AN IDEAL MOSSBACK.

The Absolute Non-Progressiveness of the American Indian.

The Indian is a mossback. To such a degree eminent is this, that I have heard from certain Marco Polos of the West that these mosses covered continents.

While there is a whirl of wings and the mother bird stands on the edge of the nest, and the little ones open their mouths.

With all these facilities that have been mentioned, and the others that can be developed, the question of transportation to and from the world's fair is easily solved.

The cable company has already a direct line to Jackson Park, via Cottage Grove avenue.

Our company will make such improvements as are necessary to carry people to and from the fair.

THE KIMBERLY TERROR.

Details by Mail of the Escape of Menagerie Wild Animals.

LONDON, Sept. 20.—Advices from Kimberly, South Africa, the center of the diamond fields, state that at midnight June 1 last some person, evidently one hearing ill-feeling towards 'Tillie's' menagerie, opened the doors of the cages, releasing the wild animals and set them all free.

Four attendants sleeping on the premises were wangled beyond recognition, being actually torn limb from limb.

Their bodies were mangled and torn open, their bones smashed into bits and the heads of all except one of the Kafirs were washed.

Four big male lions, named Pasha, Abdullah and Mustapha, sprang from their cages and made for the stables, where Pasha leaped upon the back of Murrat, the great jumping stallion and buried his teeth in the animal's neck.

The screams of the horse aroused the attendants, a Scotchman named Patterson and three Kafir boys, who were armed with stable forks, rushed to the relief of Murrat and endeavored to beat Pasha back, but were attacked from behind by three other lions and one cheetah, crown to the ground and dragged to the stables.

Their bodies were mangled and torn open, their bones smashed into bits and the heads of all except one of the Kafirs were washed.

Having tasted blood the lions, cheetahs, wolves and leopards regained all their natural ferocity and sprang at every living thing that came in their way.

Four performing Hungarian horses were killed almost instantly, among which was the equine beauty Black Bess, and a number of ponies were devoured.

An enormous elephant, known as Hood, burst through the heavy iron gate in his fright and rushed into Curry street, followed by nearly every animal in the menagerie.

A cabman named Nelson was sitting on his carriage before the building and sprang for a post that supports an awning around Hood's athletic bar, while the elephant, with a mad yell, dashed into the lot.

The lot was fringed closely by two lions and four wolves. The rest of the wild animals scattered in every direction.

A little child of James Grimley, happening to be in a rear room opening in a game, was pursued by the elephant, and dragged into the open air, where his agonized mother saw it torn to pieces and devoured before help could reach it.

Other harrowing incidents are reported, among them the killing of five women.

A woman named Egan, Sept. 20.—C. A. Benson, who is the murderer of Mrs. Teresa Mettman, March 23 last, is presumed to have been directly concerned in the crime, is probably now under arrest, or soon will be.

The police have a letter dated Portland, Oct. 10, from Charles G. Alden, who was formerly on the police force here and was well acquainted with Benson. He says that Benson is within twenty-four hours' ride of Portland and that he knows just where Benson is.

NEW YORK. OCTOBER 10, 1893.—The legislative committee are slow in reporting, and the assembly has accomplished but little.

It is thought that the committee may have a chance to do work the Legislature is considering the advisability of taking a week's recess and attending the G. A. E. meeting at El Paso, to which veterans from both sides are invited.

One of the members of the committee attending the G. A. E. is Gustavus, the President of the Council, who is an ex-convict, and says he has not seen the blue and the gray angle since Reconstruction.

CHICAGO DISPATCH. LITTLE ROCK, Ark., Sept. 20.—Word has been received by the committee near Knoxville, Ark., of four women and two children of two families named Foxman and Bamboon, on route for the Indian Territory, who had camped for the night on the bank of the river.
