It will please all. Don't forget the date.

Low prices will always sell the goods. One can see this by going into Wiener's. His stock of women's shoes has been reduced to one third the size it was a month ago. His piles of clothing are being lowered rapidly, and one can see everywhere in the large store occupied by him, that he has sold a great many goods this season. Good goods at low prices have done the work for him.

ADVICE. "Keep your head cool—your feet warm—your liver active, and trust in God." was the advice of a celebrated physician to a patient. You can regulate the action of your liver, kidneys, and bowels by using Do Witt's sassafras, an absolutely reliable blood purifying remedy, for sale by Cotting.

We sit in our den at midnight when the clock is ticking away, and we think of the cash subscriber who has wandered in to day. We ponder o'er all the good things that a dollar 'n' half will buy, and the joy which thought brings to us gushes forth from our pale blue eye. How often oh! how often in the days that are to come do we wish for the cash subscribers to hustle themselves and come. How often, oh how often as the days go moping past, we would long, if long-ing would help it this cash down business would last. But alas our heart is weary, likewise our pale blue eyes, for few and far between meals, comes to us such glad surprise. Yet we sit in our den at midnight, and scratch with stubby pen, and long for the cash subscriber to wander in again, and we think mayhap some delinquent may want to witness our smile, and may happen in to-morrow and swell our little pile.—Unchained Poet.

The Empire Oil and Mining Co. of Newcastle, Wyoming, was organized in this city this week by F. R. Gump. The great oil craze of Newcastle is similar to that of Pennsylvania years ago and THE CHIEF looks forward to big results in that country, as the crude petroleum can be secured in quantities from a depth of two to three hundred feet. Several of our citizens are interested in Newcastle property and we hope that they will all make their fortunes, and from the indications it now looks as if they would. There is a superabundance of fine coal there and we have not the least doubt that kerosene will be found when the big drill goes down that will astonish people and make many a poor man wealthy if he is fortunate enough to own land there. The next six months will tell the tale whether there is oil there or not. We hope it is.

The ladies of Red Cloud did themselves great credit last Saturday in behalf of the fire boys. All day long the people of the city and county streamed into the fireman's dinner headquarters and partook of their meals. The tables were laden with good things and the substantiality of life provided by the ladies for the occasion and when night came the financial department reported about \$150.00. This amount, less expenses has been turned over to the boys and will be placed where it will do the most good by them. In addition to the ladies efforts a large number of the business men have contributed about \$100, thus putting the boys out of debt. Good.

A Strange case. Had Mrs. E. A. Gardner, of Victoria, Ind. lived two thousand years ago she would have been thought to be possessed by evil spirits. She was subject to nervous prostration, headache, dizziness, backache, palpitation and forty to fifty spasms a day. Though having been treated by eight physicians for years without success she was permanently cured by one bottle of Dr. Miles' Restorative Nervine. A trial bottle of this new and wonderful medicine and a finely illustrated treatise free at Cotting's, Drug Store.

A. B. Starks who was arrested some time ago at the instance of the Red Cloud National Bank for selling mortgaged property, and brought here and lodged in jail, had his trial last Friday and was released. Judge Gaslin said in his charge to the jury that in all his experience as judge, he had never convicted a man of that offense, under similar circumstances. We know nothing of the merits or demerits of the case, any further than hearsay, but the old judge playfully remarked that he would release Starks on his own recognizance for \$50,000 and told him to go home, and he did not need to say it twice.

Marvelous Endurance. The vast amount of labor performed by the heart in keeping all portions of the body supplied with blood is not generally known. It beats 100,000 times, and forces the blood at the rate of 150 miles a day which is 3,000,000,000 times and 5,150,000 in a life time. No wonder there are so many heart failures. The first symptoms are shortness of breath when exerting, pain in the side or stomach, fainting, choking in throat, oppression, then follow weak, hungry or smothering spells, swollen ankles, etc. Dr. Franklin Miles' New Heart cure is the only reliable remedy. Sold by Cotting.

Taking effect March 27th, the first class limited rate to Denver and Colorado Springs will be \$7.50. Pueblo, \$10, tickets to be limited to continuous train passage from date of sale. Intermediate points on direct line to be no higher. A. Campbell, Agt.

REWARD. Is certain if some able effort is made to cure a cough by the use of Dr. Witt's Cough and Consumption cure. This remedy is correct and certain in its action and costs no more than comparable preparations. Insist upon having it, for sale by Cotting.

For Sale. Golden Wyandotte eggs for setting, call on or address W. F. Kellogg, Red Cloud, Neb.

Miles' Nerve and Liver Pills. An important discovery. They act on the liver, stomach and bowels through the nervous. A new principle. They speedily cure biliousness, bad taste, torpid liver, piles and constipation. Splendid for men, women and children. Small, mild, pleasant. 25 doses for 25 cents. Samples free at C. L. Cotting.
