Dr. P. Janss is no stranger but an old and responsible resident of Nebraska. He has been at Grand Island for the last 12 years, that is the place to get your information in regard to his responsibility as a physician. Consult him in Red Cloud at the Holland House, Saturday, December, 15th.

Hank Ross hired a livery team on Thanksgiving to go out to the mill. He arrived in safety and hitched the animal. The Iowa eviction cases are causing a great deal of suffering and privations to those evicted by being compelled to leave the homes they have lived on for many years and supposed belonged to them. This wholesale robbery of land is a shame and the government should remunerate the people for the loss. It is only another case of the rich overriding the poor.

Don't let prejudice keep you from consulting the celebrated German specialist in Red Cloud at the Holland House Saturday December 15th. If you are afflicted with a chronic disease. Your physician is not the one to inquire about him, write to any responsible party in Grand Island where he has been for twelve years. He is a graduate of three leading colleges and through his successful and large practice has become one of Grand Island's largest property holders.

A Sad Death.

We are grieved to communicate the sad news of the death of Mr. Wm. B. Thorne near Bladen last Tuesday afternoon. While Mr. Thorne and a young man was hauling straw from a straw stack. Mr. Thorne was on the wagon loading, and some straw fell off the stack on the horses and struck them. Mr. Thorne sprang to seize the lines and in so doing a part of the load slipped with him and he fell behind the horses, head foremost and struck his temple on the end of the clevice pin on the doubletree, thence the wheel striking him on the back of the head. The young man hurried to where he was lying and found life almost extinct. The team still running till it got in contact with a wire fence and stopped with little damage. The man ran to the barn, took a horse and went in haste to town and reported the accident, all that could get a horse or aid, with his son LeGrand hastened to the scene of the accident, and there to behold lay the lifeless body of the aged father and neighbor. He was borne to the house to the surprise of his wife who but a short time before saw him strolling about the barn. His wounds were dressed by Dr. Kehler and others. His brother of Macon, Franklin county, and relatives of Juniata, Campbell and Hastings, were informed of the sad intelligence. Arrangements were perfected for the interment. The funeral services were officiated at his home by Rev. Buzzle, on Wednesday at 2 o'clock, p. m. and from there followed by nearly 50 buggies and wagons. The Grand Army men marched to the grave on foot, located in a beautiful nook in the southeast corner of his son Willie's orchard for the present at least. Wm. B. Thorne was born in the state of New York, June 29th, 1815. In 1838 was married to his present wife, Miss Deborah Bowerman. After nine years, removed to and selected a home in the then wild woods of Michigan. He marked his pathway by blazed trees for 80 miles through dense forests, located near where the city of Jackson now stands. In 1870 he and his son Willie took a tour to Nebraska, and was so agreeably surprised with the then young state that they each took large tracts of land and then returned to Michigan. The following season they removed to their new homes in the west, at or near where the present location, followed by many more of Michigan's good people. Later his eldest son LeGrand removed here and bought several tracts of land, but through sickness in his family he returned to Michigan and in later years returned to Nebraska his future home. His family consisted of his two sons, LeGrand and Wm. and an adopted niece, now Mrs. Dr. Ackly, of Juniata. The father and two sons own large farms and attractive residences adjoining each other and including a great portion of the town site of Bladen. Uncle Thorne's motto was "always do right, do to others as you would like others to do unto you." His house was always hospitable to all. Himself and his companion were always free givers to the poor, widows and orphans in distress. The grief stricken family has lost a kind father and affectionate husband. Let it not be forgotten that A. E. Burnside Post G. A. R. on last Memorial Day was presented by him, the souvenir of the National Encampment at San Francisco, Cal. The Post recognizes its maintenance through him, was ever ready to aid in its good work as a loyal patriot and friend to the "Boys in Blue." Yes, we say, "his loss is our loss." The Post's best friend.

The 29th day of last March Mr. Thorne and wife had the pleasure of being surrounded by their sons and family relatives of this vicinity, a few intimate neighbors and old settlers partook of a bounteous repast and joined in celebrating the Fiftieth Anniversary of their wedded life. Mr. Thorne was over 73 years old, hearty, active and strong. Mrs. Thorne is about the same age and we trust she may long survive and enjoy the blessings of her old age. We sympathize with her in her sad bereavement and trust that "All is well as God is in the right." A FRIEND.

To Our Friends and Subscribers.

After January 1, 1889, the subscription price of THE CHIEF will probably be put back to \$1.50 per annum, instead of \$1, as has been the price for the last two years. One dollar is too low for subscription to a country newspaper the size of THE CHIEF, and cannot be run without loss. We have decided however, to still give our subscribers a chance to renew at \$1.00, if the same is paid by January 1, 1889, after that date we shall go back to the old price of \$1.50 per year. Come right in if you want to get the paper at one dollar for the ensuing year. If back subscription is not paid by January 1, 1889, we shall collect \$1.50 per year for all subscriptions that remain unpaid at that time. A. C. HOSMER, Proprietor.

What Are We Going To Do.

The Rock Island officials were reported browsing around the South Platt towns last week in search of pointers for a route to the northwest. It is said the company contemplates branching northwest from Nelson next season. Hastings is confident of a connection.—Superior Headlight.

There could be a possible chance for Red Cloud's getting the Rock Island railway if a proper effort was to be made by our people. The Rock Island is bound to move out of Nelson and why should not Red Cloud get it as well as any other town in Nebraska? Last call—let the people go to work or give up everything and call it a "gone goosing." Enterprise is what we need now more than most anything else in Red Cloud.

Our Corn Premium.

Remember that the time for our corn premium is nearly up. Those who want to show what fine corn Nebraska can produce ought to take advantage of this opportunity. For the first premium we give THE CHIEF one year free, and for the second premium six months and third three months. One half bushel of corn in a sack is the required amount.

Mr. W. W. Gardner on Tuesday was fixing the railway over the doors on his barn, when a board nailed to the side of the building, upon which he was standing, gave way, letting him to the ground. He was considerably shaken up and has a bad left hand from catching on the end of a board standing upright. A sliver two inches in length entering the base of the thumb, which the doctor had to cut out, while the little finger was cut in a frightful manner. It is a very painful accident.—Orleans Press.
