

VOLUME XXIV. RED CLOUD, NEBRASKA, DECEMBER 11, 1896. NUMBER 49

OUT WITH OLD NOSTRUMS.

Try Paine's Celery Compound, the Most Advanced Remedy That Science Can Give.

MRS. W. R. JOHNSON

There are very intelligent men and women who still prefer open fires to steam pipes and furnaces. But only a very shallow-minded person would deliberately choose an old-fashioned remedy in case of sickness. Sufferers from neuralgia, rheumatism or kidney trouble want the surest and most advanced remedy science can give them. Getting well is not a matter of sentiment, but the most seriously practical matter. That is why the most thoughtful and conservative people now use Paine's celery compound, and recommend it to friends and relatives who are threatened or afflicted with nervous exhaustion, sleeplessness, disordered liver or blood diseases. That wonderfully acute and patient investigator, Prof. Edward E. Phelps, M. D., L. L. D., of Dartmouth college, embodied in Paine's celery compound the most progressive, yet thoroughly established, views on the cure of dis-

cases of nervous origin. All of the imitations of Paine's celery compound—every one knows how many there are—have proved to be entirely wide of the mark. Their promises of astonishing curative abilities are easily made on paper; but they are not kept. It is easy to verify every claim made by Paine's celery compound. There is no village so small but it contains families in which the wonderful remedy has made some member well. Men who weigh their words and are careful what they write above their signatures have publicly given this great invigorator its deserved credit for health-making powers such as no other remedy ever received. That Paine's celery compound certainly cures such diseases as neuralgia, sleeplessness and dyspepsia does not admit of a doubt. It builds up the entire nervous system, plumps out the

MRS. R. R. PRATT

"I was attacked with rheumatic fever in its worst form. I employed the best physicians, but received no permanent relief. When I commenced taking Paine's celery compound my feet and hands were swollen so badly that they were useless. I could not walk a step, and was suffering very much. When I had taken four bottles of Paine's celery compound I could walk well, and I continued until I took six bottles. It made me perfectly well, and I have been so ever since. I wish the whole world might know of its great value." Paine's celery compound makes people well. Winter searches out the weak parts in the body; colds settle in the deranged organs and develop disease. Make every part of the body sound; build up the strength and be ready for the shock of cold weather by taking Paine's celery compound. Says Mrs. W. R. Johnson of Cape Rozier, Me.:

As you have not heard from this correspondent for some time you may be glad to hear from us again. The weather has been bad the past week, which delays the farmers from getting into the corn fields. There is a large amount of corn already out and lots more to get out yet, but the prices are so low the poor farmers have a hard time to get along. Mrs. J. L. Graves is quite sick at present. Misses Emma and May Barrett visited their father over Thanksgiving. Mr. C. Stevens' little boy, Otto, is real sick with typhoid fever. Miss Delpha Potter spent Thanksgiving at home. Mr. and Mrs. Corbett spent Sunday with their parents Mr. and Mrs. De Hart of Red Cloud. On the 18th death entered the home of Mrs. James Billings and his beloved wife was called to her last reward. She was 35 years of age, and had been a member of the M. E. church for a number of years. Her last hours were spent in talking to those around her to how to live and not lay up treasures in this world, but to prepare for eternity. She called on several to pray for her and then made a lovely prayer herself and with her hands lifted heavenward her spirit took its flight to that land where sorrow never comes. She was buried at Mt. Hope cemetery followed by a large number of friends.

STATE CREEK Mrs. Jas. Billings died last week and her remains were interred in the Mt. Hope cemetery. Thos. Ryan sold 75 head of fine hogs last week to Mr. Hunter of Inavale. Some few of them weighed six hundred pounds and the most of them about three hundred, but the average respondent could not note with the average. Mr. Chas. Stevens' little boy Otto has been real sick with bilious fever, though is better under the treatment of Dr. Moranville. Dr. Moranville and Beck have each been practicing in these parts lately. A question in the minds of some why was there 146 votes in Logan township, fifty republicans and ninety-six pops, when their township chairman Mr. Kipp took the polling the second time and he and his assistant know they were correct. Then there was 127 votes cast, while every one was supposed to be at the election. Mr. Gosper of Arkansas who owns the Helven farm that Mr. Guthrie lives on, is here looking after his interests. Jake Williams and wife who went west last spring for Mrs. Williams' health, are back again and her health has not been improved but little. Meeting at Penny creek last Thursday on Thanksgiving day. Geo. Evans dismissed his school at Mt. Hope so as to attend a Thanksgiving dinner at Gaylord and then the storm beat him out of going.

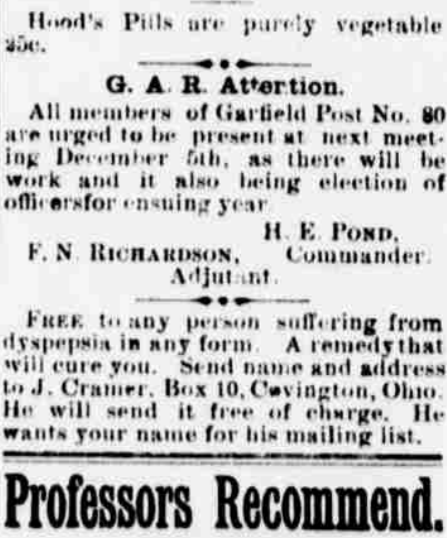

EVERYBODY IS BUSY PICKING CORN. Some do not find as much corn as expected. Mr. Mort Fearn is stepping very high these days when he goes to the barn yard. He says, so bossy papa is coming. Mrs. Rosencrans is on the sick list this week. Preaching at Penny creek every other Sunday at half past three o'clock and Bible reading at two o'clock. The infant son of Mr. and Mrs. John Marsden is very sick. The Arkansas traveler has seen the elephant in the weather. As the Misses Anderson were coming from Red Cloud the other day as they were coming down hill near Mr. Haskins the cart tipped over and the horse ran away but no one hurt. District 39 is improving. They have built an addition to their coal house. Mr. Stroup's son from Dundy county is visiting them. Little Otis Stevens who has been quite sick is improving under the care of Dr. Moranville. Miss Edith Scribner is home again after an extended visit in Red Cloud. We understand that Miss Fische Marker is preparing for an interesting entertainment for the last day of school. TRUE TO THE LINE.

Almost every man in America has some digestive trouble. When men meet, the greeting usually is, "Well, how are you?" That develops health talk. The man who has no bowel or stomach trouble is almost a curiosity. The trouble is men take no care of themselves. They eat as though they had copper stomachs and bowels of brass. By and by, overworked nature rebels. Then come headache, nervousness, bad blood, liver and kidney troubles. Dr. Pierce's Pleasant Pellets furnish help for constipation and torpid liver, sick and bilious headache, dizziness, sour stomach, loss of appetite, indigestion or dyspepsia, windy belching, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. Accept no substitute.

STATE LINE Corn shelling is the order of the day. Mrs. Bowles has returned to her home in Galena, Kansas. Miss Addie Toland returned last Saturday night from Republic City, Kansas. Miss Edith Dillon farwelled at North Branch Sunday night. W. H. Mosher of Republic City who is attending the academy was called home Friday, as his uncle was not expected to live. Mrs. W. W. Chize has returned from her visit in Iowa. The correspondent sends congratulations to J. F. Vandyske and wife. School began in District 128 Monday, with W. R. Mitchell as teacher. Saturday and Sunday was quarterly meeting at Maple grove. "My husband has been subject to sick headaches for years, but since he has been taking Hood's Sarsaparilla he has not been bothered with them." MRS. ELIJAH HARDENBERGER, Auburn, Neb.

HOOD'S PILLS are purely vegetable. G. A. R. Attention. All members of Garfield Post No. 90 are urged to be present at next meeting December 5th, as there will be work and it also being election of officers for ensuing year. H. E. FORD, Commander. F. N. RICHARDSON, Adjutant. FREE to any person suffering from dyspepsia in any form. A remedy that will cure you. Send name and address to J. Cramer, Box 10, Covington, Ohio. He will send it free of charge. He wants your name for his mailing list.

Professors Recommend. "SPRINGFIELD, O., May 14, 1894. Dr. M. M. FENNER, Fredonia, N. Y. Dear Sir: My grateful appreciation of your Blood and Liver Remedy and Nerve Tonic is the object of this writing. After four years confinement to study I became run down and prostrated with nervousness by over work, and was compelled to discontinue my attendance at college when I desired to be there most. The Professor recommended the use of your Medicines. After six weeks use of your Blood and Liver Remedy and Nerve Tonic, I returned to the College well and ambitious. The benefit and comfort found in my restoration to health fills a place that words can not express." FOR SALE BY C. L. COFFING.

RAYMOND WOODBRIDGE.

LINE. The recent cold snap still prevails which has put corn gathering back ten days or more. The yield seems quite fair and with but a fair price farmers might be able to make an effort towards paying their debts but with the price at only eleven cents per bushel the average farmer cannot do much toward paying the debts they have contracted for the past three years. The cottage prayer meeting will convene at the residence of Dick Keagle Thursday evening next. All are invited. Mr. Carl Rudd and Miss Edith Gust have become tired of single blessedness and were recently united in marriage. Both of the young people are well and favorably known throughout the county and their many friends unite in wishing them health, wealth and happiness as they sail over life's stormy sea. The Epworth League at the Hummel school house will give an entertainment at the school house on Friday evening December 18th, '96. Admission ten cents. The proceeds will go toward benefitting the Sunday school. Quite a number of hogs and cattle are being fed in this neighborhood this winter owing to the cheapness of the corn. The heavy feeders of hogs being

CASTORIA. The famous medicine of Dr. J. C. Peck is on every wrapper.

JUDSON. As you have not heard from this correspondent for some time you may be glad to hear from us again. The weather has been bad the past week, which delays the farmers from getting into the corn fields. There is a large amount of corn already out and lots more to get out yet, but the prices are so low the poor farmers have a hard time to get along. Mrs. J. L. Graves is quite sick at present. Misses Emma and May Barrett visited their father over Thanksgiving. Mr. C. Stevens' little boy, Otto, is real sick with typhoid fever. Miss Delpha Potter spent Thanksgiving at home. Mr. and Mrs. Corbett spent Sunday with their parents Mr. and Mrs. De Hart of Red Cloud. On the 18th death entered the home of Mrs. James Billings and his beloved wife was called to her last reward. She was 35 years of age, and had been a member of the M. E. church for a number of years. Her last hours were spent in talking to those around her to how to live and not lay up treasures in this world, but to prepare for eternity. She called on several to pray for her and then made a lovely prayer herself and with her hands lifted heavenward her spirit took its flight to that land where sorrow never comes. She was buried at Mt. Hope cemetery followed by a large number of friends.

LESTER. Fine weather again. Harvey Cox returned to Orleans College Sunday. Mrs. Young is visiting her daughter Mr. McKimney. Frank Frisbie and wife were in Red Cloud Sunday. Skating is all the rage. Mr. and Mrs. Kinser spent Sunday at G. W. Baker's. The two new bridges near Lester will soon be completed. Rev. Darby called here one day last week. Mr. Kinser left Monday for Rosemont to husk corn. C. L. Lewis and wife spent Sunday at J. W. Sainden's. Mr. and Mrs. Frank Frisbie are the possessors of a new organ. Della Auxier spent last week at Cowles.

Dr. Price's Cream Baking Powder World's Fair Highest Award.
