AFRICA is now completely encircled by sub-marine cables, which make up parently lost hope of preventing his altogether a length of 17,000 miles.

In forty years the run across the Atlantic has been reduced one-half. What will the next forty years bring

A LEADING hotel at Asbury Park, N. J., has been fined \$100 for serving oleomargarine to its guests, who did not detect the imposition.

THE buffalo fly has made its appear ance in the territory about Susquehana, Pa., and is causing cows and horses much trouble.

A RETIRED English officer has re ceived a dispatch from Balmaceda anat the first opportunity.

THE business men of Evansville, Ind., are making preparations for a grand delegation next month.

THE national debt of Germany. any other great country in the world, Brompton parish church, London, on is, in rough figures, £39,000,000.

THE island of Trinidad has decided by formal resolution to take part in the Chicago exposition and an address has been published to the merchants, planters and citizens generally of the colony asking their co-operation.

How many people know that Moun Vernon was so named in honor of Adm Edward Vernon, of the British navy, the conqueror of Porto Bello, in whose unsuccessful expedition against Cartagena Lawrence Washington, George's elder brother, sailed as a midshipman?

THE emperor of Germany has be stowed upon Dr. W. J. Hoffman, of the bureau of ethnology, Smithsonian in-Franco-Prussian war and is the fourth American who has received this distinction.

successfully cast at the Ames foundry. be completed and shipped to Atlanta. It will be one and one-half times life size. The work has been delayed, so that the original date for the unveiling of the statue, September 15, had to be changed.

"SISTER BEATRICE," the notorious bogus nun, was arraigned in Jefferson market police court, New York, on the charge of vagrancy, preferred by Agent Jerome, of the charity organization society, and was committed for examination. She is the woman who sued the late Senator Simon Cameron, of Pennsylvania, for \$50,000 for breach of promise of marriage and was beaten by Gen. Butler.

THE force of public opinion had its gust of \$4,490,679. effect on the Georgia legislators who voted against furnishing a home to poor houses. The opponents of the measure held a conference, the result of which was the introduction of a bill pensioning all indigent confederates. One hundred dollars per year is the sum fixed for each. The bill will undoubtedly pass.

R. Kipp, at Rhinebeck on the Hudson, is said by the Epoch to be the only session of the family that secured the original deed from the Indians. The colonial homestead on the estate is very old and the place is called Ankony, from the name of one of the three Indians who signed the original deed.

THE important announcement has been made by Gov. Ambrose Shee, of the Bahama islands, that arrangements have been fully made for laying a cable from Jupiter inlet on the Florida coast of the United States to Nassau, and that the contract provides that the same shall be in working order by December 20 of this year. At Jupiter the cable will connect with the United States government land wires to Jacksonville.

THE inter-state commerce commissio has rendered an important decision regarding the separate coach laws of Texas and Arkansas. The decision is given in the case of a negro purchasing a chair car ticket from Louisiana to Texas and who was transferred to the separate coach when he reached Texas. He claimed the federal law had been violated and the commission sustains him, saving that the Texas law affects local transportation only.

J. H. Cooper, of Raht, Tenn., exhibited in Chattanooga several stones from a wall, evidently of prehistoric origin, on his farm. On the pieces of rock, which are peculiarly squared and roughly dressed, are distinct characters or hieroglyphics of a Romic type, so far unknown to archæologists. The ancient wall is for the most part underground, that it extends for some distance in a direct line and may have been part of

It is stated upon good authority that the dismissal of the Turkish ministry was due to the sultan's discontent at the recent outrages upon foreigners committed by Turkish brigands and demand for indemnity for such outrages brought by the German and French ambassadors. The sultan, it appears, and was killed. complained of the inefficient measures taken by the ministry to suppress brigandage, and it is understood that immediately.

THE death of Brig.-Gen. Augustus Wild, late of Brookline, Mass., is reported from Medellin, Colombia, South America. He was a graduate of Harvard medical school, and Jefferson medical college, Pennsylvania. He was a medical officer in the Turkish army in the Crimean war, receiving a medal from the government at its close. He served through the rebellion and rose in rank from captain of a company he raised to brigadier-general. His age was 66. Of late years he was largely interested in mining.

the Yellowstone national park, has assaulted, fired a volley, killing seven submitted to the secretary of the interior his report for the last fiscal year. In it he says that the lakes and rivers of the park are literally alive with trout. He has never seen so many fish elsewhere as there are in the shoal waters near the borders of Yellowstone lake. Buffalo and other wild animals are on the increase, the elk now numbering about 25,000. The of a receiver for the Union Pacific made As threshing progresses throughout buffalo probably number from 300 to

A Prince in Danger. VIENNA Sept 1 -- Prince Nicholas of STOCK ITEMS.

Sheep will not thrive well if they are crowded into too close quarters. Give them room enough at least to be comfortable.

Provide good racks and feed out straw rather than to turn the stock in and let them help themselves. More

benefit can be derived in this way. Hoge and cattle are the principal stock fattened at this season; it is beto push them as rapidly as possible and then market as soon as they are ready

With healthy, vigorous stock, when the weather is only moderately cool is the most favorable time to fatten, hence, in many cases, it is a good plan to be-One advantage in having the cattle dehorned is that a larger number can

bank. He paid no particular attention | be kept with less room than when the borns are let alone, and in winter capecially this is quite an item. Feeding should be done at regular hours. Animals soon learn their hours of feeding, and if they do not get their

meals at regular hours, even when they are well fed, they will fret and be losing to some extent, at least While during the summer cata, barley, mill-feed and bran make the best foods for growing pigs, during the winter some corn should be added in order to secure animal heat, and corn is one of the very best materials that

can be supplied for this purpose. I should not be made an exclusive but only a principal food. The best seasons for fattening hoge are early in the spring and in the fall and a pig that has been kept growing good. The robbery consumed about from birth should be ready to market ten minutes, and then the desperadoes at an average of eight or nine months of age. To secure this, however, it is very essential to have a good breget and
