MINERS' WAR ENDED.

GOVERNOR WAITE SETTLES THE CRIPPLE CREEK STRIKE.

Entire State Militia Called Upon to Go to Cripple Creek to Aid the Sheriff—Miners to Be Paid Three Dollars for Eight Hours' Work.

CRIPPLE CREEK, Colo., June 6.—The news that the strike had been settled caused the morning hours Tuesday to be spent in a manner fitting to the occasion. Banners were run up on the liberty pole and almost every merchant and householder directly followed the example. Flags and bunting floated from almost every window, men and women wore small flags about their person and everybody gave evidence of the relief they felt. Shortly before the noon hour, however, rumors of a nature to dampen the ardor began to pass from mouth to mouth. One was to the effect that some of the mine owners were not satisfied with the agreement and would not be bound by it. Alexander McIntosh, state organizer for the miners' union, read the arbitration agreement to the assembly of miners and immediately all the men on Bull Hill laid down their arms, the pickets were called in and the fortification abandoned.

The outlook for peace was not so favorable later in the day. The strikers are dissatisfied because the agreement binds only Hagerman and Moffat, besides which the deputies made a threatening move. A company of 60 deputies advanced to Midland Tuesday and took possession of the town and later were reinforced by a large body. Tuesday night a telegram was received stating that Sheriff Bowers would move the deputies toward Bull Hill. The strikers look upon the movement of the deputies as an indication that the agreement will not be adhered to and they are greatly angered in consequence.

Immediately upon receipt of information that the deputies had advanced to Midland, couriers were sent in every direction and in a short time all the strikers were again under arms. A body of four companies immediately began the march in a heavy snow storm to Midland to meet the deputies. About 500 remained at Bull Hill to meet the expected main attack, while other parties went to Victor and elsewhere.

DENVER, June 5.—The strike at Cripple Creek has been settled. Late Monday night the conference between Governor Waite, J. J. Hagerman and David H. Moffat arrived at an agreement, which is satisfactory to all parties.

The conference began at 8 o'clock at the request of Governor Waite. As soon as the triumvirate assembled, Governor Waite announced that he was authorized to act for the miners and consideration of the various points was immediately begun. But one point caused serious complication and that was the time allowed for luncheon. The miners demanded 30 minutes, they to be allowed pay for the time.

The articles of agreement provide that the miners shall work eight hours a day, with 20 minutes for luncheon; that they be paid at the rate of \$3 a day, and that the mine owners in employing men shall not discriminate against either union or nonunion miners.

At the conclusion of the conference, Governor Waite issued a proclamation calling upon all the people in El Paso county who were forcibly holding the property of others and who were bearing arms in violation of the law to deliver up such property and to lay down their arms. The entire state militia is called upon to go to Cripple Creek, El Paso county, and aid the sheriff in restoring order.

Beat Them Shockingly.

MCKESPORT, Pa., June 6.—Never has this city witnessed such scenes of defiance of law and the inability of the authorities to cope with the lawlessness to the extent of repressing lawlessness as were enacted here Tuesday and continued during the night. The trouble grows out of the strike at the tube works and the strikers after nightfall outwitted the police, broke into the mill yards and made systematic tours of the works and their surroundings. The plant resumed in two departments Tuesday and about 25 men went to work. The news quickly spread and by noon a mob of nearly 10,000 had assembled about the gates awaiting the appearance of the workmen. Most of the men remained inside, but a few attempted to go to their homes and were caught by the mob and terribly beaten.

The mob then dispersed in part but toward evening reassembled and by 8 o'clock probably 5,000 men were massed in front of the entrance to the works on Fourth avenue and it was seen fully three-quarters of the men were foreigners. They captured a Slav workman and beat him terribly. At the mills the mob surged around the entrances until 7 o'clock when a rush was made and they broke into the yards. Then began a wild chase and pursuit of the hunted workmen inside. Several welders took to the river and made their escape to Millin township, pursued by crowds of strikers, and were finally chased off into the darkness towards Du Quenee. The strikers were in complete possession of the place. They ranged over the ground and finally routed out 10 hidden workmen who made a dash for freedom, but were cut off and surrounded.

With no compunction, about 10 men, armed with clubs, attacked one defenseless man. The mob set upon those men in swarms and beat them shockingly. In the crush to get at the prostrate man, one fellow was badly stabbed. It was the Homestead fight over again, with variations. One poor fellow, who was discovered and pushed close by his pursuers, in desperation, sprang into an electric car passing along the street. The strikers surrounded the car and the motorman tried to force it through the crowd. The trolley pole was pulled down and the car stalled. Then the fugitive was dragged from the car and beaten and kicked into insensibility.

WORK OF NATIONAL LAWMAKERS.

Compromise Amendments to the Sugar Schedule Adopted.

WASHINGTON, May 31.—The senate, Senator Mills alone refusing to vote, unanimously passed a resolution declaring that the United States will not interfere with the affairs of the Hawaiian Islands, and that the United States will regard interference with the affairs of the islands by any foreign power as an unfriendly act.

The tariff bill was taken up. Several amendments offered to the lumber paragraphs, looking to a duty on rough lumber, were voted down by a strict party vote. Senator Allen moved to strike out paragraph 178.

Senator Vest surprised the Republicans when he announced that the amendment would be accepted by the Democratic side. As the amendments to the lumber schedule was being voted on without debate, under an agreement made on Wednesday, the vote was immediately taken and it was agreed to—33 to 24—a strict party vote, Messrs. Peffer and Allen (Pops.) voting for it. This will have the effect of putting all lumber on the free list.

WASHINGTON, May 31.—General Sikes introduced and the house passed a resolution instructing the secretary of war to do what is necessary under act of March 3, 1893, for the preservation of the Gettysburg battlefield.

The bill for an additional judge for the Northern district of Illinois passed, after which the bill to repeal the tax on state bank circulation was taken up, Mr. Black (Ga.) resuming his speech in favor of repeal.

WASHINGTON, June 1.—A large horse-shoe of roses rested on the desk of Senator Proctor (Vt.) when the senate met Friday, in honor of that gentleman's 63d birthday anniversary.

The tariff bill was then laid before the senate and the great battle over the sugar schedule began.

Mr. Manderson gave notice that at the proper time he would offer as a substitute for the McKinley bill, continuing it in force until July 1, 1905.

He argued at length in support of the constitutionality of bounties.

WASHINGTON, June 1.—The house passed today the senate resolution directing the secretary of war to transmit to the senate reports of any surveys or estimates for the construction of locks or dams in the Mississippi river between the Chicago, St. Paul, Minneapolis and Omaha railroad bridge and the falls of St. Anthony which he might have in his possession.

WASHINGTON, June 2.—At the opening of the senate session today Mr. Hill again tried, and this time successfully, to secure consideration of the joint resolution authorizing the secretary of war to institute proceedings in condemnation to secure possession of certain portions of the battle field of Gettysburg. The resolution was adopted.

No vote was taken on the Hill resolution for open doors for the sugar investigation, and it went over until Monday, giving place to the tariff bill.

Mr. Aldrich made a sharp and vigorous attack on the sugar schedule and spoke in favor of bounties. Mr. Caffery of Louisiana followed Mr. Aldrich and defended the protective duty as against the bounty system. He drew a running fire from Messrs. Aldrich and Allison. Mr. Caffery said public opinion was against bounties.

WASHINGTON, June 2.—In the house today Mr. Goldizer (Ill.) offered a resolution to inquire whether the commissioners of the District of Columbia had reduced the pay of unskilled laborers and if so why.

Mr. Kilgore moved that the resolution be referred to the committee on District of Columbia, which was ordered and the filibuster collapsed.

The house then went into committee of the whole and Mr. Islar (S. C.) resumed his speech in favor of the Brawley bill. He was followed by Mr. Warner (N. Y.)

WASHINGTON, June 4.—Thirteen senators, six Democrats and seven Republicans, were in the senate room Monday when the senate entered upon the tariff bill. Senator Hoar suggested the absence of a quorum and 20 minutes were spent waiting the presence of 47 senators necessary to proceed. A resolution providing for the payment of the expenses of the bribery and other investigating committees out of the contingent fund was adopted. The tariff bill was taken up, the sugar schedule pending. Senator Vest took the floor.

Allison (Ia.) followed Vest with an elaborate speech on the sugar schedule.

WASHINGTON, June 5.—The compromise amendments to the sugar schedule were all adopted in the senate Tuesday and the pivotal schedule on which the fate of the tariff measure depended went through without change. On the vital amendment to place all sugars on the free list the Democratic line was drawn. Hill (N. Y.) voting in favor of it and Irbly (S. C.) being paired the same way. But the Republicans were unable to hold their own side intact. Messrs. Manderson and Perkins voting against the amendment and Mr. Quay being paired against it, while Sherman, who was present, did not vote at all. Only one Populist, Peffer, voted for free sugar. Messrs. Kyle and Allen, in the final issue, joining with the majority of the Democrats against it. Had all the Republicans with the three Populists and the two disaffected Democrats joined hands, sugar, raw and refined, would have gone on the free list.

As adopted the schedule imposes a duty of 40 per cent ad valorem on all sugars, raw and refined, with a differential of one-eighth of a cent per pound on sugars above 16 Dutch standard and an additional one-tenth of a cent against sugars imported from countries paying an export bounty. It continues the Hawaiian treaty, admitting sugars from the Sandwich Islands free of duty and places a duty of 2 cents per gallon on molasses testing above 40 degrees by the polariscope. The schedule goes into effect Jan. 1, 1895, and the bounty continued until that date.

KELLY'S COMMONWEALERS DIVIDE.

Part of the Army Will March Under Colonel Speed's Banner.

ST. LOUIS, June 2.—"General" Kelly and his navy have left St. Louis, but only after a lively scrimmage with Colonel Speed's seceders. Kelly stole a march before dawn on Speed by secretly putting all the rations on board a commissary boat under guard. He tried also to take the hospital tent, but as there were a number of Speed men in it he was prevented. Colonel Speed succeeded in holding 28 boats, and as Kelly's forces have been recruited by about 200 men since he landed here he was not able to get all his force on board the boats he retained. So he remained behind and marched down Broadway to Carondelet, where he joined his naval forces. The navy dropped slowly down the river to Nagle avenue, where they landed to cook breakfast. Colonel Speed remained at the camp with part of his men and will depart later, going overland and selling his boats on the east side if possible.
