

# Cancer Of the Breast.

Mr. A. H. Crausby is one of the best known and most highly respected citizens of Memphis, and resides at 158 Kerr street in that city.

Some years ago his wife noticed a small lump in her breast. She thought nothing of it, but it increased in size rapidly, and soon broke through the skin and commenced to discharge. She was at once put under treatment of the best physicians, but they very soon found that they could do her no good, and simply prescribed antiseptics to keep the place clean. Both her grandmother and aunt, by the way, had died with cancer, and when apprised of this fact the doctors said that they would not attempt to save her; that she was incurable. Although the cancer had by this time become deep-seated and her health very low, one of the most noted specialists of New York then treated her. After treating her awhile, this doctor admitted that the

MRS. A. H. CRAUSBY.

case was hopeless and further treatment useless. "It is difficult to imagine how despondent we all became," said Mr. Crausby, "knowing that she must die and unable to give her any relief. I had spent over five hundred dollars with the best medical skill to be had, and felt that there was no further hope.

"One day I happened to read an advertisement of S. S. S., recommending that remedy for cancer, and in view of the failure of the most eminent physicians in the country, I confess I had little faith left in any human agency. However, I purchased a bottle of S. S. S. and to my delight it seemed to benefit her. After she had taken a couple of bottles the cancer began to heal, and astonishing as it may seem, a few bottles more cured her entirely. You can probably better understand how remarkable this cure was when I explain that the cancer had eaten two holes in the breast two inches deep. These healed up entirely, and although ten years have elapsed, not a sign of the disease has ever returned, and we are assured of the permanence of the cure, which we at first doubted.

"As my wife inherited the cancer, I certainly regard S. S. S. as the most wonderful remedy in the world, and it is truly a Godsend to those afflicted with this terrible disease. You may be sure that I shall always be grateful to that remedy, for without it my home would now be desolate and my children motherless."

The above is but one of many remarkable cures being daily made by S. S. S. Cancer is becoming alarmingly prevalent, and manifests itself in such a variety of forms, that any lump, sore or scab, it matters not how small, which does not readily heal up and disappear may well be regarded with suspicion. We will gladly send to any address, full accounts of several other cures fully as remarkable as this one.

For real blood troubles, S. S. S. has no equal. It wipes out completely the most obstinate cases of blood diseases, which other remedies do not seem to touch. S. S. S. gets at the root of the disease, and forces it out permanently.

S. S. S. is guaranteed purely vegetable, and is a positive and permanent cure for Scrofula, Eczema, Cancer, Rheumatism and all traces of bad blood. Our valuable books will be mailed free to any address. Swift Specific Co., Atlanta, Ga.

### \$100 Reward, \$100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Ostarrah. Hall's Ostarrah Cure is the only positive cure known to the medical fraternity. Ostarrah being a constitutional disease, requires a constitutional remedy. Hall's Ostarrah Cure is taken internally acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O Sold by Druggists, 75c.

### Bladen.

Vote for James Burden. Don't forget to put X after the name of each republican candidate.

Let every voter turn out and cast your vote on next Tuesday.

If the tax payers of Glenwood township want the tax books in Bladen, so you can pay your taxes without going to Red Cloud, be sure to cast your vote for A. P. Johnson township treasurer.

L. E. Fort and wife of Red Cloud were in this vicinity Tuesday.

S. J. Wheeler has moved household goods into his new residence.

Jacob Shunk has taken down his implement shed and has taken it to Blue Hill.

W. M. Grannis is putting down a well for Al Wilson.

P. Nispel a farmer resident but now of Swanton was in this city the fore part of this week.

Judge Beal made a flying trip to this city last Thursday.

Ed Hoffman moved into S. J. Whitten's house north of the lumber shed.

Messrs Pond and West of Red Cloud were in the city the fore part of this week.

Mrs. J. E. Serl and Kra. W. A. Baker Jr. drove over to Blue Hill Friday.

Druggist Hicks and wife were Blue Hill visitors Friday afternoon.

Nearly every one in this vicinity was somewhat surprised upon awaking Wednesday morning to find the ground had clothed itself in a robe of white snow to the depth of two inches, had fallen which puts a broad smile on the faces of the people as it is just what is needed for the fall wheat.

FIVE out of every seven cases that go from Beal's court to the supreme court are reversed, in other words the decision is wrong five out of seven times. Only the more important cases go to the supreme court. It is fair to presume that the same ratio of error prevails in the balance of cases when litigants cannot afford to appeal. This means that five out of every seven men who go into Beal's court are defrauded of justice and cheated of their rights through the error of the judge.

**The U. S. Gov't Reports show Royal Baking Powder superior to all others.**

### Who is the Mortgage Judge?

It has been a favorite argument with Judge Beal's supporters that McNeeny would foreclose all the mortgages in the district and that he is a candidate of the money sharks.

Somehow we have not thought that this was a dangerous argument because the people know that here at home the head and front of the opposition to McNeeny are the money changers whom a late Christ has not yet rebuked but who have received some rather hard blows from McNeeny. But for fear that some voter should be misled by these stories we desire to retort the accusation.

F. B. Beal was never known to have tried a contested lawsuit before he was elected judge. His business was to negotiate loans, write insurance, sing and be "nice." When the populist convention met at Minden in 1891 the question was whether John M. Ragan, the ex-attorney for the K. C. & O. R. Y. Co. and attorney for the Nebraska Loan & Trust company should name the candidate or whether Judge Gaslin should perform that function. Ragan triumphed and Beal was nominated, this is history and it is a present fact that the officials of the Nebraska Loan & Trust company have no objection to urge against Mr. Beal, and the Eastern Banking company is openly supporting Mr. Beal whom they say never hurt them. The evidence is too plain against Mr. Beal, and we believe that this particular canard will prove to be a boomerang.

### These Taxes.

Some time ago the city council levied tax, for general purposes, of sixteen mills. The statute says that no more than ten mills shall be levied for general purposes, but the extravagance of the city government made sixteen mills necessary to pay salaries and that amount was levied in defiance of law. The tax was certified to the county clerk, by him placed on the tax list and the latter handed to the county treasurer for collection. The Traders Lumber Company refused to pay the city tax but offered to pay the other county and state taxes, which of course the treasurer could not accept, whereupon McNeeny as attorney for that firm enjoined the collection of that city tax, and adopted the same course of action as to his own taxes. Now the cases have been pending for a long time, long enough for Beal to have decided them so that the parties would know what to rely upon but he still procrastinates. Now some people are telling that McNeeny refuses to pay his taxes, and that he will have to try his own case if he is elected. If Beal had done his duty this question could not have arisen, and as it is the law would prevent McNeeny from sitting in these cases, he would have to call another judge. Don't be deceived, the records are all at the court house where you can get the facts.

In casting your ballot next Tuesday do not forget to vote for the republican supervisors. They are all good men and will see that the county is run all right.

In district 1, Mr. E. Peters is a man ably qualified to fill the office and if elected will represent the people in an excellent manner.

In district 2 Mr. J. R. Crozier was nominated and the convention chose wisely as he will make a first-class officer.

In district 4 C. C. Cox was the unanimous choice of the people and as a business man has no superior. He should be elected.

In district 5, our fellow townsman W. B. Roby received the nomination and he will be elected. He is a careful man and will vote honestly and carefully.

In district 6 T. G. Bailey received the sanction of the republican convention and will be elected. He will make an excellent officer and a man who will look after the interests of the county.

In district 7 Geo. Cather, who has made an admirable officer when on former boards, was unanimously selected to fill the office again. He is capable and will make a splendid supervisor. He has been tried and found O. K.

Mrs. A. J. Stearns, of West Stockholm, St. Lawrence Co., N. Y., under date of July 31, 1895, says: "Words fail me to express my gratitude to Dr. A. Owen for the benefit I have had from using his Electric Appliances. Before using the appliances I was so weak I could scarcely stand alone; had been confined to my bed since last October. After the third day's use of the appliance I could walk several steps; one week later I walked around the house, and in less than one month I was able to ride out, and now I can walk a mile or more without feeling tired. May God bless and spare you to your many friends for years to come."

Mr. Axel J. Ekblad, of Walsburg, Kan., under date of July 29th, 1895, says: "Having used the Dr. Owen Electric Appliances for Nervousness for the past few months, must say they are ahead of any treatment. I am cured of the worst form of Nervous Disease."

Mr. A. Nibbs, of Middlefield, Iowa, writing us on June 27, 1895, says: "This is to certify that I have derived more benefit from using the Owen Electric Appliances for a severe case of kidney complaint and nervous prostration than from hundreds of dollars spent for doctor's bills and medicine."

Our Large Illustrated Catalogue contains many endorsements like above, besides cost of appliances, and much valuable information for the afflicted. Send 6 cents in stamps for it at once.
