The bonds for the Nebraska Southern were unanimously voted in the city on last Saturday. Not a dissenting vote was cast in the city. Red Cloud township was almost unanimous while Pleasant Hill went against its own interests and voted against bonds by a vote of 21 to 70. We are now assured of another railway, and that dirt will be thrown in ten days, and trains running inside of 120 days. Hurrah for Red Cloud.

The funeral of Thos. J. Mosher took place Sunday afternoon at 2:30 at his late residence. Rev. F. M. Williams conducting the ceremonies at the house, after which the Odd Fellows took charge of and buried the brother with the beautiful ceremonies of the order. It was one of the largest funeral processions ever seen in the city, there being about seventy vehicles in line besides the Odd Fellows who led the procession.

It is our opinion that the railway committee or some one should go and see about our railway prospects. If we are going to have railways, now is the time to get them. Red Cloud is going to boom this spring and it is time that our people become aware of the fact that to get these roads we must work incessantly, and with an enthusiastic spirit.

Set all the bell a ringing,
