Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osceola,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KIRCHELOE,
Corway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

The Next Congressman.

At the republican convention held in this county this week the delegation to the congressional convention at McCook were instructed to use all honorable means to secure the nomination of Hon. J. D. Gage, for congressman for this district. We are happy to say that the motion was passed by a unanimous vote, which indicates the high esteem that the people of this county have for him.

We cannot say anything new about this gentleman to the people of Franklin county, from the simple fact that he was one of the pioneer settlers of this county, having located here in '71, has virtually grown up with our people and is probably better known than any other man within our borders.

He has been a life-long worker in the republican party, always gladly contributing his talent and means for the support of its candidates. Should he be fortunate enough, to secure the nomination at McCook convention, the republicans will have a candidate who they can point to with pride and know for a fact that he can be depended upon to always represent the principles of his party, and the interests of his constituency. He was a brave soldier and his loyalty to the flag of our country is excelled by none in our country. He is a careful, honest and accommodating business man and in his business relations has won a host of friends by his fair way in dealing with his fellow men.

He was a close personal friend of the late Jas. Laird, who was known and recognized as the ablest man in the state. Mr. Gage has many of the personal traits of his deceased friend, and we believe will come nearer filling the position of congressman than any other man in the district.—Echo.

SERIOUSLY HURT.—A brakeman named Quigley, was seriously injured at Bloomington Thursday morning. He stepped in between some cars to make a coupling when he was knocked down in the center of the track. Two trucks passed over him, the brake beams rolling and twisting him about in a fearful manner. Fortunately the wheels did not strike him and he was taken from under the train with several broken ribs and a number of serious contusions in different parts of the body. It is thought he will recover. He was rear brakeman for Conductor Sollydy and had run on the local freight for a year or two.—Republican City Independent.
