NEW ORLEANS, La. Peb 2 1885. One of the most noted personage visiting the south and the exposition yet was Vice-president actect Hendricks. This eminent statesman was accorded all the honors due one of such distinction without overdoing the matter.

With the machinery now running smoothly, though with little oil, it is beef. hoped Congress will come to the resent in a substantial (which means tinaneral) and if the exposition which as a fair is a success, fatts it will only be for lack of funds to keep it up. The running ex penses must be over \$5,000 a day. very important committee was sent to Washington to present the case before

The lake plat within the grounds has been completed and filled with water, and the boat house adjoining to represent a life saving station contains the usual material for such services. A beautiful green (in vegetation) is attracts the eve while the little boats sail around, making quite a nautical craft.

Though the articles exhibited by the states and territories have been in good shape for some time continued addition have been from day to day, keeping up a kind of competition! that has been conductive of much benefit to the public and the commissioners.

Music with its charms now entertains the public at music hall by the notes from the great organ. On fetes day the Mexican band occupies the orchestra. Then the chimes, and the wild notes of would be performers on the planees keep the hall resounding with notes THE UNDERSIGNED HAS BETWEEN THIE semi-notes and bad notes musically. The only relief to those tortured is to draw near the machinery whose of inferior music.
