CITY NEWS.

Miss SAMUE DICKERSON has returned from her trip in Kansas.

There was a very pleasant social party of ladies at Mrs. Mizer's residence last Thursday afternoon.

A. L. FUSK started for Milford, Tuesday in response to a telegram announcing the serious illness of his brother.

Mr. McFARLAND of Clyde, Kansas, a prominent attorney of that burg was in our city on legal business this week.

J. A. LOEWEN has our thanks for a fine lot of delicious red raspberries raised from his vines just north of the city.

WANTED TO KNOW what has become of Wassam? Does any one know? We hope the C. N. & S. W. Ry. will soon materialize.

G. R. CHANEY is receiving a good many favorable notices from the press in this congressional district, on his candidacy for congress.

Mr. MOON the man who purchased the uptown lots, will be here on the 15th of July, and then the dirt will begin to fly on our new brick block.

Gus. ROYAL has 25 acres of timothy averaging 40 inches in height, many of the stalks measuring over 3 feet in length. How's that for June grass.

We are indebted to J. H. FISHER for a fine lot of honey from his Apiary, the first that he had taken out this season. It was almost the equal of California honey.

In a few more years Red Cloud will be entitled to be called the "Forest City," if the citizens continue to set out trees. The city will be well shaded a few years hence.

THERE will be Christian services in the Court House next Sunday morning and evening also Sabbath school in the morning at 9:30. Rev. C. M. Barnes will preach.

The new advertising card in the Post office, gotten up and designed by Minor & Co. has been admired by all who have seen it. It is a handsome piece of work.

F. C. WINTON is fitting up his new store very nicely. He has added twelve feet to his store and has his stock of hardware in and in position. This will make four hardware stores in Red Cloud.

What is the matter with the candidates? We have not ever heard a peep from any one yet that wants to be that representative or senator. Don't all speak at once as only one man can get each office.

ONE of our prominent business men had his store front painted this week. If the improvement be not discernible to the optics it certainly is to the factories. There's naught twixt heaven and earth that can compare with it.

WILL VISCHEK, the poet laureate of Crow Creek, has been promoted to a colonelcy by his admirers. He will wear the title on his immaculate front as he charges down the lecture field next month.

The distinguished colonel is a brother of our fellow townsman Visccher, the painter.

The 4th of July comes on Sunday, and inasmuch as this is the case the people of Red Cloud might celebrate the day fittingly by going to church in the majority of the cases this would be quite a change in the manner of recreation. THE CHURCH and staff will celebrate.

CLEAVER, the fellow who was arrested by Sheriff Scott, on a telegram from Lincoln, Illinois, was released by order of the sheriff of Logan county. The fellow was wanted for mortgaging property that belonged, as was stated in a letter from Lincoln, Illinois, to his mother, but the matter was finally settled, and orders sent to release him which was promptly done.

GENERALITIES.

Business is picking up in Red Cloud.

It is claimed that the 20th at Red Cloud is the best.

R. L. TOSKANA is building W. D. Fortney a new house.

One of John Perrow's children is not expected to live.

Max FINE'S SISTER has gone to Akron to take a pneumonia.

Don't forget to call for A. H. C. soon best in the west. Opera Block.

T. MASON and wife of Chicago are in town visiting C. W. WEAVER and wife.

Mrs. LARSEN and her husband have returned from a trip to the great west.

Law CLAPP thinks Akron artesian water equal to any other both in quality and quantity.

Go to opera block and get more groceries and quansware for one dollar than any place in town.

WALTER TOSKANA, the handsome young agricultural dealer of Blue Hill was in the metropolis Sunday.

A. L. FUSK sold eight Taine Binder Harvesters on Monday. Pretty good showing for a single day's sale.

Wm. HENNINGSON is going to Toronto Canada to attend the grand convocation of the Knights of Pythias, which meets there here 12.

W. WAY of Revenue, S. delayed in Red Cloud with his family. Mr. W. is quite enthusiastic over the prospects of his adopted town.

A pet dog was presented to the city council this week to refund the dog tax on a dog of the ordinance. The money ought to be refunded or the dog sent to dog heaven one or the other.

There will be about \$600 in cash premiums for speed, distributed at the coming Webster county agricultural fair, to be held at Red Cloud in October. Owners of fast horses will bear this in mind.

REUBEN MASON is the very happy father of a bounding baby. Reuben says it is "domestic happiness" and that he has entered the new name in his daily journal with a monthly stipend for his support.

GEO. DAVIS the general lightning translator is again doing the wire tricking act at telegraph headquarters in the city after leaving the cowboy country during a two week ramble in the old hill district.

We neglected last week to mention the fact that George GUILD, the handsome and partly manipulator of the night saw, and chaver in Lindsey's meat market, had become the happy father of another heir. George is very happy.

The people of Republican City are preparing for a big time on Independence day. The eagle will screech with its usual vehemence. A large number of our people will go up to Republican. G. R. CHANEY is the orator.

PAUL PHIBBS, an old apprentice of the Police office who went to Red Cloud, N. D. with A. C. HESMER, came home this week to visit his father and mother. Paul has been gone from Clinton for nearly three years, and he comes back home improved in appearance and skill as a workman.

WILLIAM COOZE, A. A. PHIBBS, and other men from Boston in connection with a strong local company from Wichita, has projected a railway from Wichita to Red Cloud, Neb., under the name of the Kansas Midland railway. The line connects at Wichita with the Atchison, Topeka & Santa Fe, St. Louis & San Francisco, Wichita & Western and the Wichita & Colorado railways at Red Cloud, Neb., with the Burlington & Missouri River Railroad in Nebraska.

Over day last week a fellow by the name of FROST assaulted Mr. F. A. HANCOCK of Southold precinct and was taken up seriously. The trial took place before Judge McKEIGHAN on Monday and resulted in a fine of \$40 and \$17 costs being assessed against him by His Honor, Judge McKEIGHAN. He certainly is ashamed for any one to point a man as old and feeble as Mr. HANCOCK, or any pretext whatever, and the guilty party should certainly be ashamed of his record, whether justly provoked or otherwise.

JOHN PARDON of Walnut creek township had a team of horses, and two shot guns stolen last Saturday night, June 27th, by two boys as he supposed but it now seems that horses were ridden eight or ten miles away into Kansas, either from fear of being pursued, or from the fact that they only cared to get transportation out of the county. Mr. Pardon was badly worked up over his loss, but we suppose he is very happy over the recovery of his horses. Some effort should be made to get a stop to so much horse thieving as has been going on for the past few months in the ille-

SURETY SORT has about six or eight prisoners on his hands to watch. A person is to be blind, indeed that could not see the use of a good county jail.

The Webster County Agricultural Association has changed the published dates of exhibition to October 12, 13, 14, 15. Mark it down and don't forget it.

Mrs. J. J. WORTHINGTON of Inxale has offered a special premium of a \$50 oil painting to the party exhibiting the finest collection of oil paintings executed by any one person.

L. H. REE picked three thousand and forty two boxes of strawberries from one acre. That will do very well. When you want good plants to grow lots of berries let me hear from you.

The council of residents of north Webster street ought to extend the walk from the school house to the northern terminus of the street. It would be one of the most decided improvements in the city.

Our friend LOPENAN of the Red Cloud nursery has raised fifteen or twenty barrels of strawberries on his bushes this season. Pretty good when you take into consideration that the bushes have only been set out a little over a year.

IRVING FRANK STEVENS the boy, aged 16 and 18 years, who are charged with stealing John Pardon's team were arrested at Smith Center, Kansas, Tuesday, and brought to Red Cloud where they were held over to the tender mercies of Judge Gasim. Horse thieves are cheats for the judge. The boys are certainly very young to start out on such expeditions.

It was certainly fortunate for the boys that they let the horses go, for if they had been caught with the horses in their possession, it would have went hard with them.

Card of Thanks.

We desire to thank the people of Red Cloud for the kindness shown and assistance rendered, during the late illness and death of our beloved son and brother, WILL P. OCKERMAN. May it return to you each and all, in manifold ways of blessing, even as a bread upon the waters.
