WHITE POSSES (ALSO ORGANIZED.

Two Negroes Killed and Seven Wounded -Terrible Fight on a Scaffold Over Ningara - Fatal Shooting of a Raptist Preacher.

MEMPHIS, Tenn., Oct. 8 .- An Appeal-Avalanche special from Clarksdale, Miss., says: Sheriff Harris, of this place, was notified this morning by Deputy Fitzgerald, of Friars' Point, to at once organize a posse and proceed to the plautation of Mr. J. K. Wilkinson, a large planter of Bo Boa, a small town eight miles south of this place, to put down an insurrection among the negres in that locality and against the

Sheriff Harris promptly complied and in a short time had an armed posse, consisting of twenty-seven men from this place. The information has just been received that two negroes were killed outright and nine captured and are now at Friar's point, heavily

In addition to the two negroes killed, several are said to be mortally wounded. The negroes took to brush and are still out well armed. None of the whites are reported hurt.

From conversation made by some of the negroes, it is learned that they have organized an order among themselves covering the whole neighborhood with pass words and grips for the avowed purpose of killing the whites.

The greatest excitement prevails. Negroes are thoroughly organized, and fears are entertained that the end has not been reached. Mr. Sessions, manager of the plantation, was fired upon yesterday, but was not hurt.

The town is without telegraphic facilities and the Wilkinson place somewhat in the interior, therefore details are somewhat scarce.

A FIGHT IN MID-AIR. BUFFALO, N. Y., Oct. 3.-Two painters engaged in repainting the cables and guy ropes of the cantilever bridge across the Niagara river had swung a slender scaffold 200 feet above the seething stream on which to do

their work. They were both Canadians, one a French Canadian, from Montreal, named Joseph Graves, the other named William Gamel. At dusk yesterday evening they engaged in a terrific hand to hand struggle in which Graves nearly lost his life.

What started the quarrel no one knows, but Gamel lost his temper, grasped a hatchet and threatened to brain his companion. Then ensued p duel, the like of which is rarely de scribed except in fiction.

Graves grasped the would-be assassin's wrist, but Gamel was the stronger and pressed the weaker painter to the edge of the scaffold, threatening to hurl him into the river. To save himself from falling, Graves loosed his hold on Gamel's wrist and grasped a rope.

Three quick, sharp blows were rained on his defenseless head by the enraged assailant. Two fell on Graves' back, and one split open his skull back of the left ear. He staggered, lost his hold and fell, but was caught between two guy ropes as if by a miracle, where he lay out of reach of the other.

With the blood streaming from his cuts, Graves climbed hand over hand up the cables to the bridge floor. Game! followed, hatchet in hand. Here another workman interfered and prevented actual murder. It is doubtful if Graves can survive.

Gamel escaped while Graves was being attended by surgeons hastily summoned. Constables think he has fled to Buffalo. He is a sailor and may ship up the lakes. He was last seen on board a Michigan Central train. A FATAL SHOOTING.

LITTLE ROCK, Ark., Oct. 3.-On Thursday evening at Baird's Chapel in Hempstead, thirteen miles west of Prescott, a fatal shooting affair occurred, the participants being Newman Sherfield, and his brother-in-law, Pink Allen. Sherfield was shot through the heart. Allen claims to have acted in self-de-

Sherfield was a missionary Baptist preacher, and was to have been tried that night at the chapel on some scandalous charges. Allen was about forty yards from the church when Sherfield came up and the shooting occurred. When the members arrived from the church they found Sherfield lying on the ground, dying. He had a pistol in his pocket, but had not been able to draw it. Allen made no attempt to escape. The parties had married sisters, and Sherfield leaves a widow and chil-

Switchman Killed.

SEDALIA, Mo., Oct. 3 -Richard Anderson, single and aged 22 years, employed as a switchman in the Missouri Pacific yards here, had both ankles ground to a pulp Saturday night. He was in the act of pulling a coupling pin, when he fell beneath a car and was run over. Both limbs were ampu-tated, but he died of his injuries at 5 o'clock yesterday morning.

Thought It Was In Fun. Wichita, Kan., Oct. 3.—George Klentz hanged himself yesterday afternoon in the presence of his two grown daughters, in a room in his house. The girls thought he was doing it for fun, and when taken down he was dead. Klentz was intoxicated.

Depot Burned. CHILLICOTHE, Mo., Oct. 5.—The Wa-bash railroad depot here burned to the ground last evening and the contents of the ticket office, baggage room and the freight house were destroyed, aggregating a loss of over \$15,000.

The Baptist church at Deadwood, S. D., was burned recently. During the fire a physician and a fireman had a fight and the physician got the worst of it, when he drew a revolver and shot the fireman dead.

THE COAL COMBINE.

Chicago and New York Take Preliminary Steps to Break the Pennsylvania Coal Trust. CHICAGO, Sept. 28.—State's Attorney

Longenecker took the first legal steps yesterday toward the breaking up of the coal trust. An information was filed in the circuit court to restrain the Philadelphia & Reading Coal and Iron company and J. W. Skeele, its agent in Chicago, from selling anthracite coal in the county of Cook, Ill., on the ground of unlawful combination.

The petition, which is filed in the name of the people of the state of Illinois, sets forth that in February. 1892, in the state of New Jersey, the Philadelphia & Reading Coal & Iron Co. was incorporated and ever since has been doing business in New Jersey and elsewhere. At that time the corporation is said to have entered into trust and combination with the Philadelphia & Reading Railroad Co., the Port Reading Railroad Co., the Central Railroad Co. of New Jersey and the Lehigh Valley Railroad Co., all incorporated to regulate and fix the price of commodity called anthracite coal, and to fix the quantity to be mined and

The Reading company and the other corporations, it is said, are about to unlawfully fix, regulate and advance the price of coal regardless of the demand or amount to be purchased or consumed in violation of the state laws and to the damage of the people of the county of Cook of over \$1,000,000. Under these circumstances the court is asked to compel the Reading company to answer whether it has entered into the combination and if not to set forth the agreement or arrangement it has made with

the other corporations.

The court is asked to grant an injunction prohibiting the company from doing business in the county of Cook, state of Illinois. No further steps than filing the petition were taken and an injunction has not been granted.

ACTION IN NEW YORK. New York, Sept. 28.-The state senate committee instructed to investigate what is known as the Reading coal combine met yesterday. The members present were Senators Saxton and Erwin. The latter acted as chairman. The session was spent in listening to the recommendations of the counsel to the committee, D. S. Griffin and Thomas Jackson, which were read by Mr. Grif-

The testimony, he said, showed that the Philadelphia & Reading company and four other companies controlled the whole of the output of anthracite coal and had raised its price without regard to the cost of production. In New York state this was done through railroads operated here under charters granted by the state. Several of these railroads were united under a corporation known as the Lehigh Valley Railway Co., leased to the Lehigh Valley Rail-road Co. and released to the Pennsylvania & Reading Co., a Pennsylvania corporation. Other railroads in this state known as the New York division of the Delaware, Lackawanna & Western railroad were under control of a foreign corporation. It was against the laws of the state for any stock corporation to combine with another stock rporation to prevent competition the production and sale of the necessaries of life.

It was against the laws of that state for the railroads to combine to control price of coal. They had no right to do this under which they were built, and the corporation that leased them could not acquire such right. There were two remedies of which the people might avail themselves. One was to dissolve the companies that had so leased their roads, the other was to annul the

The committee resolved to adopt the recommendation of its counsel as its opinion, and to refer it to the attorneygeneral, together with a copy of the testimony taken and to ask him to take such legal steps as he may deem advisable. The committee then adjourned.

A MURDEROUS CONCERN.

Scores of Infants Killed By Abortionists at

SAN FRANCISCO, Sept. 28.—A short time ago a man calling himself Dr. Henry C. Beal, his wife, known as Nellie Haven, and Hattie E. Graham were arrested charged with the murder, by malpraetice, of Mary Carroll, the daughter of a Petaluma county farmer. Beal forfeited \$5,000 bail and disappeared, but the women are still in

The Examiner says that according to the story of a Mrs. Montreso, Beal has committed a great number of murders in this city. The woman says that Beal used her house for ten months as a private hospital. During that period he had about fifty patients, and there were no fewer than forty children born alive in the house, not one of them being permitted to live. Beal either chloroformed or drowned his helpless victims, after which he weighted their bodies and threw them into the bay or cremated

them. Smugglers Surprised.

DEL RIO, Tex., Sept. 28.-A band of smugglers, who have been operating along this section of the border, were surprised by a posse of custom house guards. Five of the outlaws were captured, together with a large quantity of dutiable articles, which they had brought over during the night from Mexico. It is charged many of the merchants are in league with the smug-

That Chicago Bribery Charge. CHICAGO, Sept. 28.—The grand jury yesterday looked into the charges that Chief of Police McClaughry had been offered \$50,000 to close the Garfield park track. Early in the day subposnas were issued for Mayor Washburne, Maj. McClaughry, Ed Corrigan, James Burke, John Brennock, William Bradford and Wesley Shimmel. The mayor, chief of police and Mr. Bradford were all out of the city and the grand jury heard the testimony of the other four. The examination of the witnesses was not productive of any startling devolepments, all declaring that they knew nothing of the alleged bribery.

NANCY IS A DAISY.

The Little Mare Lowers Her Record and Makes a Mile in 2:04-Axtell's Time Reaten By Monbars. TERRE HAUTE, Ind., Sept. 29 .- The

world's record for the light harness horse, either trotting or pacing, was lowered yesterday when Nancy Hanks trotted the mile in 2:04.

The 10,000 people who saw it sat breathless for a moment after the little mare passed under the wire, and even Doble, always modest of speech, declared, when carried to the judges' stand on the shoulders of the crowd and called upon for a speech, that he "was hoarse because Nancy Hanks went so fast it took his breath away."

It was about half past 4 o'clock when the scrapers put the track on edge and Starting Judge Walker announced that Nancy Hanks would go to beat her record of 2:07 made over the regulation track at St. Paul. The daughter of Happy Medium had been worked two miles in 2:36 and 2:25 respectively earlier in the afternoon. The runner, Abe Lincoln, stood opposite the flag, while Nancy was taken well up the stretch for the start. Coming like a whirlwind down the stretch Abe was at her wheel and Doble nodded for the word. The clip was a terrific one. She was at the eighth in 15% seconds and at the first quarter in 31 seconds.

The second, and up hill quarter, was done in 31% seconds, the half being reached in 1:02%. The excited crowd began to cheer, but at a word from the judge lapsed into silence. This was only broken by murmurs when the

third quarter was done in 29% seconds. Even the judges were appalled at the wonderful burst of speed and thought the mare was running away. So fast did she come that no one could tell her gait. On she flew and into the stretch, never faltering. Doble, clucking gently, 'whon" to keep her steady, squared her away for the great flight home. Even her light boofbeats sounded loud to the silent crowd. As Doble gathered her for the final effort he touched her gently with the whip, gave two or three masterful lifts of his and the world's record, either pace or trot, was lowered one and one-fourth seconds and the record for regulation track three

seconds. The excitement over the great mile did not really begin until evening. when crowds gathered about the hotels. Nearly every noted driver in the country is here, and all are unanimous in declaring that it was the most wonderful mile ever done. Mr. Doble received hundreds of telegrams of congratulation from all over the country. He wired Mr. Bonner: Nancy Hanks, 2:04 over a regulation track." This is a gentle hint that the owner of Mand S. and Sunol can present him the \$5,000 offered for the horse to trot a mile in 2:05 over a regulation track.

Mr. Doble sald last evening that too much credit could not be given Ben Kenny, who brought out Hanks and gave her her first race record. "The more I see of her," he added, "and the longer I handle her, the more credit I give Kenny. The little mare is of sweet disposition, but easily spoiled, and I feel proud to know that she should have first gone into the hands of a man who knew just how to handle her."

Mr. Doble was questioned about great mile and asked if he thought Hanks had reached her limit. He said the track was just right, the mare was just right, and the driver was at himself. As to the possibilities of Hanks lowering her record he thought that, as she is only 6 years old, she would train on next year and be even a better mare than now.

The official time of the mile is: To beat 2:07 Nancy Hanks, by Happy Medium, dam Nancy Lee, Doble, 1. Time, :81, 1:02%, 1:32%, 2:04.

Not only was the world's record broken, but the three-year-old stallion record made in 1889 by Axtell when he trotted over this track in 2:12 was lowered by Monbars, the black son of Eagle Bird. He was accompanied by a runner and made the quarters as follows: :33%, 1:0714, 1:30%, 2:11%.

MRS. HARRISON'S CONDITION, WHEAT-No 2 red

Her Physician Pronounces Her Case Hope-less, Although She May Live For Months. Washington, Sept. 29.-In conversation with a relative of Mrs. Harrison yesterday as to her condition and prospeets, Dr. Gardner said:

"The case is without hope. Mrs. Harrison will never arise from her bed again. There is, however, no telling when she will die. It may come in a day, a week, a mouth, or she may live as long as two years. However, everybody should be prepared for the worst any time."

On being asked as to the condition of the disease Dr. Gardner continued: "As has been said all along by me, the imminent, pressing trouble right now is her lungs. It is the lung trouble which holds her down and is dragging her down."

Dr. Gardner's attention was called to the fact that Mrs. Scott-Lord, Mrs. Harrison's sister, had died of cancer of the stomach and that the malady was thought to be hereditary in her family. "Mrs. Harrison may have cancer of the stomach," said Dr. Gardner. "Cancer of the stomach is not always discover able, and especially in its first stages, but at least this is not what is bearing her down at this time. It is the lung affection which has now a hold apon

No unusual change has taken place. Mrs. Harrison was resting quietly with the aid of opiates. There is no credence to be placed in the stories that her condition is better.

Death of a Prister. MONTICKLLO, Ill., Sept. 29.—Edward Hunter, a printer, who has been en-gaged on the Kansas City Times, met with a terrible death near here Monday night. He got on the Wabash cannon ball and took a position on the forward trucks. His cousin, Frank Hunter, was on the front end of the baggage car. They had been drinking freely, and Edward lost his hold on the trucks and was dragged about one mile. A terrible hole was cut in his side and his head was cut in several places and one hand cut off. He was not dead when found, and he pleaded with the train-men to kill him. He soon died.
