Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's new discovery for consumption, Dr. King's new life pills, bucklins' arnica, dye and electric bitters, and have never handled remedies that sell so well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won great popularity purely on their merits.

In another place in to-day's paper will be found an interesting sketch of the Milwaukee soldiers reunion by Mrs. E. B. Knight of Inavale, who is one of the most ardent and enthusiastic ladies in the Woman's Relief Corps.

The familiar face of Ex-Treasurer Buschow of this county, and now of Colby, Kansas, was to be seen on our streets this week. Charley is doing nicely out at Colby and THE CHIEF is pleased to note his prosperity.

"Ah," says docky, "if you dont like what's in 'our norgan' sue us, we're responsible." Yes and so is Satan, but then docky you know how slippery the devil is, and that his great argument is lying and evasion. Docky you put us in mind of the devil very much.

There was a railroad meeting last Friday evening at which time and place the profile of the Rock Island railway survey was taken possession of and the money will now be raised. A committee was appointed to act in conjunction with Mr. Bonnell to secure right of way etc.

With a great deal of bluster, Docky McKeely announces that his paper is responsible for its mutterings. Now, Gilbertus Erusticus McSheeby, just please state how a fellow could get anything off of the Republican which is covered with an \$1800 mortgage, twice as much as the concern is worth?

We notice by looking over our exchanges that Porter Hedge is running an abstract office in Lincoln, that Harry Faikenburg is an auctioneer at Nelson, that C. W. Kaley is a carriage manufacturer at Hastings, that J. L. Miller sell groceries at Norton, and that John Kessler farms in Jewell county. The funny part of it is that not one of the parties above mentioned are relatives to our fellows.

In the last issue of that much mortgaged concern, the Republican, the great Denver terpsichorean editor of the big 8 outfit, blows his bazoo lustily on the alleged evidence of fraud in the county treasurer's office. The facts are that docky and his crowd are so used to robbing the poor people by usury and other methods, that they think everybody else is in the same canoe. Just think of the Pierstoff bonus, docky, of \$237, and how poor August's farm was swallowed up through usury and bonuses, and then talk about what the Republican and its sable crew are doing for the people. Oh, shades of the jewel consistency. Then, think also, of poor Henry Teague who in a moment of prosperity thoughtlessly fell into your clutches, and instead of getting richer fell a victim to exorbitant rates of interest and heavy bonuses until his farm and all went and he was left penniless. It takes supreme gall for a man who has bled poor people out of all they had to now pose as a farmers friend. Oh, what brazen effrontery. What does it mean? Simply that this big 8 outfit want to get into the money vaults of the county. Nothing more. Eh, Docky?

The street railway was sold on the 9th and was bid in by J. L. Minor trustee of the gentleman who held the first mortgage. Now, then, the road should be leased to some good man for what he can make out of it for a year or two, and if the cars are run every hour to and from the terminus it would pay from \$6 to \$8, per day in a short time. The receiver, Mr. Holland, has only run the cars at train time, which was of no earthly good to the travelling public between the city and depot any farther than to bring up passengers. If the cars could be run so the passenger traffic could be accommodated the railroad would pay fairly well. Of course if a fellow had to wait until some train came in before going or coming from the depot, he might as well walk in the first place and be done with it.

We have been authorized by A. L. Funk, to announce to the people of Webster county that he is a candidate for treasurer of Webster county. Mr. Funk has been a resident of this city and county for several years, and during that time has made hosts of friends who would be pleased to see him elected as treasurer. He has held several positions of trust during his residence here, and is in every way well qualified to fill the office of treasurer. He is a straight forward gentleman, a good scholar, and will enter the republican convention with a strong backing by his friends. Mr. Funk is certainly no dark horse but a very formidable candidate.

Mr. W. H. Wilson, the agent for Nebraska, of the American Building and Loan association of Minneapolis, is in town. He desires to establish a strong local board in Red Cloud. Members of this association are protected by the admirable law which regulates business of this kind carried on by companies having their authority from the Minnesota legislature. The profits to share holders are larger than in a strictly local association and its facilities for loaning may be inferred from the fact that each month brings into its treasury about two hundred thousand dollars.

One of our Sunday school teachers on a recent occasion told her pupils when they put their pennies in the contribution box she wanted each one to repeat a bible verse suitable for the occasion. The first boy dropped in penny saying: "The Lord loveth a cheerful giver." The next boy dropped in his cent saying: "He that giveth to the poor lendeth to the Lord." The third boy dropped his penny saying: "A fool and his money are soon parted."—Ex.

Selling Eggs by Telephone.

One day this week a clerk in one of our stores, answered a call at the telephone from a lady customer, who wished to purchase some eggs. He carried a few of the eggs to the phone and endeavored to show them to her and satisfy her that they were fresh. She explained to him that she could not see the eggs but would call at the store in the afternoon. When the clerk heard this he blushed to such a degree that the phone was in danger of being set on fire.—Adapted.

A Misstatement Corrected.

A statement having come to my ears that I have been fighting H. C. Scott, because he did not make me his deputy two years ago as per agreement, I wish to state publicly that it is absolutely false. In fact he never promised me any office at any time, and furthermore it is my intention to support him for reelection this fall. A. N. PATMON.
