road is not built yet." It seemed absurd for anybo iv to talk about a rairoad company baying a shim to their lands, when they had recented them from the detert, and were almost ready to prove up on them upon the authors of their woe. under the Homstend and Pre emption

Yet there were these who were less musily disarment of fear.

They knew that in Iowa a railroad from Mrs. Parsons saving that they had in any had d spos e sed settlers who at last found a probable purchaser for had actually proved up and received their place. deads to their homes from the Governtime'st.

.

There were those among them, too, who had suffered from the overflow of hybraul chaines, others from the Suscol Banch, and yet others who had suffered from en roachment of corporations in other States and other portions of this State, and these were prepared to be. Own here that nothing was too preposterous. The only thing that would delay had contracted for the place, said: for the railroad company to claim, if its

officers thought there was the remotest | ny's health. chance of enforcing it, either by tair. The boy had not been as well as means or foul. When Erastus Beniningway heard been quite sick recently, but was get-

the rumor his heart sunk, for he had the better now, and she thought would cen too much of the nearth-seness and be able to be moved, and if they sold greed of corporations not to fear the certain the truth.

He wrote to the headquarters of the Erastus and Lucy had done. company, repeating what he had heard. The reception of this news had and asking if there was any truth in the caused much pleasure to the young statement that the company professed couple, who were both desirons of havto have any claim to the land in the vi- ing their parents near them. cinity of the Slough.

In reply he received a letter and also a circular.

C The letter was signed by the President of the railroad company, and was fair price, and that they come at once. to the effect that the company hoped to be allowed the original grant of lands made by Congress in aid of the road, but the boundaries of the grant had not been determined, and probably would their parents not to sell, at least for the not be for some time.

Meanwhile, the letter went on to say, the settlers could be assured that in no case should they be the losers, as, if it might be better not to do so. should eventually be determined that the land which they occupied was poor young wife had often to pause and within the limits of the grant to the wipe away the tears that bladed her road, the company pledged itself to eyes as she wrote of their troubles tran-fer it to the occupants on payment of the Government price, and at- bring to the hearts of the old people tention was called to the accompanying upon the mountain side. circular, copies of which, the letter She was expecting to become a mothgaid, were being issued and distributed er soon, and all the sweet joy with

They could all live comfortably in the The settlers had small means of mak coltage together, and he and Marty plications, as washing and cooking, himself put in an appearance. The dot of ribbon ing the outrage upon their rights should have those dearest always with known, and their cause was, indeed, them the little while they should condesperate, and it is small wonder, when tinue to live, and by them to close their in every dwelling at the Slough were eyes when they died, and no one would women whose eyes were red with weepd sturb them on the mountain side, ing, that there should be men whose which was to seeluded and lonely that lips uttered curses, and whose muscles hardly anybody appeared to want to twitched with eagemess to lay hand

live there. Yes, it' was very fortunate. Only a few days before the notices to that the bargain had not b en closed, pay or vacate reached the settlers, and he would pay the man for his Erastus and Lucy had received a letter trouble and ask to be released. Entering the court-house he went di-

rectly to the Recorder's office. The gentleman whom he expected to meet was already tilere, and in compawrote, and if they sold they should pack by with the Recorder was looking over of paris green is at any time and to be- since." They would know in a lew days, she

up and start for the Nough at once, as the records. Without so much as bidding them they did not wish, even it the purchaser good morning, John Parsons began to of the property would permit, to resay that he had changed his mind and main on the mountain through the winwished to be released from his vertial ter. It would seem more lonely than contract, but before he could make his ever when the place was no longer their menning understood the gentleman who
