Wienner, THE CLOTHIER.
Established 1883.

Stillwater.

The cold wave has checked the early birds on the farm. Mr. Felix Killough has ceased crowding the season and has concluded to leave the remainder of his oats in the granary until spring. Mrs. Geo Hoffman and daughter Pearl, are again in Firth, visiting her father who has been ill for some time. Rev Shirely of Fairfield delivered an excellent sermon at the Lum school-house Sunday. Walter Taylor, Minnie Newman and Maude Archer, left Monday for an overland trip to Geneva. James Downing and several of the Mt Clare Nimrods spent Saturday and Sunday on the river hunting. One of the boys after emptying 60 shells returned without a feather. Mr. Killough's were favored last Sunday with a pleasant visit from Dick Smith and family, Mrs. Bradshaw, Bina Blaine, Fred Newman, Sol Taylor, Mrs. McNew of Lawrence, Mr. London, lumberman; Mr. Feny teacher; and Mrs. Richardson merchant all of Mt. Clare. The youngest daughter of Joel Christie has been quite sick for the past week. Mrs. Bradshaw who has for some time been engaged in matrimonial difficulties, will return this week to Powhattan Kan., to attend court where she has arraigned her husband for bigamy. Mrs. Finney is still quite low with few hopes of her recovery. In order to correct an erroneous rumor which has reached the ears of many and led them to believe that we are in such dreadful circumstances all paupers, asking alms from the hands of charity, I will merely refer the many readers of THE CHIEF to the financial condition not only those among us who have back-bone and energy enough to provide the necessities of life and believe that "Heaven helps them who help themselves," but to our supposed paupers, who are grappling after every rag, hat or crumb that have fallen as manna to feed and clothe the suffering citizens. It is a mystery how some people with provisions at home can sign the application for aid and yet retain their reputations as being honest christians who never tell a lie. Many who are receiving aid are, I will assert, better fixed financially than the donors. Yet instead of "Standing up for Nebraska" they will do all in their power to make a pauper state out of a self supporting country. It is sad, yet somewhat laughable, to see some farmers, whose credit is good, don an old suit of clothes which makes the wearer resemble the banner tramp of the world and with head erect, conscience gone follow the "rattion trail" like a blind dog after gut wagon. It is true that a few and a very few need aid in our neighborhood. Those who need it should be looked after, but the unprincipled parasites who suck the very blood of charity should be choked off. I will find out how many are worth \$1,000 over and above indebtedness that are desirous of seed up here and send to THE CHIEF soon. The writer knows of one case where a citizen is worth between \$6,000 and \$7,000 who would like a little seed corn. Do you know of any one who wishes to donate.

Deafness Cannot be Cured.
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c.

A Chance to Make Money.
I am delighted with my success selling Dish Washers; in the last six weeks I made \$534, and was sick part of the time. I think this is pretty good for an inexperienced lady. I am surprised there has never been a good Dish Washer put on the market before, as everyone seems so anxious for one. It certainly is a popular demand that is unsupplied and that means big money for the agents that supply the demand. I believe any woman or man can make from \$5 to \$12 a day anywhere in this business, and by addressing the Iron City Dish Washer Co., E. E. Pittsburg, Pa., you can get full particulars. It simply requires a little push. You can't expect to make money unless you try. I would like to have the experience of others of your readers in this business. M. FRANCIS,

Gardenvale.
Oh! see the humble farmer His back a bending low, Planting little onion seeds Praying that they may grow. Several of the Gardenvales have been planting garden and onions, Mr. Row Boner taking the lead. Mr. Herbert Ogden was sowing oats last week. G. A. Latta was in Kansas City this week. Harvey Cox left Gardenvale last Saturday for Orleans where he will attend college.

Mrs. John Waller and Mrs. George Hager of Cowles were visiting in Gardenvale last week. Mr. Horton of Jewell and Mr. Stackhouse of Smith county purchased a load of onions of G. A. Latta last week. There has been pretty good hunting in Gardenvale during the last week and hunters have taken advantage of the occasion. Several of the young people attended the social at the Congregational at Cowles last Thursday evening, and enjoyed a good time. Now gentlemen and ladies if you will be patient and say: An anecdote I'll spring on you, it's interesting sure. Once upon a time, I'll try, and make it rhyme. There came a car of aid to Amboy to the poor. Every fellow and his neighbor came and signed a little paper. And got everything he wanted and perhaps a little more. Oh, yes I beg your pardon there were some I had forgotten Who didn't get a thing but they felt most awful sore. And in that car was everything that would make a poet sing. There were loaves and little fishes until the people cried galeo, But they didn't feed as many as they didn't reach the needy. As they did in old Judea a thousand years ago or more. There were coats too numerous to mention and to these I would call your attention. Because it is the praise of one of them I'd sing, It's a fine three button out-away of the style that's come to stay. Say now my friends and neighbors I'll be with you in the spring. Cut-aways were always my ambition, I was plucked in deep contrition. When George Mann wouldn't let me wear his one any more, But counted his measy picture I have one now that's for better. Than any cut-away that fellow ever wore. Ah, the boys will rage and tear perhaps they'll curse and swear. When they see those charming ladies smile on me. Rasmussen's face will pale when he looks at my coat-tail. And he'll wish himself beneath the deep blue sea.
