The Red Cloud Chief.

A. C. HOGNER, Proprietor.
Friday, May 9, 1890.

So far Congressman Laws has made an efficient representative and has looked closely after the interests of his constituency. He is a new man but he is learning the ropes wonderfully well for a man who has only been in congress six months. He is doing good work for the district.

State politics are beginning to warm up in pretty good shape. There are several candidates out for governor, among whom are Gov. Thayer, Senator VanWyke and Attorney General Leese and others. As far as this paper is concerned we should like to see Gov. Thayer his own successor, and in the event that he fails, our second choice would be Mr. Leese. Both men are of the people and those are the kind of men wanted, some one who will not hobnob with monopolies and corporations as against the whole people. We do not desire to create discussion but it is time to object to the wholesale rush after aristocracy by our representatives and public officials.

The Farmers' Alliance is getting thoroughly organized, and if they attend strictly to the plans mapped out by them for their own advancement, and not allow some of our snide false Gods, to lead them astray from the beaten path, they will come out on top of the heap. All that the farmers need is organization, and with careful management of their farms they can and will control the rest of mankind. The trouble is usually with such organizations, that they are too apt to get an idea that it is politics they have to look after to eradicate their troubles, instead of their farms and other interests. Let the farmers thoroughly organize, keep clear of politics and it will not be long before politicians and political parties will do their bidding. The minute that farmers or tradesmen enter into wholesale politics, that minute their fate is sealed. THE CHIEF has always been for the down trodden whether he be a farmer or laborer of any class, not for the sake of gain or fame do we do this but because they need to be helped in their struggles to down monopolies and those who were enriching their life's blood out of it were. There are men, even in Webster county today who are trying the "wolf in sheep's clothing" act with the Alliance, all for the sake of office. Beware, friends, and tread lightly.

Deyo will save you money on paints.

What are our people doing about railroads?

Something ought to be done at once to enable Red Cloud to secure the Rock Island or some other good railroad, if ever we expect to become a great and flourishing city.

All the telephone that Red Cloud had has been swooped down upon by that giant monopoly the Bell Telephone Co., and taken in by them as an infringement. Several of our business men mourn for the little \$10 that they put into it.

Floyd Reynolds could not stand it to be as high up as a two story house and consequently took a fall which jarred him up badly and sprained his foot. He was working on the two story building on Codman's ranch when the ladder slipped and threw him to the ground a distance of 18 feet or more. He was quite fortunate to escape with such slight injuries.

Dell Olmstead, formerly of Bertrand, but now of this city has purchased a half interest in the barber shop formerly owned by Fentress & Barkley and now the firm will be known as Fentress & Olmstead. The new man is a first class barber and we wish him success in the enterprise. They will be pleased to see all their old friends and as many new as desire to come. Shop on 4th avenue.

The city council met last Wednesday evening, at which time the resignation of Ald. Hummel was accepted and M. W. Dickerson was appointed to fill the vacancy. Ald. Wallace also presented his resignation. On motion Jeff Ward was appointed water commissioner at a salary of \$18 per month. The probabilities are that Sam Temple will be appointed to fill Ald. Wallace's place on the board. At a previous meeting Marshal Miller was appointed street commissioner, to act in conjunction with the office of marshal.

We are glad to learn that R. A. Handy has decided to retain our young friend Arthur P. Howard as manager of his lumber and coal business in this city. Art is one of our model young men and commands a business for the firm that no other man could hold, and especially a stranger. He is well adapted to the business and keeps a watchful eye on the affairs that are to be the most interest to his employers. The company would have missed it had they sent him elsewhere and appointed a new man in his stead.

Rheumatism,

BEING due to the presence of uric acid in the blood, is most effectually cured by the use of Ayer's Sarsaparilla. Be sure you get Ayer's and no other, and take it till the poisonous acid is thoroughly expelled from the system. We challenge attention to this testimony:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months, and am pleased to state that it has effected a complete cure. I have since had no return of the disease."—Mrs. E. Irving Dodge, 110 West 125th st., New York.

"One year ago I was taken ill with inflammatory rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced using Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."—Mrs. L. A. Stark, Nashua, N. H.
