

THE RED CLOUD CHIEF

VOLUME XXIV.

RED CLOUD, NEBRASKA, APRIL 10, 1896.

NUMBER 15

My Nerves are weak, many people say, and yet they do not seem to know that they are literally starving their nerves. Weak, pale, thin blood cannot give proper sustenance—that is why you are nervous, tired, exhausted. The cure for this condition is to purify, vitalize and enrich your blood. Take Hood's Sarsaparilla fairly and faithfully, and the rich, red blood, which it makes, will soon feed the nerves the elements of true strength they require; they will cease their agitation and will resume their proper place—being under the control instead of controlling the brain and body.

Read Miss Bartley's letter:

"I want to express my gratitude for what Hood's Sarsaparilla has done for me. My health has been very poor for three years, due to trouble with my

Kidneys

I was nervous, had pains in my back. I cannot tell what I suffered. My eyesight became affected and I was so despondent I did not have any interest in life. I had two physicians, but my complaints became worse. I was told that I was affected with Bright's disease. A relative urged me to try Hood's Sarsaparilla. I did so and in a short time I began to notice a change in my condition. Things began to appear brighter, my eyes improved and

My Back

did not trouble me so severely. My appetite returned and I gained strength every day. I am now able to do my own work, and feel perfectly well. I cannot find words to express my gratitude for what Hood's Sarsaparilla has done for me and I gladly recommend it." Mrs. ELLA SAITZ, LEY, 213 1/2 S. Grant Ave., Columbus, Ohio.

Resolved; first, that we heartily render thanks to Almighty God for his unspeakable goodness, in that, through his providence, he has permitted so many warm-hearted, whole-souled christians to assemble together for mutual benefit, and the glory of His holy name.

Resolved; 2d, that we truly appreciate the efforts put forth by our worthy president and various committees to make this convention a glowing success.

Resolved; 3d, that we extend our thanks to the reception committee, who so kindly met and welcomed us at the opening of this convention; to the committee on entertainment, who so hospitably provided for our welfare and comfort; to the people of Red Cloud, who so fraternally have thrown open their homes, and welcomed us to them, and have spared no pains to make it comfortable and pleasant for us.

Resolved; 5th, that we thank the Congregational brethren for the use of their beautiful and commodious church in which to hold this convention.

Whereas, the essays read and speeches made in this convention have so plainly shown us the need of the Sunday-school throughout this county, and our duty in regard to them; therefore, be it

Resolved, that we each and all put forth our utmost endeavors to keep in motion the impetus and enthusiasm we have received in this assembly.

We heartily endorse and adopt the resolutions passed at our last annual convention, in regard to Temperance and Sabbath Observance.

Whereas, we learn from our president's report that only about one-third of the children in the county are Sunday-school scholars, therefore be it

Resolved, that we each put forth a special effort to overcome the wrong in this condition of Sunday-school work.

Resolved, that these resolutions be spread upon the minutes of the association, and also that they be published in the county newspapers.

Centuries ago, people used to fear what they called the pestilence. "Black Death" was the most terrible thing in the world to them. They feared it as people now fear the Cholera and Yellow Fever. And yet there is a thing that causes more misery and more deaths than any of these. It is so common that nine-tenths of all the sickness in the world is traceable to it. It is merely that simple, common thing constipation. It makes people listless, causes dizziness, headaches, loss of appetite, loss of sleep, foul breath and distress after eating. The little help needed is furnished by Dr. Pierce's Pleasant Pellets. One pill is a gentle laxative and two a mild cathartic. Once used always in favor. If you are careless enough to let an unscrupulous druggist sell you something on which he makes more money, it is your own fault if you do not get well. Be sure and get Dr. Pierce's Pleasant Pellets. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.
