Possibly the big 8 is not exactly what the Chief would have its readers believe.—Helmert.

The people of this county know what that outfit is. But how does it happen Plumb, that you are now defending this clique when not three weeks ago you stated to at least three men that you was against the big 8, for the reason that they started their paper with the expressed intention of running the other papers out, as well as to control the politics of this county. The very friends that enabled you to take charge of that paper say, "If you have not sold out you never will be able to convince the people of it." Do you not know what the people think of such a man. We know you are learning now, and THE CHIEF does not believe in kicking a man when he's going down hill, so we will leave you with your big 8 friends.

J. L. Frame of Batin township is again a candidate for supervisor. Mr. Frame has made an excellent supervisor for that township and has saved it many hundred dollars at various times in taxes, etc. He is a splendid supervisor and THE CHIEF believes that this township should elect him for another term.

BERG & GALUSHA.

Dock McKeeby and Charley Cather who have taken more bonus notes and more usury off the poor people of this county, than any other set of men are now posing as the farmers friends for the purpose of busting the rig(?) If the poor "busted farmers" could be put in a line, whom they have appressed by high rates of interest and much larger bonuses and allowed to tell who and how they have been successfully robbed by these bonus men they could "unfold a tale" that would be heartrending no doubt. Voters these are two of the men who are fighting Mr Hummel, do you want to assist them in building up their fortunes by voting for Fassler. It is a shame that poor people should be continually robbed by these money lenders who are continually violating the law by taking excessive usury and bonuses. It is easy to foreshadow the result should they get the county funds in their possession. The screws of oppression would be turned down until a poor man could not live in the country. Don't let them hoodwink you by what appears to be plausible stories, when the fact is that all they care for is to get hold of the county funds for speculation. They should be routed horse and dragon.
