A SEVERE WINTER, The Cause of Suffering and an Increase of Diseases.

This winter has been the most severe for many years. North, South, East and West intense cold and blizzards have prevailed. This will surely cause a great increase of sickness and death. Chronic catarrh and consumption always begins by catching cold. Thousands have started on the road toward a lifetime of misery from chronic catarrh or a sure death from consumption. It is not too late yet to be saved and restored to a life of health and activity. Peruna will do it. It never fails to quickly cure chronic catarrh less than two years old. Of course Peruna cures thousands and thousands of cases of chronic catarrh that have run for many years, but in cases that are of more recent origin it cures, quickly, certainly and permanently. Every case of cold or cough that has resulted from the effects of our severe winter could now be cured in a short time by Peruna. Not a single one need fail.

All those taking Peruna who desire the advice of Dr. Hartman about their cases should write giving age, disease and time of sickness, and he will answer free. A few weeks' treatment now will prevent years of suffering and in many cases death. Address The Peruna Drug Manufacturing Company, Columbus, Ohio, for a free book on catarrh, colds, cough, la grippe and consumption.
 For free book on cancer address Dr. Hartman, Columbus, Ohio.

HORRIBLE HOTEL HCL. CAUST
 SLEEPING GUESTS BURNED IN THEIR BEDS.
 HAD NO TIME TO ESCAPE THE FLAMES

Flames Start in the Lobby of a Hotel in Mackeysville, W. Va., and Spread Rapidly—Four of the Guests Probably Fatally Injured—Kansas City's Big Fire.

PAERSONS, W. Va., March 13.—A fatal hotel fire, in which three persons lost their lives and four may die, occurred at Mackeysville, six miles north of here, at 1 o'clock this morning. The dead are: EUGENE CORLEY, EUGENE SINSON, HOMER COLLET.

The following were severely and probably fatally burned: J. E. WILLIAMS, JAMES JENKINS, JACOB CONFER, WILLIAM WILSON. The scene of what came near being a wholesale holocaust was in the I. D. Junkins hotel. The fire started in the lobby and is supposed to have originated from a defective flue. The flames spread so rapidly that the guests had scarcely any time to escape. The watchman was awakened by the smoke and fire and made haste as best he could to give the alarm. Fifteen of the guests managed to reach the windows and then jumped to the ground, receiving but slight injuries. The three men burned to death probably never awoke, or if they did were immediately suffocated. The loss will reach \$2,000, with no insurance.

BAD FIRE AT KANSAS CITY.
 Property Valued at \$300,000 Destroyed in an Hour.
 KANSAS CITY, March 13.—A fire which destroyed over \$300,000 worth of property in an hour broke out at 5:30 this afternoon in the big four story building at 410 West Fifth street, occupied by the English Supply company, dealers in engine supplies and wrought iron materials. The fire spread with almost incredible rapidity through this building and in twenty minutes after it started the whole interior was one mass of flames. The wind was blowing a gale when the fire broke out and the flames were carried to the top of the fifth story brick building north of the English building occupied by the Western newspaper union and the Great Western type foundry.

At 6:40 that building was practically destroyed. In it was a great quantity of type and type material, besides six cylinder presses. The Western Newspaper company printed "patent insides" for 200 western weekly newspapers and employed a big force. The loss in this building alone will exceed \$175,000. The English building was owned by the Kersey-Cotes estate and the destruction of the building and its contents involves a loss of about \$250,000. It is estimated that a little more than half the loss is covered by insurance.

SHOTS IN A CHURCH.

An Omaha Priest and Excommunicated Polea Fight During a Mass.
 OMAHA, Neb., March 13.—During the early morning mass at St. Paul's Roman Catholic church to-day a party of Poles, formerly members of the congregation, but ousted by Bishop Scannell, entered and attempted to take possession. Father Karminski, who was saying mass, resisted, and one of the invading parties opened fire. Father Karminski at once drew a revolver and fired into the attacking party. After a long fusillade the invaders withdrew, leaving the following wounded in the church: F. Dargosewski, shot through both legs. John Kozicka, shot through the knee. Joseph Inda, one of the priest's supporters, stabbed and beaten over the head. The police were at once summoned and after a hard fight they took possession of the church. Several people were arrested, among them Father Karminski, and they are now in jail. The trouble was the outgrowth of discussions which have torn the church for two years.

DOLLAR A DAY MEN NOW.

Missouri Legislature's Seventy Day's Limit Expires—Much Yet to Be Done.
 JEFFERSON CITY, Mo., March 13.—The "halo" surrounding the position of members of the Thirty-eighth general assembly was dissipated to-day. Hereafter members can draw but \$1 per day for their services to the state, and this disagreeable fact strikes them most forcibly, and the interest of many of them lapses. It will be difficult to keep a quorum present much longer, although the date of adjournment cannot yet be fixed. The house has been in session seventy days and the general contingent appropriation bill is still pending. Up to date the legislature has cost the state \$140,000, which, considering the amount of work transacted, is a tidy sum of money.

Insurgent Victory in Peru.
 BUENOS AYERS, March 13.—Lima advices are to the effect that an engagement has been fought at Cahanallis, Peru, between government troops and the insurgents. The government forces were defeated, with a loss of 800 killed.

WASHINGTON.

Arguments on the income tax law were made before the Supreme court by Assistant Attorney-General Whitney and Mr. Edmunds. The postoffice department is appointing 400 mail weighers for the middle western states. Manuel de Almagro, who it is said robbed the Argentine minister, was discharged from custody, the United States having no jurisdiction. Three hundred and fifteen tons of Harveyized armor, made by the Carnegie company for the battleship Oregon, have been accepted. Government officials are not satisfied with the Chicago council's permit to locate a temporary postoffice on the lake front, and may seek a new site. Secretary Morton has presented to the Nebraska Historical society the original manuscript of a noted speech by President Cleveland. Dockery joint commission has submitted a review of its work, showing a great saving in various government departments. Consul Bruhl at Catalonia, Italy, has discovered a market for ready-made American houses among the earthquake sufferers. Class legislation and the demonization of silver are given as the causes of the agricultural depression by the special house committee.

France, Russia, Japan and Hawaii may join with the United States in laying a Pacific cable. Secretary of State Gresham is confined to his room with a severe cold, which has brought on neuralgia. Assistant Secretary Curtis denies there has been a failure in the gold deliveries under the recent bond contract. Arguments in the income tax cases were continued before the United States supreme court. Attorneys Guthrie and Seward declared the law was unconstitutional.

CASUALTIES.
 Twenty diggers in the Sultana mine in Manitoba were suffocated. An accident shut off their air supply. Fire, started by an incendiary, destroyed the court house and a business block at Murfreesboro, Ark., causing a loss of \$15,000. Hoisting house of the Old Abe mine at White Oak, N. M., was destroyed, imprisoning eight men, who, it is feared, have been suffocated. At St. Joseph, Mo., while returning from church, Mrs. Thomas Allen was instantly killed at a grade crossing. Two girls with her were fatally injured. Two men were recently killed at the spot. Mrs. Ellen Leyden, aged 26, was fatally burned while heating a cup of alcohol at a neighbor's house in East Liverpool, Ohio. An express train ran into an open switch at Oakland, Ga., a woman and her child being killed and five persons injured, including Roland Reed, the actor. The steamboat Longfellow ran into a railroad bridge at Cincinnati and sank. Twelve of those on board were drowned. A cyclone passed over the northern part of Georgia. Great damage was done in the vicinity of Cedartown. Two boys at Los Angeles were poisoned, one of them fatally, by cakes containing strychnine, given by a neighbor. Three members of the Detroit fire department, while responding to an alarm, were run down and injured by a train.

MISCELLANEOUS.

Eastern officials are planning to form an agreement based on a division of all through business at present rates. In the suit of the Westinghouse Company against the Boyden for infringement on a brake patent, decision was given at Washington in favor of the Westinghouse people. Father Noonan of Wilmington, Ill., claims to have been wronged by Archbishop Feehan and a fellow priest and has brought three suits for damages. In an interview Pope Leo expressed his approval of the appointment of Father Mahone as regent of New York University. Ex-President Harrison is better and may be able to leave his room this week. Anti-Trust Distilling company has determined to erect another mammoth concern. It may be located at Terre Haute. Gov. McKinley has started on a trip to the south which may have political significance. Citizens of Spring Valley, Ill., in mass meeting, demanded the resignation of the mayor, attorney, treasurer and aldermen. Six members of the Teutonic's crew were given medals for bravery in rescuing nine men from a foundered vessel in midocean.

A MOB AFTER THE ITALIANS

COAL MINERS OF COLORADO RESORT TO VIOLENCE.
 KILL SEVENTEEN ITALIANS WITHIN A WEEK

Italians Suspected of Murder Shot While Being Taken to Prison—Assault on the Jail—Avenge Hand Gains Access and Continues His Work of Slaughter—Details.

DENVER, Colo., March 13.—Mob rule has reigned among the miners in the coal camps of Huerfano county since Sunday night and seven of their victims, all but one Italian, have been slain by bullets from the mob's Winchester. Four of the Italians were killed from ambush yesterday while being taken prisoners in a wagon to the jail at Watsenburg after a coroner's commitment for complicity in the murder of Abner J. Hixon, a temperance saloon keeper at Rouse. A boy who was driving the wagon was unintentionally killed by the fusillade of bullets. Before daylight this morning a mob of miners and citizens of Watsenburg gathered outside the jail where the two Italians were confined, got inside by a pretense and killed both the prisoners. It is reported that the same mob, thirsting for more bloodshed, later took out of jail a German charged with rape and killed him. During the excitement two other prisoners escaped. The names of the dead so far as known are as follows: JOSEPH WELSBY, boy driver of prisoners wagon. LORENZO DANINO, killed in jail. He beat Hixon to death. PETER JACOBINI, killed in jail. The names of the four Italians killed on the road are unknown. Five other suspects had been released from custody before the mob arose. All of them lived at Rouse, where the Italians far outnumber the Americans. Governor McIntire telegraphed the state department at Washington that he had instructed the sheriff of Huerfano county to give him particulars and protect the Italian miners from further mob violence. He stated in his dispatch that from information he believed the Italian miners were American citizens, but he was not certain. He further stated that the militia nearest the scene could be forwarded at short notice. Tonight he received meagre reports from Sheriff O'Malley, who said two were killed on the road, the others escaping. He has instructed the sheriff to call for assistance if necessary in doing his duty. A report from Watsenburg tonight states that three of the Italians who were being brought here from Rouse escaped, their names being given as Antonio Gobotto, Stanislao Vittano and Francisco Rosetto. It is also stated there were eleven Italians in the wagon. Today's attack upon the jail was the result of the extreme excitement provoked by the summary vengeance of Hixon's friends. Three other Italians who were in custody as possible accessories to the murder of Hixon were overlooked by the mob. The killing of the men from ambush was evidently well planned, with the exception of the killing of the driver. Four of those killed had been held for trial by the coroner's jury. It is openly asserted that Welsby's death was accidental. In order to be certain that the fifth Italian held for Hixon's murder should not escape the mob today did not stop to identify the two prisoners found in the jail, but riddled both with rifle balls. The motive for the murder of Hixon is the subject of much speculation. The deceased was thirty-six years old and a native of Arkansas and was not of an aggressive or quarrelsome disposition. It is thought that he was attacked last Sunday while on the road from Watsenburg to Rouse, a coal mining camp six miles distant, and was knocked from his horse by a blow on the head. Workmen going to the house mine discovered Hixon with his skull fractured. The injured man was unconscious and died two hours later. There was no clue to the perpetrators of the crime, but J. S. Brewer, superintendent of the coal mine, solved this difficulty. Hastening to his home he secured a trained bloodhound and put him on the scent. The dog struck a trail that led the pursuers to the rear of a saloon a half mile away. The intelligent brute bayed and rushed to an old table standing in the rear room. An examination of the table revealed fresh blood stains. Lorenzo Danino and Jobatic Antonio, who were found in the room, were immediately arrested. The dog continued to a neighboring cabin, where Pete Possetta and Frank Aurico were found. The quartette made many damaging admissions of knowledge of the murder and upon close questioning the names of five others implicated were divulged. Danino was charged with being the chief conspirator. Horsemen scouted the surrounding country and at 4 o'clock in the afternoon all the suspected Italians were under arrest and lodged in jail, where they remained until called to attend the inquest.

Charles Davidson, a young man living near Stanton, has been arrested charged with being the ruin of Miss Abbie Holmes.

CASTORIA
 for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons? **Do You Know** that in most countries druggists are not permitted to sell narcotics without labeling them poisons? **Do You Know** that you should not permit any medicine to be given your child unless you or your physician know of what it is composed? **Do You Know** that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle? **Do You Know** that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined? **Do You Know** that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense? **Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless? **Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose? **Do You Know** that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest? **Well, these things are worth knowing. They are facts.**

E. W. Wells, whose death was mentioned last week was laid to rest in Thompson cemetery on Thursday, March 7. The funeral services were held at Eckley church and were conducted by Rev. Seymour of Guide Rock. It was the largest funeral we ever attended in these parts. Mr. Wells was one of the oldest settlers also an old soldier, having served in an Iowa regiment; was a loving husband and father and a good neighbor, also a devoted Christian, having been a church member since he was thirteen years old. Now he is at peace.
