boom in the north end.

The managers of the rink, Messrs. Platt, Wallace and Albright, have made arrangements to have a grand dance on the 4th at the rink, both day and night. The G. A. R. boys will also have a bowery dance just north of this office, on the vacant lots.

THERE will be a grand celebration on July 4, at Cowles. The people of that enterprising village are making every available effort to have a grand time on that day, and propose to make the village scream as it has never screamed before at Cowles. We wish them a grand and glorious fourth.

The Wells base ball club and the Red Cloud boys played a match game Thursday in this city. The game was closely contested from the first, and there was some fine playing by both clubs. The score stood:

Red Clouds.....12
Wells.....5

The firm of Ormsby & Dickerson do an immense business in the commission line. They have been shipping about 1500 cases of eggs per month, besides a large amount of butter, etc. We are pleased to hear of their prosperity and wish them an increase of business. The farmers find this a ready market for their produce.

On Wednesday evening Mr. J. W. Chambers and Miss Sophia Reigle of this city were united in marriage by the Rev. Geo. O. Yeiser. The young couple have our best wishes for a long and happy life. The ceremony was pronounced in the presence of a number of relatives and intimate friends who joined in bidding the young couple Godspeed in their new life.

The City has been gazing around in the last few days to find out who would make good candidates for representatives from this senatorial district. Mr. F. A. Sweeney, of Blue Hill, and Mr. Hugh Stevenson, of Inavale, have both been favorably spoken of as just the right men for the place. The City could support either gentleman with pleasure in the event of his nomination.

At the rink Saturday night the race for a gold chain and five dollars in gold was a most exciting one, and caused considerable amusement. There were six entries for the prizes, viz: Harry Leary, Louis Kenney, Dick Gray, J. M. Pecker, Will Mitchell and Will Dany. Distance, one mile. J. M. Pecker won first prize of \$5, and Louis Kenney took in second prize of gold chain. Time 4:45. It was really fun alive.

The Red Cloud creamery is doing a land office business in making butter. During last week they made 3,500 lbs. and have been making from 800 to 1000 pounds per day since. Such institutions as these are a paying investment wherever they located. This butter has a wide reputation and is A No. 1, commanding the very highest price. Its excellent qualities, together with the careful attention in making it places it at the head of the list.

E. H. AMBLER, cashier of the First National, has copyrighted a "note maturity register" for the use of banks, bankers, and others who wish to avoid the usual delays in hunting up notes that are continually coming due. This is said to be one of the most convenient books used in the business, and Mr. Ambler is receiving a great many orders for them. It is practical and labor saving, and a check on past due paper. It is divided into twelve parts, each part allotted to months in a year in regular order. It is certainly a great convenience.

ANOTHER attempt to wreck the B. & M. train is reported from Chester, on Thursday night following the one last Wednesday. This time the bonds opened the switch, but fortunately it was discovered before the train came along, and a probable accident averted. This business of wrecking trains is getting a little too common, and the parties if caught should be made examples of. Since our last issue John McNaughton, the express messenger has died from his injuries, but the others who were injured are in a fair way to recovery, unless it be the conductor of the Pullman sleeper, who was seriously, if not fatally injured.

F. HOUCHIN has had some sad experience with lightning rod peddlers. They wanted to put up a rod for him but the price being so high Houchin thought he could not afford the luxury, so the peddler offered to put it up for \$5 as an advertisement. Houchin accepted the proposition, and signed the contract, not reading it. A day or two afterwards the peddler put the rod up, and then demanded a much larger sum than agreed, which Houchin refused to pay. The contract was then shown him. He steadily refused and finally settled on a compromise. It is always best to know what you are dealing with strangers just what you are doing.

Look at A. A. Pope's now advertisement.

J. A. FERMAN and wife Sundayed at Inavale.

MR. KINSEY has put a new fence around his new home.

MR. A. O. BENO and wife moved to Guide Rock on Thursday.

WM. PARKES is now a bloated land holder. He owns fifteen town lots.

WAT. GATES and Ed. Bohannon are now running a paying meat market at McCook.

G. S. ALBRIGHT has been appointed agent in this city for the Atkinson (Ke) Daily Post.

J. A. TULLY and W. H. Strohm went to Lincoln on Monday to attend grand lodge of Masons.

Mrs. J. C. HIGBY of Omaha, (mother of Anson Higby, is visiting in this city, accompanied by Anson's little child.

Mrs. A. B. FOX, is in Cowles, for the purpose of settling up the A. B. Fox estate. She has many warm friends in Cowles.

The wind and rain on Sunday blew down some rye fields, but what little damage it did to the rye it made up to the other cereals.

R. V. SHERRY, cashier of Red Cloud National has been indisposed, for the last few days, but we are glad to see him on the streets again.

The Woman's Relief Corps will meet at the G. A. R. hall, Monday, June 30, at 2:30.

Mrs. E. M. FERMAN, Secretary.

EVERYWHERE in the county magnificent fields of corn, rye, oats, wheat, etc., can be seen. Between this city and Inavale corn in many places is fifteen to twenty inches high.

The heavy rain Sunday, filled Miner Bros., cellar with water, and had it not been for their timely discovery a great many valuable goods must have been spoiled. However a force was at once secured and the water carried out.

The probabilities are that the Red Cloud & Kansas Southwestern will be built. The B. & M. folks have agreed, we understand, to survey the route, and to build the road provided that the necessary aid along the road should be secured.

Inavale and its Surroundings.

During the first of the week THE CITY took occasion to visit the beautiful little village of Inavale, lying seven miles west of Red Cloud, on the B. & M. railway. The place has been very properly named for it lies in a most picturesque spot surrounded by a wide and varied scope of magnificent farming country, most of which is owned by prosperous farmers who are using their best endeavors to improve it. Their efforts have not been in vain for we noticed on every hand the evidences of unusual prosperity, such as can only be seen on the farms of the thrifty tillers of the soil.

The village has recently been laid out and planned by our friend W. J. Vance. Ever long we expect to see more than a small trading point there. While there we had the pleasure of calling on our friend G. W. Knight and family. Mr. K. is postmaster and has held his position for some twelve years. The good brother is very comfortably situated having 120 acres of land which is under fine state of cultivation, a nice residence, about 40 head of cattle and in fact everything that the eye could wish. We also met Mr. R. E. Finney, another gentleman who is well fixed and has a fine home. Mr. Ambler, the village blacksmith has recently built a new dwelling and will soon leave the farm and settle down to city life. E. W. King, another citizen is running G. W. Knight's farm this season. Mr. Gray, the new store keepers are doing a flourishing business and wish to thank our success. The boys deserve to be well patronized and are building up a good and substantial trade. Mr. Jones, a gentleman recently from the east has located on a farm near the town. But of all the enterprises of the village the most important one, is the CHEESE FACTORY.

While there we called on Bro. Chamberlin, whom we found up to his elbows in business connected with his factory. While being shown through the institution we noted that the factory was equipped with the most costly machinery for cheese making, and learned that he was receiving over 13,000 pounds of milk per day from the 15 or 20 towns that were bringing in from all parts of the county. For this large quantity of milk he will pay his patrons some \$15,000 during the year. He is a go-ahead business man and is making the business to the front, and is making about 1,000 pounds of cheese per day, or 7,000 pounds per week. The capital now invested in the factory by Mr. Chamberlin is \$10,000, so at a glance it will be seen that the making of cheese in Webster county is no small affair, but on the contrary is done upon a much larger scale than customary in running cheese factories usually. The amount paid out for milk in June will not be much less than \$3,000. The capacity for using milk is about \$15,000 pounds per day. During the year Mr. Chamberlin will make \$25,000, worth of cheese. It will therefore be observed that the cheese factory is a big enterprise, not only for Inavale but for the entire county. In connection with the factory Mr. C. runs a small grocery store for the accommodation of his customers. In fact we were very much surprised to find such a paying institution at this point, and we wish him the prosperity which he fully deserves.

We also had the pleasure of meeting I. O. Walker, U. G. Knight, and several other young men whom we are indebted to for favors.

We noticed an unusual smile playing around the physiognomy of Bro. Chamberlin, and on inquiry learned that it was a girl. The mystery was then fully explained.

Taking all in all Inavale has every reason to be proud of its resources and advantages. The new railway depot is now up, and this will be a great convenience to those who wish to ship their stock from that point. Let the town boom.

The Fourth.

Don't forget to come to Red Cloud on the fourth. Extensive arrangements have been made for a grand time. Judge Appelget of Tecumseh will orate; Prof. L. L. Feidham will fire the hearts of the average American citizen with patriotism by reading the Declaration of Independence; Rev. J. K. Harris will invoke divine blessing, etc. Fireworks, races, music by the cornet bands of Red Cloud and Blue Hill, and hosts of other amusements will be had for the benefit of all who come. See bills for further information. Every-body come and have some fun. A grand time is anticipated. Hurrah, and let the American eagle scream.

OUR B. R. C. AT SUPERIOR.—Our nine was defeated at Superior last Thursday, the first time in two seasons. The boys feel as though the game was not a fair test. Anson Higby got his thumb split by the seventh ball that passed the home plate. Cromwell having staid at home that day, this left the nine without a catcher. At this point the boys offered to stop and give the game to Superior, but on account of the crowd, they were asked to continue which they did, placing Jno. H. Sturry behind the bat. Not being in practice, and not being used to the pitcher, for the first two or three innings he worked under disadvantage but after that did some remarkable fine catching showing him to be—with practice—a good one. Below we append the score:

Red Cloud.....13
Superior.....9

The boys speak in the highest terms of their treatment by the Superior boys and people in general. On July 4, a return game will be played in this city by the two clubs. Also, there will be a match game between the second nines of the two clubs.

SCOTT.

We had a fine rain Saturday, and another from the east Sunday evening. Oats are coming out in head; crops have never looked better since your correspondent has lived here.

Our S. S. superintendent talks of having a picnic for his schools. Therefore our school has appointed their committee.

Mr. Cayan and wife, and their two daughters were received in full connection into the M. E. Church, and the younger daughter was baptized on June 22.

Several strange gentlemen visited our service last Sunday. We are sure they were benefited by the sermons preached by our minister (Rev. G. W. Hummel) who has held regular appointments at this place for several years. The text was "What is that to thee, see thou follow me."

ELM CREEK.

The hot weather is making the corn hump itself. The crops look fine. We are sure of a beautiful crop of small grain, corn, and potatoes. Fruit trees are loaded with fruit. Small fruit in abundance. Apples that will grumble about the prospect for crops of all kinds would grow if he was to be hung by the neck.

A farmer on Elm Creek is about to get in trouble about setting fire on a farm that does not belong to him.

It is time people would wake up and stop stalling so many farms.

We learn that Elm Sanford is going to have a grand picnic at the close of her school.

The question has been asked if land would increase as much in value in the next two years as it did in the last two. We answer yes, and more. Webster county is sure to be rich. There is no better water to be found in the state than here.

A Presbyterian minister preached at the school house last Sunday. He gave both saint and sinner there the word right and left. EARL'S DREAMS.

WEST INAVALE.

Mrs. Norman Worley's father and mother, of Tipton, Iowa, have been visiting them for the past week. They are well pleased with Nebraska, and we understand they have bought N. A. Ayers farm and will move out this fall.

It is getting fashionable for hired hands to get up and skip out on very short notice and leave their employers in the midst of their corn planting. L. C. Olmstead and A. Newton's hired hands left last week. It is getting a little dangerous to hire strangers if you want a hand for the season.

Mrs. E. H. Jones is having a very severe attack of neuralgia.

Mr. C. D. Davis has been sick for a few days, but is around again.

Our bachelor farmer, J. McIntosh, is having a hard fight with the sunflower on Richardson's farm, but we are sure the corn will come out ahead, as it always does.

The rye crop is looking fine and will soon be ready to harvest. No rest for the farmer until about holidays.

We understand that F. P. Smith has secured the school at West Inavale for the next term we think the district is in good luck to get him back, he was well liked as a teacher. ARST HOPP.

BERNE.

Warm and dry. Constable Blaine is having an addition built to his house.

Messrs Orr and Crosier are doing the carpenter work.

John Blaine has had his windmill moved from his old to his new house. He will not pump water by hand any more.

Small grain is needing rain. Corn is growing fast and so are the weeds.

New potatoes are coming in.

H. McIntyse has a piece of timothy which is growing fine. This shows that tame grass can be grown in this county.

A. White has a nice piece of clover. A. H. Spracher has moved his windmill to the well near his new house.

John R. Crosier set out 1800 trees in half a day for J. R. Allen this spring. Dan Mearris has fenced a pasture.

E. W. Shirley and John Coon have an orange hedge set out on the line between their farms. T. H.

WELLS.

Dry and hot. We have not had any rain since June 14. Small grain is going black every day. S. S. Wells has 15 acres of rye that will average nine feet. How is that for high?

Cora is growing slowly.

John Carroll of this place expects to start to Hot Springs, Arkansas, in a short time to prospect the gold mines for a claim in Riverston.

W. E. Thomas was in town yesterday surveying town lots.

Charles Spawyer, our head carpenter, who has been working at his trade in the country, has accomplished all of his jobs and is now in town resting up. Charles is a good boy but he can't sing.

Don't forget to come to Wells on the 4th of July. We have the finest grove in the state, and we have cleaned it of all nuisance except wood-ticks. Ladies be careful.

S. Alexander, our mail carrier from here to Red Cloud, drove a wild pony last Thursday, and coming home the pony died near the cattle ranch of Ed. G. Griffiths, from having been fed too much grain. Spencer came in on foot that night with the mail on his back. He said when fortune smiles we will ride in chaises, but when she frowns we walk, etc.

Our base ball players would like to play the Red Cloud boys on the fourth, but they have not forgotten two years ago. HUGH.

Proceedings of the Board of Equalization.

RED CLOUD, NEB., June 19, 1884. Board met pursuant to adjournment.

J. E. SMITH, J. L. Miller, board of equalization, J. P. Bayha clerk.

Orders of real and personal property will be published next week.

Order of the board that the following additions and deductions be made in the several precincts in Webster county, Nebraska, of a per cent sufficient to equalize the real and personal property throughout the county as follows:

Table with 2 columns: Precinct Name and Per cent.

VILLAGE LOTS.

Red Cloud, add.....22 per cent
Blue Hill, deduct.....50 per cent

PERSONAL PROPERTY.

Table with 2 columns: Precinct Name and Per cent.

The following levies for taxes for the several funds for Webster county, Neb., for the year 1884, were now made by the board of county commissioners:

County general fund, 65 mills on the dollar.
County road fund, 1.30 mill on the dollar.
County bridge fund, 3/4 mill on the dollar.
County sinking fund, 1 mill on the dollar.
County B. & M. bond fund, 2 mills on the dollar.
County fund for bond funds, 2 mills on the dollar.
County fund for school funds, 3 mills on the dollar.
