

EDITORIAL NOTES.

M. A. Metzger who has been manager of the Republican has resigned his position owing to numerous difficulties that have come to the surface in that institution. He has done well to keep it afloat as well as he has.

We know a man in this city who says he will give 40 acres of land within six miles of the city if any other man will do likewise to have a hole bored in the ground 2000 feet. That's the kind of a man to have in a community.

The Omaha Republican under its new management decidedly assuming proportions that are good to behold, and we believe that it will be the best metropolitan paper in the state or north-west if it continues in the same rut that it is now gliding through. THE CHIEF is pleased to see it succeed.

On Wednesday, June 19th, the Omaha Bee will move into its handsome new building, one of the finest structures west of New York. The Bee was established in 1871, and from its very inception under its able management has prospered. The Bee is one of the ablest papers west of Chicago.

F. P. Shields, editor of the Leader is doing more for Blue Hill than any other newspaper man that ever struck that enterprising city. To his continued efforts a creamery has been established, a fire department organized and in all probability water works will be established there soon. Such newspaper men as he are worth a good deal to a live town and the people of Blue Hill are to be congratulated on having as enterprising a paper as the Leader.

The brigade encampment uniform rank Knights of Pythias, of Nebraska, will be held at Columbus July 1, 2, 3, 4, 5, 6, 7 and 8. \$1,000 in prizes offered. An interesting program has been prepared for each day. Everybody is invited to come. Camp is located high and dry, beautifully lighted and well supplied with pure water. Railroad rates will be one fare for the round trip. For further information, address Will B. Dale, secretary encampment committee, Columbus, Nebraska.

Burr is Still Cranky. For the last few months Burr of the Blue Hill Times Winner has been blowing his silly bugle about Judge Gaslin getting drunk, and says "when a man that purports to be a newspaper man remains in ignorance of a fact" that so affects the people etc. It would look as if he ought to change his calling. The facts are that Burr is mad at Gaslin because he would not give him a verdict in a certain liable case in which the fool editor thought he had a sinch, and because of that we apprehend he desires to kick the judge out of existence by lying about him or making misstatements in regard to his being drunk. We doubt whether Burr could substantiate his assertions if he should be compelled to in a court of first resort. As far as THE CHIEF is concerned it does not trump up sensational articles on officials because it is "mad at them" nor yet because we are cranky on same subject and hypocritical on others. No sir, we fought Judge Gaslin two years ago on the ground that he was not a fit man to be judge for various reasons, and the people said we were mistaken and we abide by their verdict. It has become too common for newspapers like the Times-Winner and others of similar caliber to trump up unsustained charges against public officials, whom they are but little acquainted with and know absolutely less except heresy. Burr's attack on the Judge seems to be a pure case of malignant spite work. If you have facts Burr dish them up and do not equivocate further. You probably depend upon what women and children tell you more than you do your own judgment, as you are somewhat childish yourself.

James McNeny of Red Cloud, who was a candidate for elector on the republican ticket in the late presidential election, and A. S. Tibbets, of Lincoln who was a democratic candidate for presidential elector, were pitted against each other in the Bentley case.—Bloomington Guard.

Why Is It

That people linger along always complaining about that continual tired feeling? One bottle of Begg's blood purifier and blood maker will remove this feeling, give them a good appetite and regulate digestion. C. L. Cotting, druggist.

JUDSON.

Rain, rain, lots of rain. Everything looks prosperous and farmers would feel happy if it were not for the debts that is hanging over them, caused by the failure of the last two crops, but if we have a good crop or two we shall be able to pull through all right.

Winter wheat is headed out with large heads but the rust has struck it in some places.

John Wheatley's dog went mad bit several of his hogs, from the effects of which they died.

George Mountford wears a broad smile, all because its a girl and weighs nine pounds.

Frank Graham is also the bappy father of a baby girl. Usual weight, SID.

You Cannot Afford

At this season of the year to be without a good reliable diarrhoea balsam in the house, as cramps, colic, diarrhoea and all inflammation of the stomach and bowels are exceedingly dangerous if not attended to at once. One bottle of Begg's diarrhoea balsam will do more good in cases of this kind than any other medicine on earth. We guarantee it. C. L. Cotting druggist

Mothers will find Dr. Winchell's teething syrup just the medicine to have in the house for the children; it will cure coughs, colds, sore throat and regulate the bowels. Try it.

Judge West of Red Cloud is favorably mentioned as the probable republican candidate for county judge. Not wishing to take an active part in convention that will convene ere long, we therefore rise in all modesty to announce the fact that Blue Hill can furnish a suitable candidate for that position. We suggest the name of P. A. Wells, who is favorably known throughout the county and is a young man of rare legal ability, and we can assure the people that if he should be so fortunate as to secure the nomination, his election is certain. Mr. Wells has many warm friends, both socially and politically who will earnestly work for his election. The wisdom of the convention in our judgment will consider the name of P. A. Wells wisely, before acting upon that of another.—Leader.

A Sound Legal Opinion.

E. Bainbridge, Munday Esq., County Atty., Clay Co., Tex. says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by simply use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. L. Wilcox, of Horse Cave, K. Y., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."
