Who took the lock from the school house door,
Not I, says "Van" and I'll tell you more,
I think it was a contemptible trick,
Such actions simply make me sick,
No, I didn't take the lock from the door,
Who took the lock from the school house door,
Not I, says "Gal" with his eyes full of gore,
Two years ago we made 'em walk o'back,
To show that the school board were not of the walk,
It's bigamy to fool with the school house door,
Who took the lock from the school house door,
Not I, pulls "dick," the subject's a bore,
To hear 'em talk raises my dander,
And I'll hick some one or one 'em for stander,
To mess with the school house door,
Who took the lock from the school house door,
Not I, coughs "Jenny" it wrings my hearts core,
Although I offered if they'd give up the boy,
To get the lock back on the door you see,
Yet I didn't take the lock from the door,
CONSIDER BY ALL,
Who took the lock from the school house door,
Not so far as had no sense therefore,
But keep it dark and make no noise
A little bird sang in the ear of the boys,
And the lock came off the door,
All of which goes to show that in school district 3 there is "a terrible growler and rambler and coar, telling that battle is no case more, and I'll be for many miles away."
Julius Jones was the rambler who succeeded at the hands of his friends. After listening to their heavenly music a while Julius asked them to and treated them to peanuts and berries. As lock would have to the rear was clear by.
It is said that the night of our work and holy school members has the same effect as some of the heavenly bread platters that a red rag is supposed to have on a horse's cranks of the masculine gender. Was on.

A new windmill agent has turned loose with a devil's grin. As an inducement to buy he offers to furnish sufficient wind to run the mill a year. Walnut creek has just been visited with two of the most destructive prairie fires in many years. The origin is a mystery but is supposed to have been caused by "spite work" against himself.
The birds begin to utter notes of approaching marriage talk. It was intended to be kept secret but "Belle" "caught on." Ask him. "Belle" she knows about it but don't tell her fear of being "let-d." As there is already several guessing parties out after him.
At last the crowd split that has been hanging over Walnut for so long has been broken by the arrival of a boy baby at Mother's "holles." For many moons our boys wanted have all been of the opposite gender.
All McCall has gone out of politics and into legs, having recently purchased 100 head of his young stock. All he's the only dancer who has gone out of politics since January 1st.

Dennis often been giving account of the Nancy which is held every Thursday evening in the Geo. Brown school house. The teacher in that district is certainly entitled to great credit for the effort she is making to provide means of entertainment and recreation for the youth. The time has been when dancing is held such things "many years ago" but it was "prevent you from" and had to go. Being a staunch church man himself, Dennis learned that someone that had been his opponent in a former alliance with "them" having learned was of tall of stature, 5' 11" tall, President, Geo. Brown, Secretary, The farmers are coming to the head and the Red Cloud district will give us a way to getting the work and all its followers "danced" as before.

To Correspondence:
Read the following: J. H. Brown's account of the "Nancy" was very interesting and we are glad to hear that the school teacher is doing so much for the youth. We are sure that the farmers are coming to the head and the Red Cloud district will give us a way to getting the work and all its followers "danced" as before.

Editorial:
It is a pity that the complimentary notice in the "Nancy" was so short. The school teacher is doing so much for the youth and we are sure that the farmers are coming to the head and the Red Cloud district will give us a way to getting the work and all its followers "danced" as before.

This county is a very fertile one and we are sure that the farmers are coming to the head and the Red Cloud district will give us a way to getting the work and all its followers "danced" as before.
