WALNUT CREEK.

The Rubicon is passed and Walnut owns a road machine. The trial came off last Saturday in the presence of quite a crowd who appeared to be greatly pleased with it and who by a vote of of 10 to 2 decided in its favor. It was accepted by the town board by a vote of 3 for to 1 against. The one contrary member giving as his reason, that the Township could not afford it and furthermore Inavale stood ready to take the machine provided Walnut did not want it and he advocated letting them take it, and if it was a good thing Walnut could then get another in time for next year. The machine undoubtedly did good work, and all of that, but so we used to think about riding cultivators, Cahill attachments, Jack Brown seeders, etc. We thought we could'nt get along without any of them and nearly every bugger of us bought one. How many are in use to-day? However the machine is bought, the people endorsed it, and no one can blame the town board in "the sweet bye and bye".

There appears to be a diversity of opinion in regard to the republican ticket, one kicker remarked in the hearing of Dennis "That convention did'nt have any sense" Well maybe they did'nt but you can go your sweet life on it that they had plenty of dollars.

Sam Heaton is again going to achieve fame and fortune by feeding cattle the coming winter having purchased about one hundred head of fine steers from W. N. Richardson.

In regard to politics the people of Webster county every two years rare, tare and swear as to who shall be county Treasurer, Clerk, Sheriff, etc. while the men who interest us, who levy our taxes appropriate our money etc. viz. the Supervisors are passed by without attention. Inexperienced and incompetent men to say nothing of boodlers are elected to what is really the key note of the situation. To illustrate, the following is vouched for by a prominent citizen of Walnut: At the last meeting of the board of Supervisors, two members who contrary to law had awarded themselves contracts for building bridges brought in the bill for labor, charging the county $2.50 per day, whereupon another supervisors objected saying he could hire all the carpenters he wanted and good ones at that for $2.00 per day. The two worthy supervisors thereupon with drew their bills and made them over and again presented them to the board at $3.00 per day and said bills were allowed by board of supervisors. Give us a careful, economical board of supervisors who will not "snow ball" each other with wads of county money and what difference is it to the taxpayers which bank controls the county money. At the last meeting of the supervisors $1.250 were ordered drawn on the bridge fund, the lost meeting before that $1.500 and so it goes. Some of the bridges are needed but most are not, being voted on the principle "scratch my back and I'll scratch yours." Dennis has been often asked how much our supervisor Mr. Heaton has drawn. It is a matter of public interest and he accordingly looked up the records with the following result:

Services supervisor	$80 00
Examining bridges	4 00
Bridge work	52 00
Total	136 00

As going to show that "a public office is a family trust" the following bills may also be interesting:

Jas. Scholes. labor on bridge	$74 00
G. A. Scholes " "	7 00
James Heaton. " "	17 25
Total	$98 25

Total divided amongst the rest of Walnut creek—Nix.

And now as regards the expense of our present town board. up to date not one member of the board has presented a bill nor drawn one cent for services. They have been accused of holding meetings to buy flower, yet notwithstanding this they have been able to meet and adjourn without drawing their pay. Another instance in regard to our supervisors, a member of the present board offered to bet a cow that he could present any bill he saw fit to the supervisors and have it allowed. There is nobody up this way that is willing to lose a cow in betting with him. Candidates for public office will be closely scrutenized this fall and tax payers will do well to consider carefully who they elect supervisor. DENNIS.

Declines to be a Candidate.

After mature deliberation I have decided not to be a candidate for the office of sheriff under any consideration, and shall not allow my name to be used for that position under any pretext whatever.

H. C. SCOTT.

We learn with regret that Col, Gage jumped his board bill at the Holland House in Red Cloud while attending the Inter State Reunion; and then had the cheek to inclose a lot of cancelled postage stamps to the proprietor in payment after his return home, Holland sent them back with the information that they would not buy bread and meat. But the Enterprise feels that the honor of the soldiers of Franklin county is involved and asks an explanation of Col. Gage. There can be no mistake about the facts as our informant is Sergeant Cole who assured us with tears in his eyes that Gage "really did say that very thing."—Riverton Enterprise.

THE CHIEF moves that the gallant Col. be court-martialed and drummed out of camp for ever offering cancelled postage stamps for chuck.
