THE POLITICAL POT

Is About Through Boiling.—The Last Shots of the Campaign Fired.

The voters of Webster county should not fail to be on hand at the polls on next Tuesday, the last chance for four years to cast your vote for honest government, home industries, and protection to American laborers. This year above all others vote the republican ticket and thereby insure good times for the coming four years at least. I seem to us that people who desire to have prosperous times could see at once with half an effort that it is absolutely necessary to vote for a change of administration, if the last four years is any criterion to form an opinion on. We think that the people both north and south can readily determine that such is the case if they will make proper and honest investigation of the all absorbing questions, about to be decided on next Tuesday by the American people. The National question is paramount to all others inasmuch as it will decide whether the people want free trade or protection. If free trade is to be chosen then it will be a reiteration of the past four years. Shall it be that way, voters? Or shall we bring about the good old times that we were wont to have under republican rule? In local politics we have this to say, that all the candidates are worthy of election and we hope that the republicans will see to it that the whole ticket is elected. It is absolutely necessary that all legislative candidates be elected next Tuesday in order to insure a republican Senator from this state. Vote straight and don't be led astray.

See to it that the state ticket is voted straight. Don't let side issues lead you off, there is nothing to be gained by voting with them this year. Stick to the ticket.

Sackville West, envoy from England to Washington, has finally let the cat out of the bag, and in a letter to a Californian, says that the English government wants Cleveland elected because he is in favor of free trade, and decidedly English, and now Grover is mad and wants Johnny Bull to call Sackville home for letting out the truth. Oh! consistency Grover.

Hon. James Laird is making a thorough canvass of the district. He will be returned to Congress by large majorities. The people of this district would make a sad mistake if they should by any possible chance fail to return Mr. Laird to Congress. He is the peer of his opponent in every way. We hope to see him receive a much larger majority in Webster county than ever before. He is the people's friend.

Cast your ballot on Tuesday next for Messrs. Col. J. S. Hoover, for state Senator, for Isaac B. Hampton and Leopold Hahn for Representatives. It is the only way to vote for the return of Chas. F. Manderson or some other good republican to the U. S. Senate. A vote for the democratic legislative candidates, or a neglect to vote, is a vote against Chas. F. Manderson, or any republican to the U. S. Senate.

An old gag revived is to claim that certain articles in the clothing line are made for Mr. so and so and for some reason did not call for them and will sell them to YOU at reduced prices. All our suits and our coats are specially made for the man that buys them. We might tell you that the Prince of Wales or Mr. Harrison, the next president to be, ordered a suit of us, but did not fit him, this would be an untruth. We simply tell you we will sell you the suit at such and such a price and you may rest assured it will be at the bottom price. C. WIKNER.
