Self Torture!

That's what it amounts to, when you attempt to do washing and cleaning, now-a-days, without Pearline. And the strange part of it is, that you should be willing to suffer, when it's only for your loss and not for your gain. That needless back-breaking rub, rub, rub isn't saving you anything. It's costing you money.

It is simply wearing out the things that you're washing.

Why would you rather do it?

That is what the women who

are saving their strength and their clothes with Pearline can't understand. Peddlers and some unscrupulous grocers will tell you.
