The speech of Hon. J. S. Gilham which appears in the last issue of the Nation appears to us to be the ablest exposition of the populist side of the financial discussion we have seen. In terseness of expression, logic and fitness of illustration it far exceeds the puerile efforts of the "boy declaimer" from Nelson and if properly used will be a source of strength in the present campaign. We disagree with the argument wholly, and hence are in position to appreciate its force.

Scott's Emulsion

of Cod-liver Oil with Hypophosphites, can be taken as easily in summer as in winter. Unlike the plain oil it is palatable, and the hypophosphites that are in it aid in digestion and at the same time tone up the system.

For sickly, delicate children, and for those whose lungs are affected, it is a mistake to leave it off in the summer months. The dose may be reduced if necessary.

We recommend the small size especially for summer use, and for children, where a smaller dose is required. It should be kept in a cool place after it is once opened.

For sale by all druggists at 50c. and \$1.00.

Beware Of Mercury!

Mr. Henry Roth, of 1848 South 9th Street, St. Louis, was given the usual mercurial treatment for contagious blood poison. He was twice pronounced cured, but the disease returned each time, he was seized with rheumatic pains, and red lumps and sores covered his body. "I was in a horrible fix" he says, "and the more treatment I received, the worse I seemed to get. A New York specialist said he could cure me, but his treatment did me no good. I was stiff and full of pains, my left arm was useless so that I was unable to do even the lightest work. This was my condition when I began to take S. S. S., and a few bottles convinced me that I was being benefited. I continued the medicine, and one dozen bottles cured me sound and well. My system was under the effects of mercury, and I would soon have been a complete wreck but for S. S. S."

S. S. S., (guaranteed purely vegetable) is the only cure for real blood diseases. The mercurial treatment of the doctors always does more harm than good. Beware of mercury! Books on the disease and its treatment mailed free to any address by Swift Specific Co., Atlanta, Ga.

LESTER.

The people of this place have been as it were asleep, but since the refreshing showers of the past two weeks they have awakened to behold the beauty of all nature.

The elder, Brother W. B. Alexander, delivered a fine discourse at this place last Sunday. He gave to the people many proofs for the truth of the Bible. After preaching communion services were held. Prior to a meeting Rev. Metcalf baptised seven of our young people who will be taken in full membership with the church Sunday, September 6th.

Jennie Cotting has been visiting her cousins at this place.

J. W. Saladen has been fixing roads since the rains.

The immigrants were detained at this place on account of high water and a diseased bridge, but under J. W. Saladen's careful instructions it was able to be crossed the next day.

G. W. Baker sold a fat hog last week.

Chris. Rasser is the possessor of a new bike.

The swing is an attractive place for young people to sit and talk of the benefits of the sermon of the day?

Josie Gilham and Grace Smith of Red Cloud are visiting in this vicinity.

A goodly number of Lester citizens joined with many of the residents of other places to enjoy an old-fashioned time at Superior this week.

Mr. Carmony and Walter Cox were visiting their parents the first of the week.

Mack says he will not carry any more letters to Ham Flat unless he himself can receive the pay for postage—(Canada Dime.)

Miss Baker of Red Cloud has been visiting with her uncle G. W. Baker.

Dr. Merrit made a short call in Blue Hill the latter part of last week and brings the sad news that Mr. A. Green is very low with typhoid fever.

The other evening a few swains met on Lester lawns to play croquet but they had scarcely begun when the dashing rain drove them to the house where they spent the remaining hours of leisure time playing more refined games.

Whistling Beauty, the city night watch, is endeavoring to have a law that all lights should be extinguished by four o'clock.

SENFLOWER

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by Deyo & Grice.

A fine rain came again Saturday night. Three good rains a week are a little out of the ordinary for Nebraska.

Mr. C. D. Yonker, a well known druggist of Bowling Green, Ohio, in speaking of Chamberlain's Cough Remedy, says: "I take pleasure in recommending it to my customers, for I am certain that it will always please them. I sell more of it than all other kinds put together." For sale by Deyo & Grice.
