**CITY NEWS.**  
BLIND BOONS will be here October 5. JOHN C. ALLEN was in the city this week.

SLEEPER's blacksmiths are on a strike. Brick for sale at the Chicago Lumber Yard.

J. W. SHERWOOD and son Homer are in the city. This office wants a load of hay on subscription.

We hear of more new bricks for the spring opening. Mrs. C. L. COTTING is visiting in Shellrock, Iowa.

A lot of new Jerseys just arrived at Mrs. Newhouse's. The reunion is over and the boys have returned home.

The Georgia minstrels entertained our people Monday night. A cigar manufactory will probably be located in the city soon.

The sunflowers ought to be cut down before they go to seed. 25 yards muslin, or 25 yards calico for \$1 at E. L. Willis & Co's.

Call at the First National Bank for 8 per cent interest farm loans. 31f Mr. BRUBAKER has rented one of the old Moon building for a carpenter shop.

The crossing at the various street crossings should be filled in, now that dirt is plentiful.

PERRY & EVANS go to Wells this week where they expect to move that town to Bladen.

THERE will be a festival at Pleasant Hill school on Saturday the 18th for the benefit of the minister. JAKE MILLER's old store room has been moved on the lots south of M. W. Dickerson's commission house.

The ladies' aid society will hold a fair at the fair grounds during the Webster county agricultural exhibition. VASHTI GARDNER and Blanche Feight are putting in their time practicing equestrianship. They are becoming experts.

We hope our correspondents will furnish us the news. We want a good live correspondent in every township in the county.

OUR merchants are getting in their fall goods, and lots of them. The prospects are good for a tremendous sale of goods this fall.

The building boom is still going on. Just think of eleven new brick store rooms going up now, and others contemplated as soon as spring opens.

THERE is a splendid prospect for the success of the county fair. Everybody is talking about it, and we believe it will be the best exhibition ever held in the county.

The base ball club of Red Cloud is in bad luck having been downed by the Guide Rock club, the score, we understand, stood about 150 to 200, or thereabouts.

The old three story print shop has been leased by these steam headquarters to two nice looking celestials who propose to make a "washie" house out of it. "Rats."

REV. GEO. S. DAVIS will soon go to conference. We hope he will be returned as he has been the medium of much good in this community during his year's residence here.

JOHN MOORE, cashier of the First National Bank, is the happiest man we presume in Red Cloud, because he is father of a handsome little girl of the usual weight. He will now sing rocky-a-by baby, etc.

THERE should be a railway committee appointed who would have the necessary enterprise to investigate the Rock Island's movements. We want that road and must have it. Later the committee have been appointed.

AFTER October first THE CHIEF will change its paper to a 9 column folio, all home print. In order to make it an inducement for subscribers to pay arrears we will furnish the paper for one year for \$1. Come in now. Terms cash in advance. This chance will hold good until January 1, 1887.

BISHOP WORTHINGTON, of this diocese, a fine pulpiter orator by the way, will preach at Grace (Episcopal) Church, Tuesday evening, September 14. Bishop Worthington will visit Red Cloud for the purpose of associating Grace Church, and will spend a day or two in our midst. The public is cordially invited to hear him.

The old Morhart & Fulton building is being fitted by a Mr. Waugh, of Kansas City, and will be used for a general merchandise store. We understand that the gentleman will have a very large stock of goods. He will occupy the present store until the Moon buildings are up when he will take one of them. Glad to see the evidence that people are coming towards Red Cloud, believing as they do and we do that Red Cloud will be a big town soon.

**PICK-UPS.**

SCHOOL has opened. BERTIE EIGHT is visiting in Wyoming.

A. M. WALTERS, of Blue Hill, was in the city Saturday. A BROTHER of Mr. J. F. Winters was in the city last week.

MR. BAKER, of Amboy has our thanks for watermelons. The democratic central committee met in this city last Monday.

J. M. CRAFT, of Guide Rock is a candidate for county attorney. EIDER HOOPS has closed his meeting in this city and will go to Lincoln.

Mrs. GEO. A. YOUNG has returned home accompanied by her sister Etta. The Amboy Mills are now ready to buy new wheat. Farmers take notice. The public schools are now opened. The young hopefuls are therefore joyous.

JOE WARNER sold \$658 worth of his own herd the other day and has plenty left. Miss EVA J. KING has returned to the city after a sojourn in the country of a couple of months.

GUS LAUTERBACH has paid during the summer months to A. N. Patmor, \$100 per month for cream. R. C. BARROWS will preach at court house hall Sunday, Sept. 12, morning and evening. Everybody invited.

ALL members of the Y. W. C. T. U. are requested to meet at the school house Friday, September 17, at 3:45 p. m.

MR. TANKHILL, of Columbus, has been giving our people a chance to see war scenes as enacted during our late war.

DR. STEELE, of Crete, an old friend of Joseph Graves, was in the city Saturday. He represents the Bankers' Association of St. Paul, Minn.

MARRIED, at Red Cloud, September 8, by Rev. Geo. O. Yeiser, Mr. Fred Hill and Miss Sarah McCumber, all of Webster county, Nebraska.

MR. J. G. WAUGH and Mr. Coleman will start a first-class store in Morhart & Fulton's old stand. THE CHIEF welcomes the gentlemen to Red Cloud.

MR. WILHELMSON's little child was given too much laudanum the other day, and for a time it was thought doubtful whether the child could live or not.

MISS SADIE DICKERSON tripped down on a Seward street walk the other day and hurt herself quite seriously, but fortunately not so seriously but what she is around again.

THE Red Willow Cattle Co. sold sixty head of cattle in this city Saturday. Think they would have done better had they hired a good good auctioneer at Red Cloud.

In all probability Dr. Schenck will receive the nomination for county representative at the coming county convention. The doctor would make a good representative.

THE Red Cloud and Amboy mills are now furnishing our farmers with a splendid market for their wheat. These two mills grind more wheat than any mills west of Omaha.

FRANK R. GUMP is a candidate for county attorney. Mr. Gump has been a resident of Red Cloud for a number of years and there is no doubt but what he could fill the office with credit to himself and constituency.

THE editor of the Omaha Herald had better attend to his own business and take care of its own base ball club, which has not won a game in a year, rather than pay so much attention to the Red Cloud base ball club.

FOR the absence of the Pastor of the Methodist Church of this city last sabbath evening Rev. Geo. O. Yeiser, filled the pulpit to the satisfaction and profit of that congregation Mr. Davis was assisting Rev. G. W. Hummel in his camp meeting.

A PIECE of frail humanity in the shape of a female who was staying in the city for a few days was notified to leave town. She didn't go, and as a consequence the city marshal put her in the city jail, and on Monday she was fired out of the city.

IT does not seem possible that such rowdyism as was marifested at the opera house Monday night could be brought out. The horribles whistling, stamping, etc. prior to the commencement of the show, was simply very much out of place in a respectable audience. Such conduct should not be tolerated.

THE total enrollment, we are informed by Prof. Ficking, for this term of school so far is 620, or 115 more than the number enrolled last term. Who says Red Cloud is not growing rapidly.

ON the same basis that Hastings claims 9000 population, i. e. one voter to every three citizens, Red Cloud would have a population of nearly 4000.

REV. G. S. DAVIS of this city who has been preaching each alternate Sabbath for some weeks at a school south east of Catherton and whose expense have been paid by the congregation promptly was recently presented with a purse of nearly \$30. He finds among his supporters such substantial families as those of Messrs Fuller, Cramer, Reed Rust, Cowley, McCallum and others of that vicinity.

ON Monday night a lady passing by Mizers store during the rain storm fell into the cellar excavated for the new buildings. Luckily she was not injured any more than getting her apparel bespattered with mud. The next morning His Honor, Mayor Tinker, issued an order that a railing be erected to prevent the weary pedestrians from sliding down hill in the summer, "gentle Annie."

RAILROAD news is scarce this week, and it is very difficult to procure any definite facts in regard to the course of the Rock Island road. A Red Cloud gentleman in conversation said that the road was expected to make a "Y" at Nelson, one line going southwest and the other going northwest, but only one to be built at present. We hear that they are about to submit a proposition to Red Cloud and Webster county, and if such is the case the road will not come here for some time, if at all. We hope this will not prove so.—Miner Gazette.

THURSDAY, Sept. 14, Bishop Worthington will visit this city to consecrate Grace Episcopal Church. Service, sermon and communion at 10:30 a. m. All are invited.

SAM WEST may be a very fine Judge, but he has a felon on his hands now that he can not send up, although we have heard him intimate that he would like to see it in—blue blazes just for same.

MARRIED, on September 1, at the bride's home in Warren county, Illinois, Mr. Frank O. Slater, of Webster county, Nebraska, and Miss Nerva E. Cling. The bride and groom left for their future home in Nebraska on the 7th.

THE Red Cloud people don't want our trade, or why should they shut up all the good roads from here to their town. We can't pull loads of grain through draws and over hills. We will soon have elevators and stores at Bladen and then the grass can grow on the ridge road to Red Cloud.—Bladen Correspondent Blue Hill Times.

That is where you are off again, Red Cloud wants the trade of all, and will have it if selling goods cheaper than any city west of Lincoln will do it. As far as fencing up the roads are concerned the attempt has been made by eastern parties who own the land, but our people propose to fight the matter.

REPORT of school, district 14, for the month ending September 3. Whole number enrolled, 33; those who have not whispered during the month, Ida Lea, Sarah Metcalf, Mary McIntosh and August Moede; those not tardy, Sarah Metcalf, Eddie Metcalf, and Frank McIntosh.
