EDITORIAL COMMENT.

Editor Lindsey of the Holdrege Nugget, Judge Ray and two other gentlemen, from Phelps county were on an investigating tour this week.

Delegates from Buffalo, Phelps, York and many other counties have been here this week hunting up McKeighan's record and they have gone away full of it apparently.

J. W. Jayne, of the Axtell Republican, the oldest and yet the youngest printer in the state was a caller this week. He was here after Mac's record. Mr. Jayne commenced the printing business at the early age of 65 years, and has put in one year at it. Quite a boy.

The selection of Mr. M. R. Bently for secretary of the agricultural society, was one of the wisest strokes of policy that the society has developed. While the office came to him unsolicited and unbeknown to him, yet it could not have been put into better hands, as he is thoroughly conversant with the needs of the association and will use his best endeavors to make the fair a brilliant success next fall.

Prof. A. K. Goudy of Red Cloud, the republican nominee for state superintendent, has spent nearly twenty years in active, faithful and efficient school work in Nebraska, in various capacities, and his eminent fitness for the high office is acknowledged by all. He has a wide acquaintance in Nebraska, especially among the educators of the state, and his popularity will place his majority among the highest on the state ticket.—McCook Tribune.

A. N. Patmor was in Sioux city last week and reports that city on a boom and one of the most enterprising towns in the west. Sioux city has been built up by fostering manufacturing institutions, and that is the ground work upon which all towns must work upon if they wish to build cities. Bectrice is another example. Ten years ago she was the size of Red Cloud, today she has 15,000 people. Manufacturing institutions did it. Will Red Cloud be a city or not?

The state republican ticket, and that on down to our county ticket, are made up of the best material in the state, men who if elected will fill their respective offices with credit. Do not be beguiled by the soft and plausible utterances of men who have a few imms to confront you with, and a large degree of soft soap, who tell you that if you elect them, you will live in clover and that you will always be happy thereafter. Their story is all right for political buncombe, but it will not bear daylight.

McKeighan is losing ground all over the district. He can not be elected to congress under the heavy load which he is compelled to carry, it will ultimately break his political back. The scheme of course is a democratic one, and when it is generally known that the democrats are playing independent in order to elect him, the republican element begin to drop him. The facts are Mac can not hold a candle to Mr. Harlan, as compared with the ability of both gentlemen. Mr. Harlan will be our next congressman.

Another Rally.
The independent party will have an immense rally here on the 21st. Noted speakers will be here, and a big time generally will be had. Don't forget the date.

A meeting of all the committeemen of the non-possessory amendment league of Webster county is called at the courthouse for Oct. 11th, at 2 o'clock p. m. Business of importance to be transacted. A good attendance desired.
R. B. FULTON, President.

Township Officers.
There will be a caucus of the supporters of the independent movement (whether members of the alliance or not) held at the fairgrounds Saturday, Oct. 13, at 2 o'clock p. m., for the purpose of nominating township officers for Red Cloud township. As follows: One clerk one assessor, one treasurer, one overseer of public highway and two constables.
A. J. MEARS, Com.

Miles' Nerve and Liver Pills.
An important discovery. They act on the liver, stomach and bowels through the nerves. A new principle. They speedily cure biliousness, head aches, torpid liver piles and constipation. Splendid for men, women and children. Excellent, mildest purgative. 25 doses for 25 cents. Sample free at J. L. Cutting.

Flour and Feed.
If you want flour and feed, you should not stop until you go to Oscar Patmor's store, where you will always find a large supply of all kinds of flour and feed of the best quality and at prices as low, if not lower than can be procured elsewhere.

Ladies Have Tried It.
A number of my lady patients have tried "Miles' Nerve" and would not be without for many times its cost. They recommended it to all who are to be so-called. R. A. Fugate, druggist, Cambridge, Ala. Write for circular to Dr. A. Miles, 111 So. Oxford St., Brooklyn, N. Y. J. L. Cutting druggist.
