

Scott's Emulsion

of Cod-liver Oil, with Hypophosphites of Lime and Soda, is a constructive food that nourishes, enriches the blood, creates solid flesh, stops wasting and gives strength. It is for all

Wasting Diseases

like Consumption, Scrofula, Anæmia, Marasmus; or for Coughs and Colds, Sore Throat, Bronchitis, Weak Lungs, Loss of Flesh and General Debility. Scott's Emulsion has no equal as Nourishment for Babies and Growing Children.

Buy only the genuine put up in salmon-colored wrapper. Send for pamphlet on Scott's Emulsion. FREE. Scott & Bowne, N. Y. All Druggists. 50 cents and \$1.

Weather Bulletin.

(Copyrighted, 1895, by W. T. Foster.)
ST. JOSEPH, MO., Mar. 30.—My last bulletin gave forecasts of the storm wave to cross the continent from March 30 to Apr. 3. The next will reach the Pacific coast about the 4th, cross the western mountain country by close of 5th, the great central valleys from the 6th to 8th and the eastern states about the 9th.

This storm will bring remarkable extremes and radical changes in the weather. Summer heat will prevail for a few days previous to the storm wave dates and then a drop in the temperature that will send frosts far southward. This cool wave, in places a real cold wave, will keep the temperature below normal for a week following.

Severe local storms may be expected accompanying this storm wave and, making allowance for a month's progress toward summer, the weather will be very like that which occurred about and following March 10th.

The warm wave will cross the western mountain country about 4th of April, the great central valleys 6th and the eastern states 8th. The cool wave will cross the western mountain country about 7th, the great central valleys 9th, and eastern states 11th.

During the period covered by this storm wave, including the cool wave, rainfall will be very light in the northern states. More rain will fall in the southern states but will not be well distributed and a few localities will have too much, many others not enough rain.

The third storm wave of April will reach the Pacific coast about 10th, cross the western mountain country by close of 11th, the great central valleys 12th to 14th, and the eastern states 15th.

The warm wave will cross the western mountain country about 10th, the great central valleys 12th and eastern states 14th. The cool wave will cross the western mountain country about 13th, great central valleys 15th and eastern states 17th.

This storm wave will cause a more general distribution of rainfall and, taking the whole country, an increase in precipitation. The weather will average much cooler than in the first week of the month.

APRIL WEATHER.

My calculations for April weather are more complete on temperature than on rain. Temperature in the New England states will average above normal and rainfall below. South Atlantic states temperature below and rain about normal. The mouth of the James river I make the dividing line between north and south Atlantic states.

The Ohio valley and upper and lower lakes low temperature and dry. East gulf states low temperature and average rain. West gulf states and Lower Missouri valley high temperature and dry. Upper Mississippi valley average temperature and rain. Upper Missouri valley and Red River of the North high temperature and dry. North Pacific coast temperature and rainfall above. South Pacific coast temperature and rainfall below.

The average path of the April lows, or storm centers, enters the Pacific coast at mouth of Columbia river, passes about 150 miles north of Salt Lake and Chicago, over south parts of Newfoundland, Ireland and England. During first half of coming April the paths of storm center will principally lie north and the last half south of the average path described above.

Following are about the normal temperatures and rainfalls for April.

PLACES	TEMP.	RAIN
New England	43.3	3.5
South Atlantic	61.4	3.5
Ohio Valley	55.9	3.5
East Gulf	66.1	6.0
West Gulf	66.9	3.0
Upper Mississippi	51.3	2.5
Upper Missouri	48.4	2.0
Lower Missouri	54.3	3.0
East of Rockies Arid	51.7	1.5
North Pacific coast	49.7	4.0
South Pacific coast	58.0	2.0

PROF. HENRY ALLEN HAZEN.
The above is the style in which the weather bureau's principal weather forecaster writes his name, and as he is a prolific writer on various subjects pertaining to astro-physics, magnetism and meteorology, the people should know more about him. More particularly is this true at this particular time because he is preparing to make an unprecedented balloon voyage into the upper atmosphere at the expense of Uncle Sam.

For many years Prof. Veeder, of Lyons, New York, has made a specialty of the relations existing between sun-spots, aurora and the weather. To his theory Prof. Hazen seriously objects as, in fact, he appears to object to everything of which he is not the author.

It is not meant herein to either support Prof. Veeder's theory nor to oppose Prof. Hazen's ideas but rather to examine the methods of the latter. Of sun-spots as the cause of storms Prof. Hazen says: "If a spot produces a cold wave one week or at one time it can never produce a hot wave at any other time."

That is one of the most remarkable statements that ever fell from the pen of so prominent a scientist, and coming from the oldest and possibly the ablest assistant professor of our national weather bureau is worthy of serious consideration.

Every school boy knows that almost universally warm waves, with unusually high temperatures, precede cold waves and Prof. Hazen's language can only be construed to mean that the warm wave must have one cause and the cold wave another. How ridiculously absurd!

All agree that the moon causes high tides, but does it not also cause low tides? Every tyro knows that the weather is continually changing from warmer to colder and colder to warmer, or from the high to the low barometers and the reverse, and must there be a separate cause for each of these? Must there be one cause for rain and another for snow? If the sun heats the atmosphere in one locality, causing it to rise, will not the rising of that atmosphere necessitate the falling or coming down of atmosphere in some other place?

This last proposition is irrefutable, the falling atmosphere will cause a cold wave and therefore the cold wave and warm wave are caused by the sun, Prof. Hazen's statement to the contrary notwithstanding.

With such a method of discussing the weather work of others no wonder that Prof. Hazen is compelled to publicly state: "We know that it is impossible to predict the weather with certainty for even twenty-four hours."

All Free.
Those who have used Dr. King's New Discovery know its value and those who have not, have now the opportunity to try it free. Call on the advertised Druggist and get a trial bottle free. Send your name and address to H E Bucklen & Co., Chicago and get a sample box of Dr. King's New Life Pill Free, as well as a copy of Guide to Health and Household Instructor, Free. All of which is guaranteed to do you good and cost you nothing at C L Cotting's druggist.

Dr. Price's Cream Baking Powder World's Fair Highest Award.

Pleasant Dale.
School closed at Pleasant Dale last Friday. The parents had a surprise dinner for the teacher and the teacher had a surprise of fruit for the scholars. Meeting at Penny creek last Sunday night by Rev. Haskings. Mr. Guthrie and wife were visiting at Mr. Dickerson's Sunday. Earnest Beauchamp and Miss Guthrie were the guest of Mollie Stevens Sunday. Emma Leigh had relatives visiting her from Riverton last week. Bennie VanDyke is home from Rush county on a visit. Gilbert VanDyke is able to be around again. Ed Mountford goes east quite a bit lately. Sunday-school was organized at Penny creek last Sunday, it commences at 10 o'clock.

WHEN SPRING COMES

I Recommend Pe-ru-na to All Sufferers," Says Editor W. T. Powell, of Clarrington, O.

W. T. Powell, editor of the Independent of Clarrington, Ohio, writes that he was taken sick with bronchitis and catarrhal fever, head was in a terrible condition, lungs were badly affected, being so tight and sore he could hardly breathe, and coughed almost incessantly. For two months tried local physicians took cough medicine and other medicines. Took three bottles of Pe-ru-na and was entirely cured.

It is needless to attempt to give only the vaguest outline of the wonderful success which Pe-ru-na has met with in the cure of catarrh. This success is entirely due to the fact that Pe-ru-na eradicates the disease from the system, instead of temporarily relieving some disagreeable symptom. Not only is catarrh in all stages and varieties cured promptly, but also colds, coughs, bronchitis, la grippe, catarrhal dyspepsia, all yield, surely and permanently, to the curative virtues of Pe-ru-na.

As a spring medicine Pe-ru-na is a never-failing remedy. It cleanses the blood through digestion, and gives tone to the whole system by increasing the nutritive value of the food. "Spring fever," as it is sometimes called which produces a tired out, sleepy feeling and inability to do much mental or physical work is the result of a sluggish digestion. The great popularity that Pe-ru-na has is due to the fact that in all such cases it at once corrects digestive derangements and enriches the blood by purifying this very important source of that vital fluid. Send for book on spring medicines and spring diseases. Also a valuable treatise on catarrh, la grippe, consumption, coughs and colds, by Dr. Hartman, sent free. Address The Pe-ru-na Drug Manufacturing Comp. Columbus Ohio.

For free book on cancer address Dr. Hartman, Columbus, Ohio.

North Side Batin.

There is a great deal of sickness around here now but most of them are improving.

The meetings are still in progress at Pleasant Prairie.

The farmers are sowing their oats. The singing at the Methodist meetings is fine.

Rev. Bean will preach the first Sunday in April at eleven o'clock at Pleasant Prairie.

Dave Brooks will soon start for the west again.

Frank Bean and Miss Pop were pleasant callers at Mr. Meedy's last week. HONEY.

A Valuable Find.

After years of study an labor, there has at last been discovered a sure and never-failing remedy. It has been tested on patients, who have despaired of ever being cured, the results have been, in every case wonderful. Groff's Rheumatism Cure is unequalled as a positive remedy in all cases of Chronic and Acute Inflammatory Rheumatism, Gout, Lumbago, Sciatica, Neuralgia, Dysmenorrhoea and all kindred affections. It is also a valuable Blood Purifier, being especially useful in Eczema, Psoriasis, Scrofula, all Glandular Enlargement and diseases of the liver and kidneys. It is absolutely free from all narcotics. Severe attacks are relieved in from one to three days and a positive cure effected in from five to eighteen days. C. L. Cotting Red Cloud, Neb. 13-21

Evil is most dangerous when it looks like righteousness.

It surprised many visitors to the Chicago World's Fair to find that of all the blood purifiers, Ayer's Sarsaparilla is the only one on exhibition. The reason is that Ayer's Sarsaparilla is a standard remedy and not a patent medicine, or secret nostrum.

Garfield.
Most of the farmers are busy sowing oats. The exhibition in district 86 was a grand success. It was largely attended and everyone reported a good time. Pro. Skaggs furnished the music. Eli Houchin made a flying trip down in Nuckols county last Monday. The quarterly meeting was largely attended on Ash Creek. Chas. Ailes and Dora Gediker spent last Sunday at Ben Reid's near Inavale. Rev. Bean preached at the M. E. church on Ask creek last Sunday. We are glad to welcome Cap Houchin back again. Will Kimble has gone back to Kentucky with the good wishes of all. John Earner has quit teaching school and has come home to see after his spring work. BETSY.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for over six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, "and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Deyo & Grice.

Chamberlain's Cough Remedy gives the best satisfaction of any cough medicine I handle, and as a seller leads all other preparations in this market. I recommend it because it is the best medicine I ever handled for coughs, colds and croup. A. W. Baldrige, Millersville, Ill For sale by Deyo and Grice.

The first condition of human goodness is something to love.

Mrs. T. S. Hawkins, Chattanooga, Tenn says, "Shloh's Vitalizer 'Saved my Life, I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver or Kidney trouble it excels. Price 75 cts. For sale by C. L. Cotting.

Armenians are preparing an address to Mr. Gladstone.

George J. Gould has been elected commodore of the Atlantic Yacht club.

The use of Hall's Hair Renewer promotes the growth of the hair, and restores its natural color and beauty, frees the scalp of dandruff, tetter and all impurities.

Teachers.

A teachers' meeting will be held at Red Cloud Saturday, April 13th, commencing at 11 o'clock a. m.

PROGRAM.

Opening exercises. Ten questions on Reign of Henry the Eighth—Nettie A. Hunter. Ten questions on Reign of Queen Mary—Lora E. McBride.

Ten questions on Reign of Queen Elizabeth—Nettie M. Hummel.

(Teachers should read Chapters XXVII, XXX and XXXI, Dickens' Child's History of England.) Music.

Discussion on the subject of Punishment, using as a basis, White's School Management, page 190 to 218.

1. Ends of Punishment—Mrs. A. E. P. Rasmussen.

2. Nature of Punishment—Alvin Pope.

3. Kinds of Punishment—Nora McCall.

Music. Class drill in Geography—Miss Belle Spanogle.

Query-box. Adjournment.

A large attendance is desired. Those whose names appear with subjects numbered 1, 2 and 3, are to open a discussion with a paper or a talk. Let every teacher attend the meeting with an intention of taking part in it. All persons interested in the cause of education are requested to be present. The date of this meeting is one week later than announced in the circular, on account of the Central Nebraska Association meeting to be held at Aurora April 5th and 6th, 1895.

Respectfully yours, D. M. HUNTER, Co. Supt.

See the World's Fair for Fifteen Cents.

Upon receipt of your address and fifteen cents in postage stamps we will mail you prepaid our Souvenir Portfolio of the World's Columbian Exposition the regular price is fifty cents, but as we want you to have one we make the price nominal. You will find it a work of art and a thing to be prize. It contains full page views of the great buildings, with descriptions of same and is executed in highest style of art. If not satisfied with it after you get it, we will refund the stamps and let you keep the book. Address H E BUCKLEN & CO., Chicago, Ill
