A LONG DUMP.

A Huge Pile of December Wheat Thrown Into the Chicago Market.

Belief That "The Boys" Have Been Getting a Little Too Fast—Failure at St. Louis.

A New York Bear Caught in the Equinox—Committee Succeeds—The British Grain Trade.

CHICAGO, Oct. 9.—There was a huge pile of long wheat dumped into the pit yesterday morning and the present market counted a sale. The market opened at \$1.22 and gradually ran down during the first hour to \$1.19. Hutchinson seemed to anticipate the temper of the market, for he had his orders in the pit long before the market opened. The heavy crowd followed suit, and the result was the depression. No one seemed to know just what the situation in December wheat was. The Fairbanks crowd is said to be 5,000 long, but it is too early to run a corner and instead of having some news being with them they are too apt to have the wheat delivered to them, and just what they will do with it no one seems to know. Hutchinson is said to be short of December and a seller of May, but the following are the additions to the free list:

Wheat, red, hard, winter, 42¢; white, hard, winter, 41¢; red, soft, winter, 40¢; white, soft, winter, 39¢; red, hard, spring, 38¢; white, hard, spring, 37¢; red, soft, spring, 36¢; white, soft, spring, 35¢.

There was a moderate trade in provisions and the principal buyers were Kirkwood, Johnson and Singer. The impression prevailed in the pit that the Fairbanks crowd was secretly trying to unload his lard during the last few days.
