Firing along the skirmish line, picket shots, camp songs, etc. The following letter is taken from Tuesday's Omaha Bee. Red Cloud, March 14, 1890.—Real Estate Exchange-Gentlemen: Judging from the interest manifested by those who invest in railroad extensions the year 1890 promises to be one of marked prominence in the interest of Nebraska's railroad building. Why sit we idle here when but a spoke in the wheel of our growing young state of which Omaha is the hub will give us almost an air line to the distributing centers of the consuming sections of the state. Starting at the hub and going in a southwesterly direction to form the new spoke we pass through Ashland, Lincoln, Crete, Strang, Nelson, Red Cloud and on into Kansas. The spoke must necessarily be called the Rock Island. This line would pass through a number of the wealthiest and most productive counties in the state. The question arose at our board of trade meeting as to the best plan of placing the project before the people. It was unanimously decided to open correspondence with some one in each town on the proposed line and try to arrange a meeting an early date for the purpose of selecting a committee confer with the Rock Island people. We are on the main line of the R. & M. to Kansas City. Our stock and products are moving in that direction and most of our merchandise is coming from St. Joe. We would be pleased to hear from you at once. L. P. ALBRIGHT. AT DEATH. The editor of THE CHIEF received the sad intelligence Thursday morning March 20th, that his father, Dr. Luther B. Hosmer, had passed from earth to heaven after a brief illness of forty-eight hours duration, at his home in Otter Lake, Michigan, at the ripe old age of 77 years. He was born in Connecticut and at the age of 21 was married to Miss Irene Cummings. After a few years residence in New York state they moved to Cuyahoga county, Ohio. Where they lived for many years. In 1867 his wife departed this life, and in 1870 he went to Michigan to reside, to be near his children, most of whom live there at the present time. He leaves five children to mourn his death out of a family of twelve, seven having preceded him many years before to that "land from whence no traveller returns." Though gone from earth, his memory will be ever revered by those who loved him best. Just Buried. We have opened up a nice new stock of millinery. New shapes in hats and the finest selection of flowers you ever saw, we also place on sale the greatest bargain in ribbons we ever sold. Just think of an all silk ribbon in all shades and widths for 10 cents per yard. Come quick for a few yards before they all go, as they are selling fast and ladies wonder how we can afford to sell so cheap. It is simply we buy cheap for cash and sell every thing in our store at half the profits asked by other houses. Look at our extra fine and strong sailor hats for only 25 cents, others ask 50 cents for the same quality. When you want lace, hose, millinery, and notions of all kinds 20 per cent less than others ask for same, come to Yours truly, C. O. D. KAPORIAN. CONSUMPTION. In its first stages, can be successfully checked by the prompt use of Ayer's Cherry Pectoral. Even in the later periods of that disease, the cough is wonderfully relieved by this medicine. "I have used Ayer's Cherry Pectoral with the best effect in my practice. This wonderful preparation once cured my life. I had a constant cough, night and day, was greatly reduced in flesh, and given up by my physician. One bottle and a half of the Pectoral cured me."—A. J. ELLISON, M. D., Middlebury, Vermont. "Several years ago I was severely ill. The doctors said I was in consumption, and that they could do nothing for me, but advised me, as a last resort, to try Ayer's Cherry Pectoral. After taking this medicine two or three months I was cured, and my health remained good to the present day."—James Blackford, Durham, Conn. "Several years ago, as a young man from Santa California, by water, I contracted an ailment which for some days I was confined to my state-room, and a physician on board considered my life in danger. Hoping to have a bottle of Ayer's Cherry Pectoral, I used it freely, and my lungs were soon restored to a healthy condition. Since then I have invariably recommended this preparation."—J. K. Chamberlain, Junction, Vt.
