

Legislative Candidates

The Republicans of Webster county should be careful in selecting their candidates for legislative honors this fall. Select candidates whose official record will stand the closest scrutiny and then no mistake will likely be made.

The action of the last Legislature placing this law upon the statute book was far in advance of other and more populous of the western states. In Iowa the rate problem has been under discussion for twenty years and the legislature refused to clothe the commissioners with power to fix rates.

But the part Mr. Kenney took in securing the passage of this law does not complete his record in the railroad transportation question. In the republican state convention last fall there was a sharp contest between the people and the railroads over the nomination of a candidate for supreme judge.

Have You Any Idea What It Costs TO MAKE A CHICAGO DAILY NEWS?

You haven't? Well, let us give you just a glimpse into the business, perhaps it will interest you.

To begin with, the work of the paper is divided into Seventeen Different Departments, each under its own responsible Superintendent. Let us take them in order as they stand on the weekly pay-roll:

- 1. The Editorial Department.—This includes managing editors, city editors, telegraph editors, exchange editors, editorial writers, special writers, and about thirty reporters. THE DAILY NEWS staff is admittedly without a superior in the West, and numbers 56
2. The Telegraph Room.—To save time special wires are run into THE DAILY NEWS building, and the paper's own operators take the messages and hand them immediately to the telegraph editor. The number of operators is 3
3. The Compositor's Room.—When "copy" has passed the hands of the proper revising editor it goes to the type-setter. There are a good many of him in THE DAILY NEWS office—on an average 73
4. The Linotype Room.—But the compositor doesn't do all the type-setting. The "Linotype" machine "sets type" by casting a line-of-type, on somewhat the same principle as the type-founder casts a single type. Fourteen of these machines are in use in THE DAILY NEWS office, and the number of persons required in this department is 29
5. The Artists' and Engravers' Department.—But the metropolitan daily now gives its readers not only reading matter, but also illustrations. By the aid of good artists, zinc etchers and photography by electric light THE DAILY NEWS is now printing the best newspaper illustrations in America. This takes the best service of skilled workers to the number of 7
6. The Stereotype Foundry.—The matter-type and pictures—being now "locked up" in the "forms" the work is next transferred to the foundry. A metropolitan daily no longer prints from its type. In order to print a large edition quickly it is necessary to multiply the printing surfaces, and this is accomplished by casting duplicate stereotyped plates, from which after they have been fastened to the presses, the printing is done. Of stereotypers THE DAILY NEWS requires 8
7. The Press Room.—THE DAILY NEWS uses six double perfecting presses, capable of printing 100,000 complete papers per hour. To run these there are required men to the number of 26
8. The Mailing and Delivery Department.—"The mailers" and the delivery clerks handle over a million papers a week. The force numbers 25
9. The Engine Room.—To supply the motive power requires three steam boilers of 175 horse-power capacity, and three engines with an aggregate of 250 horse-power. All departments are lighted by the Edison incandescent system, which here comprises three dynamo machines and 500 lamps. The employees of this department number 5
10. The Circulation Department.—The paper is now a manufactured article, and it is the business of this department to develop the market for it. The average number of workers is 16
11. The Subscription Room.—All the subscriptions from out-of-town, whether of individual readers or wholesale news agents, pass through this department, and this department employs on the average 17
12. The Business Office.—The general clerical work of the paper, such as receiving and caring for the advertisements—of which over fifteen hundred are received and handled every day—receiving and paying out cash, the general bookkeeping of the business, requires a counting-room force of 27
13. The Care of Building requires the constant service of three janitors 3
14. The Watchman.—To insure perfect protection against risk of fire two watchmen are constantly on duty. 2
15. The New York Office.—This engages the entire time of a general manager and assistant 2
16. The Washington Bureau.—In charge of its own special Washington staff correspondent 1
17. The Milwaukee Bureau.—To facilitate Northwestern news gathering, one man 1
From which it appears that the number of regular employees is 302
And the pay roll runs from \$5,500 to \$6,000 per week, aggregating during the year \$300,000.
Then there is even a larger annual expenditure for white paper, and telegraph and cable tolls sometimes run nearly a thousand dollars a week. Take it all together the expenditures of THE DAILY NEWS for the year 1888 will vary very little from \$900,000.

The foregoing takes no account of the special correspondents at hundreds of places throughout the country; of European correspondents; of fifteen hundred news agents throughout the Northwest who distribute THE DAILY NEWS to its out of town readers; of two hundred city carriers; of forty-two wholesale city dealers with their horses and wagons; of one hundred and fifty branch advertisement offices throughout the city, all connected with the main office by telephone, nor of the about three thousand newsboys who make a living, in whole or in part, selling THE DAILY NEWS in Chicago. This is what it costs the publisher to make a CHICAGO DAILY NEWS. It costs the reader to buy it one cent a day. Measured by the cost of its production, THE DAILY NEWS is worth its price, isn't it? THE Chicago Daily News is sold by all newsdealers, or will be mailed, postage paid, for \$3.00 per year, or 25 cents per month. Address VICTOR F. LAWSON, Publisher THE DAILY NEWS, Chicago.
