**The Vote on the Pension Bill.**

The arrears of pension bill passed Jan. 10, 1879:

Democrats for the bill, 45  
Democrats against the bill, 11  
Republicans for the bill, 11  
Republicans against the bill, 11

The widows pension bill passed Feb. 2, 1886, increasing arrearages from \$9 to \$12 per month:

Democrats for the bill, 45  
Democrats against the bill, 11  
Republicans for the bill, 11  
Republicans against the bill, 11

The amendment bill passed Aug. 4, 1886:

Democrats for the bill, 72  
Democrats against the bill, 21  
Republicans for the bill, 11  
Republicans against the bill, 11

The prisoners of war bill gives pensions for terms of imprisonment to all who were prisoners of war for thirty days or more:

Democrats for the bill, 28  
Democrats against the bill, 11  
Republicans for the bill, 11  
Republicans against the bill, 11

The democrats voted three to one against the bill and it lacked five votes of the necessary two thirds, it was defeated.

How do democrats vote like the record. Talk to cheap but there is no going behind the record which the democratic party has made of the past eleven years.

**The Amendment.**

Your committee has been besieged by letters asking regarding the form of the ticket, "how it should read to vote for prohibitory amendment, and to vote against license amendment." The following forms regarding all four of the amendments have been adopted for use by this committee:

For proposed amendment to the Constitution, prohibiting the manufacture, sale and keeping for sale of intoxicating liquors as a beverage.

Against said proposed amendment to the Constitution relating to the number of Supreme Judges.

For the proposed amendment to the Constitution relating to the salary of Judges of the Supreme and District Courts.

The above forms should be printed at the foot of the regular ticket, as in Nebraska only one ballot box is used, and the entire ticket is printed upon one long strip of paper. Above forms afford an opportunity to vote for or against the proposed amendment, and if you do not desire to vote affirmatively upon the amendments regarding our state courts you can indicate by scratching them out with your pencil, for a vote not cast for a constitutional provision operates the same as a negative vote.

It will be well for the friends of prohibition to see that all political parties have tickets printed as above, and thus increase our chances of adopting Constitutional prohibitions.

**Amboy.**

Everything is lovely and the dust is laid. Ed Lewis and wife have returned from Nebraska City. Mrs. G. W. Baker, and her youngest daughter, took their departure for the east to visit relatives and friends.

Mrs. Fred Frane and son started for their new home in Nebraska. Miss Alice Emick is working in Red Cloud.

Herbert Ogden, will start for What Cheer, Iowa, in a few days to work with his brother.

Oscar Patmor was visiting in Amboy Sunday.

Protracted meeting was held at Amboy last week and will continue this week by Rev. Wolfe.

Miss Belle Knight went to her home near Salem, Kan.

**Elma Creek.**

News is scarce in these parts. Haying and fodder cutting is completed.

Working the roads, seem to be the order of the day. Joe Crouch went to Boulder City, Col. last week.

Mr. Jensen has gone to Iowa on a visit, he expects to move there in the spring if the place suits him.

Some of the fall schools are in full blast now.

Miss Elma Brown is teaching school at the Center school house.

Thornton Fox is teaching his first term of school at the Elma Creek school house. But from all we know of him it will not likely be his last term.

Rev. Wolf the new M. E. pastor preached at the Elma Creek school house each alternate Sunday at 3 p. m. We wish him abundant success in his new field of labor.

A few of the farmers here are going to try fall wheat for their next wheat crop.

**Cross Roads.**

Noble Sanford and family have gone to Lincoln, Neb., to go into business.

Mrs. Cor. has gone home to Kansas after enjoying a short visit with her parents, Eld. Stucker and wife.

Wm. Crable has been out this week hunting up temperance workers.

**EDITORIAL COMMENT.**

Justice Miller of the United States Supreme court, died in Washington on Monday night. He was 74 years of age.

W. W. Belknap ex-secretary under President Grant died suddenly on the 13th.

There have been a dozen delegations here this week from various counties hunting up McKelighan's record. The record hunters are what will cause Mack to lose the congressional race. Harlan is a man whose ready wit and ability will enable him to do more for the people in congress than McKelighan ever expects.

Only eighteen more days before the election. Every day between now and election will place McKelighan further and farther from being elected to congress. The record hunters are doing the work. The people are finding out that between McKelighan and Harlan that there is a wide difference, that Harlan is a better friend of the poor man than Mack is, and Van Wyke the people's friend has no hesitancy in saying so. Make up your mind to vote for Harlan, if you want a good man for congress.

The general political outlook over the state for the republican ticket is far better than any one has supposed. Mr. Richards will be our next governor and in fact most of the republican ticket will be elected. The men are all No. 1, and we feel certain that in their nomination the people have made no mistake.

The republican party has done more for the state than any other party could do, and it will not be wise to change for men who have been untried, at least a vote for the independent ticket means the election of a democratic governor. Do the people want to elect such a man as Boyd to the highest office in the gift of the people of this state? We guess not, it would be an everlasting disgrace to Nebraska.

The Chief is in favor of the amendment creating two new supreme judges as the legal business of the state is becoming more than three judges can handle, but when it comes to giving a supreme judge more than \$2500 per annum then we say no, emphatically.

The idea that because a man is a superior lawyer he ought to have a large salary is altogether wrong. He should be paid what it is worth to do the business and no more and there are hundreds of lawyers in the state who are fully qualified to fill the high office of supreme judge who would be glad to change places with the honorable judge for the difference in salary. No the salary is high enough and the amendment increasing their salary should be voted down.

**A Watch Factory.**  
On last Monday evening a large body of laboring men met at the opera house for the purpose of making inquiry as to the reason of the non-fulfillment of certain men in the city to make good their promise to the lot in the watch factory enterprise. On motion Mr. Ed Parker was made chairman, and A. C. Hosmer secretary. A call was made upon the secretary of the watch factory for the names of those who had subscribed and failed to make good their promise. The secretary was absent, but the names were given, there being 13 representing 30 lots, more than enough to make up those necessary to complete the 300 lots by 20. Then the names of those who had not subscribed were asked for and they were found to be 13.

Ring-up speeches were made by G. R. Chaney, John Wilhelmson, Judge Wilcox D. B. Spangole, J. L. Miller and others setting forth the facts in the case, which were loudly applauded by the laboring men. After the speeches were finished a committee of five men, was appointed to call upon the men who had refused to help an important enterprise, and get their names for the failure to comply with their promise. The committee was composed of J. L. Miller, Jesse Ross, H. C. Scott, Wm. Vincher, and A. N. Patmer.

Another committee was appointed to draft proper resolutions in regard to the matter to be presented at a meeting to be held this Friday evening.

The laboring men are seriously in earnest about this matter and propose to discover why the enterprise is delayed. Every body should be out to-night.

**Sold! Emick.**

In voting for McKelighan, it is safe to say that you are throwing your vote away, on a man who can not do you any good in congress. Better by far vote for Mr. Harlan, a man who is known to be the friend of the people, and whose record is unimpaired, by that staunch laboring man's friend, Ex Senator Van Wyke.

Van Wyke says that no better man ever lived than N. V. Harlan, and that the people have no better man. If this is true, and no one doubts it, then why not vote for him, for in so doing you will vote for a man who has no record to fix upon, who is beyond reproach, who has just in the best days of his life working for the masses. Has McKelighan ever done better than that? No! He has talked a great deal about the tariff but there are hundreds of men who are laboring minds, who have measured this great question, and all say that McKelighan's theory is all wrong, and there is no doubt but what they understand the question as well as he. The McKinley bill reduces the tariff \$70,000,000, is not that an enormous reduction in the face of the growing expenses of the government?

The republican party has accomplished more for the people than any other party ever has or ever will do. Look at the pension rolls, look at the vast number of free farms given to the people, look at the silver bill, in fact look down along the whole line of his career and you can see no grander record put forth by any party.

On McKelighan or the democratic party do none for the people? They have done more for the people than any other party ever has or ever will do.
