REPUBLICAN CANDIDATES.

A Brace of Farmers Put Up to Fill the County Office.

The Webster county republican convention could not have made a wiser move than it did last Friday when it nominated the republican candidates for office. The gentlemen are all farmers, and Miss King, the candidate for superintendent of public instruction has lived on a farm for quite a number of years prior to her election to that office two years ago, so one can safely say that the ticket is purely a "farmers ticket" as it is from the selection of the county delegates, the town fellows being left entirely out.

H. D. RANNEY.

who heads the ticket is a gentleman well-known in Webster county, having been one of the early settlers. He is a man fully capable of attending to the office of county clerk in a manner that will be satisfactory to all people. He is a good man for the place.

GEORGE W. HUKMEL.

the candidate for county treasurer came to Webster county in the early days and has grown up with the county. George is a farmer, but at the same time is a man who, if elected, will run the treasurer's office in a manner that will have no uncertain sound. His constituents will have no cause for dissatisfaction as he is fully able to run it in a competent manner. His election is sure.

CHAS. A. TEEL.

the choice of the convention for sheriff is still another old pioneer, having resided in Webster county ever since its organization, we believe. He is a straightforward, honorable gentleman, and never dreamed of the nomination until it was given him by the people. Charley will make a first-class officer and will be elected.

DAVID F. TRUNKY.

the successful candidate for county judge, is also a farmer, but is also a lawyer of good ability. He is fully able and competent to transact the affairs of the office of county judge and will receive the full strength of his party in November. Mr. Trunky is a good clever gentleman and will run the county judge's office equal to any of his predecessors.

MISS EVA J. KING.

who has received the nomination for superintendent of county schools is a lady of fine culture and ability. She has so ably filled the office in the past two years that there is no question but what she is entitled to the record of having been the best superintendent of schools ever elected in Webster county. She will be re-elected by increased majorities.

W. E. THORNE.

the present incumbent of the county surveyors office was unanimously nominated for the office again. Mr. Thorne has been a good officer, and where he has done county work it has always been satisfactory.

DR. C. SCHENCK

was nominated unanimously for the office of coroner which he has filled with good results in the last two years, and during which time he has fully demonstrated his ability to "sit on bodies" in accordance with the law made and provided. The good doctor like Eli, will get there.

In fact the whole ticket is one that is beyond reproach, and with one exception the nominees are farmers, and not only that but old settlers, having located here years ago when the country was new and infested, not only by the red man but by buffaloes and numerous other wild animals, that have fled at the approach of the white man. The candidates all know what it is to settle up a new country, and have suffered the hardships incidental thereto. Their elections are assured and THE CHIEF cheerfully gives them its support believing that the farming element is entitled to select its candidates for office occasionally.

Frank Angie one of the witnesses for the state in the case of Van Benson was about to leave the state this week as alleged. The papers were soon prepared necessary to detain him and Sheriff Scott took him in tow for a few days.

Drs. Cave Smith & Co. the painless dentists of Grand Island, Neb., who visited Red Cloud last year, arrived here today and have located temporarily at the Gardner House until they can secure rooms. The Drs. make a specialty of extracting and filling teeth without pain. Having been located for the last four years at Grand Island where they still make their headquarters. They are known throughout Nebraska to be gentlemen and expert dentists. Residents of Red Cloud desiring first class dental work should consult the doctors before going elsewhere.

Why Is It

That people linger about always complaining about that continual tired feeling. One bottle of King's Blood Purifier and their number will remove the feeling, give them a good appetite and restore their health. C. L. Cottings, druggist.
