**Here's the Idea**  
Of the Non-pull-out Bow

The great watch saver. Saves the watch from thieves and falls—cannot be pulled off the case—costs nothing extra.

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the grooves, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

Can only be had with cases stamped with this trade mark.  
**Jas. Boss Filled Watch Cases** are now fitted with this great bow (ring). They look and wear like solid gold cases. Cost only about half as much, and are guaranteed for twenty years. Sold only through watch dealers. Remember the name.

**A Merry Christmas.**

THE CHIEF, this week, out of the usual line, presents its compliments to its many readers, by printing on tinted paper. The times during the last two years have become much better and we hope to see them continue. We have abiding faith in Red Cloud and Webster county, and believe that it lacks only time to make it the greatest agricultural country on the face of the globe. For this we should be thankful. Therefore, we feel doubly rejoiced to think that we have the pleasure of predicting the success of the country, and at the same time wishing our hundreds of readers a genuine Merry Christmas, for such it is. With the cribs bursting with golden grain and the bins full of fine wheat, and the larder full of provender, and to spare, is enough to make one feel that the Lord still reigns and Israel is free. Do not let Christmas pass without an effort to make your family and friends happy by some little token or souvenir that will make life pleasant and worth the living, and in addition do not forget the poor, and while you are rejoicing, let your hearts go out to those who have not the means to buy Christmas souvenirs. Again wishing one and all a merry Christmas, we hope with the advent of '93 to make THE CHIEF the best paper in the county.

**Indian Creek**

I have not seen any items from these parts for some time. I will try and write a few.  
It is quite frosty weather for gathering corn these mornings.  
Ed Metcalf finished gathering corn last week.  
Clarence Reed is busy shelling corn. He has shelled close to 20,000 bushels this fall. We have heard he was going to get married. Some young lady must have popped the question.  
A Mr. Boyd from Ohio was looking at land on the creek last week.  
Mrs. George Scott is visiting with her sister in Grand Island. George had about 600 bushels of corn shelled last week.  
Geo. B. Lea built a barn this fall. His son Frank did the work. PAT.

The Noble Dramatic Company which has been holding the boards at the Opera House this week is certainly one of the best all around dramatic companies, that has ever played before a Red Cloud audience. The repertoire and the dramatic persons, is beyond criticism, while the tragedians and comedians are not only such by appellation but, are really true to their calling. We have not space to mention the entire company, but will say that Messrs. Noble, Burton, Weidemar, Kreyer, and Arthur and Misses Vina Noble, and Little Alice along with Mrs. E. F. Kreyer, are surely more than the usual actors in their various roles. The balance of the company do their parts extremely well. Their band is superior to any that has ever visited Red Cloud. THE CHIEF hopes they will meet with success.
