

KELLY'S PLANS.

OUTLINES HIS PROBABLE ACTION ON REACHING WASHINGTON.

Thinks His Living Petition Will Be Hard to Pigeonhole—Lawyers Drawing Up a Memorial to Present to Congress—Industrialists Organizing at Lincoln.

AVOCA, Ia., April 24.—Kelly's reception here Monday night was fully as flattering as that accorded him at Neola. The 2,500 inhabitants were apparently all on the streets and the bewary armed countrymen and business men lined up with each other in doing them honor.

Company C, which had been disbanded at Neola for insubordination, rejoined the army during the afternoon, and after an object personal apology from each member, Kelly mustered them back into the service.

Kelly has finally consented to outline his plans for the end of the journey. Should his army be refused approach to the capitol, he will, upon his arrival at Washington, he says, take four of his men and make a personal appeal to Congressman Pence of Colorado.

"Petitions from laboring people have been numerous and ineffective in the past," said Kelly, "but this living petition will be hard to pigeonhole. That is the reason I am leading these men to the capitol. Once there our plans will be successfully carried out."

"Congressmen are already pledged to present a memorial in our behalf. That memorial is now being drawn up by a well known Washington firm of constitutional lawyers, and will be ready for us when we reach the journey's end."

PLAN TO MURDER KELLY.

Disaffected Members of Company K Plot to Assassinate the Army's Leader.

ATLANTIC, Ia., April 25.—At midnight Tuesday, while General Kelly was at the telegraph office, he received information through a Mason, of which organization he is a member, that a plot had been arranged by members of company K, who are in revolt, to assassinate him.

The general later announced that on investigation he found the report true. The plan was to kill him and take what money could be found on his corpse, thus leaving the impression that he had been killed by highwaymen. The general will take action to expel all persons connected with the affair from the camp.

ATLANTIC, Ia., April 26.—Kelly's industrial army reached Atlantic at 6 o'clock Tuesday night with Colonel Spend and his followers in the ranks. The day had been an eventful one, Spend having been deposed, and a separation of the Sacramento and San Francisco divisions having been effected during the march with a narrowly averted war.

WASHINGTON, April 21.—At the conclusion of the morning hour, the house today resumed consideration of the diplomatic and consular appropriation bill. WASHINGTON, April 21.—The reading of the house bill for the protection of birds and animals in Yellowstone park was interrupted today by Mr. Allen (Pop., Neb.), who was desirous of answering Mr. Hawley's speech of yesterday. He was not permitted to do so, however.

OMAHA, April 21.—General Kelly is all that all the good words hitherto said of him conveyed to the reader and more. He displayed the rarest of judgment and fortitude Friday night when he declined to put his men on board a train stolen at Council Bluffs by the engineers and firemen of the Union Pacific.

There was great excitement here all day and it was intensified at nightfall by the news that a train had been captured to relieve Kelly.

Rumors of the calling out of federal troops, of state troops, of deaths in Kelly's camp, and of every conceivable nature, kept the crowds on a tension hard to understand. But no unusual disorder ensued, and as if by a miracle the clash that seemed inevitable was avoided.

Kelly's army slept in camp at Weston, waiting for daybreak to march to Council Bluffs, whence a new start east will be made on foot. Quiet was restored in the three cities by midnight.

WORK OF NATIONAL LAWMAKERS.

Washburne Speaks in Opposition to the Tariff Bill.

WASHINGTON, April 18.—The house devoted the entire day Wednesday to debate on the consular and appropriation bills. It touched a wide variety of subjects and at times was brim full of interesting personalities.

WASHINGTON, April 18.—Before beginning the tariff debate Wednesday in the senate Senator Gallinger (N. H.) gave notice that he would speak on the tariff next Friday and Senator Palmer that he would speak Tuesday next.

Senator Peffer stirred up quite a hornet's nest by calling up his resolution for the appointment of a committee on communications to receive the petitions of Coxey's army. He explained the object of the resolution as being a preparation for the proper reception of this body of men, and to give them every facility to present their grievances to congress.

Mr. Peffer was followed by Senator Allen (Pop., Neb.), who, while not entirely approving of Coxey's action, asserted the perfect right of Coxey and his followers to come to Washington if they chose.

WASHINGTON, April 19.—The house is making very slow progress with the diplomatic and consular appropriation bills. Almost the entire day Thursday was devoted to thrashing over the old straw in the Hawaiian controversy.
