The Merchant Tailoring
 Department is now running in full force, using
 only experienced men tailors, and giving
 you the piece goods and not samples
 to select from.
 A great advantage to buyers at our house of ready made
 clothing is we have the tailors in the building
 and can make any necessary alterations
 at once. If a large stock, and

BEHIND THE BARS.

**Will N. King Finally Run Down and
 Confined for His Misdeeds.**
 Will N. King, the festive adver-
 tising agent and accomplished smooth
 duck, whose fame extends through
 several states and territories, lan-
 guishes in the central station, where
 he was landed yesterday on complaint
 of M. J. Downing, city passenger
 agent of the Burlington road, who
 allowed himself to be gathered into
 the meshes of the slick young fraud.
 August 6th last Mr. Downing cashed
 a check amounting to \$15 drawn on
 the Red Cloud National bank by King
 himself, who represented that he had
 money on deposit there. A few days
 later Mr. Downing was informed of
 the untruthfulness of King's repre-
 sentations, as the check was returned
 with the dismal information that the
 bank knew nothing of the man King
 or ever had any dealings with him.
 Since that time Mr Downing has been
 keeping a sharp lookout for King,
 who yesterday had the nerve to walk
 into Mr. Downing's office and extend
 a hand of greeting. The latter gen-
 tleman, however, was not a bit cordial
 and calling in officer Hagey handed
 King over to him. It is understood
 that Mr. Hul, the manager of the
 Paxton house, has also a score to set-
 tle with the prisoner, whom it is al-
 leged passed a forged check on him
 some months ago.—Omaha Republi-
 can.

School Land Apportionment.
 Messrs. J. L. Frame, A. H. Barcus
 L. D. Thomas, the committee appoint-
 ed by the board of supervisors to ap-
 praise the school and university lands
 have completed their work and make
 the following report.

	Acres	Valuation
School Lands	12,120	\$43,212
University Lands	10,560	\$42,812

The average price per acre of school
 lands is \$3.56. Increase 100 per cent.
 University lands average per acre
 \$4.05. Increase over old appraisalment
 117 per cent.
 The above shows plainly that farm
 lands are materially increasing in
 valuation.

Destructive Fire at Corn.
 Report comes to us that about 3
 o'clock Sunday morning George
 Bates' hardware establishment togeth-
 er with his entire stock of hardware
 was destroyed by fire. Also some
 damage was done to the buildings oc-
 cupied by Dr. Dykes and Parker &
 Isom.

How the fire originated we have
 not, at this writing learned. The loss
 to Mr. Bates will be quite heavy as
 we understand he had no insurance on
 either the building or the stock.—Pi-
 oneer.
