

PROUD OF HIS CRIME.

THE ASSASSIN BOASTS OF HIS RECORD.

Ready to Meet the Death That Awaits Him—The Victim Saluted and Followed for Days—Herr Most Delighted Over the Assassination.

MADRID, Aug. 11.—Goli, the Italian anarchist who shot Canovas del Castillo, prime minister of Spain, dead Sunday seems vain of the notoriety he has gained for himself. He is very communicative respecting his personal history. He says that when he was in Barcelona he went by the name of Angiolillo, but maintains that his real name is Goli. He boasts of having been expelled from Italy and Germany as an extreme anarchist, and having consorted with the extremists wherever he went. In conversation to-day he said: "I clearly realized the consequences of my act when I assassinated Canovas. I know that death awaits me but I do not fear it. I am only sorry for my father."

Goli has three sisters and two brothers. The cell where he is confined is guarded day and night by armed sentries, and in addition the prisoner is heavily manacled. Goli confessed that he followed Senor Canovas to church and to other places, waiting for an opportunity when he could surely accomplish his purpose. He says he regrets that he has been unable to kill General Polavieja. Goli saluted Senor Canovas each morning with great politeness. His effusiveness aroused the suspicion of the premier, who mentioned the matter to the proprietor of the bath only to be reassured by him.

Under the Spanish law Goli cannot be tried as an anarchist, but having used an explosive, he will be speedily punished with death nevertheless.

HERR MOST JUBILANT.

NEW YORK, Aug. 11.—The New York Anarchists are in high spirits over the assassination of Premier Canovas. Herr Most said: "This despot got what he deserved. Canovas was the greatest persecutor of Anarchists ever known in Spain. He hunted them like rats. I don't think it is settled yet that an Anarchist killed him. The Cubans, the Republicans and the Carlists had just as much cause for complaint as the Anarchists. Canovas did all he could to oppress the people. But persecution only incites Anarchists to greater deeds of bravery. There must be something in the climate that makes Spanish tyrants so cruel. The inquisitors were the bloodiest of the bloody. Even as late as 1794 did the inquisitors burn people until Napoleon stopped the business. This assassination will have a good effect in every way. It will help the Cuban cause a great deal. Yes, Cubans, Carlists, Socialists, Anarchists, Republicans, Philanthropists—every liberally loving man should rejoice at the deed. It was a blow against tyranny and will have a great moral effect. That old fellow, Sherman, who is secretary of state, even he denounced Spanish tyranny and, I suppose, sympathizes with such doings."

ELLIOTT DENOUNCED.

The State Department Replies Strongly to Mr. Foster's Assault. WASHINGTON, Aug. 11.—The State department has made a formal answer to the charges preferred against Special Commissioner John W. Foster by Prof. Henry J. Elliott in his letters to Assistant Secretary Day. The statement says: "Prof. Elliott is not now nor has he been for several years past connected with the Smithsonian Institution or any other department of the government. In 1880 he made a report upon the seal islands as an agent of the treasury department, but it was so full of inaccurate statements, betrayed such a want of scientific knowledge, was so hostile to the interests of the United States and was written in such a prejudiced shape that Secretary Blaine declined to send it to Congress or allow it to be printed. From that date Professor Elliott ceased to have any connection with the government. He has lost no opportunity to attack every step taken by it on the subject, and to abuse all persons having any official relation to sealing matters. His report was printed by the British government and strongly relied upon by the British consul before the tribunal to overthrow the position of the United States."

A Governor Hanged in Effigy.

HARRISON, Ark., Aug. 11.—E. H. Braley was sentenced to a year in the penitentiary for perjury at the current session of the Boone county circuit court, but Governor Jones pardoned him, and Sunday night executive and culprit were hanged in effigy by indignant inhabitants of this town.

Mississippi Mob Law.

VICKSBURG, Miss., Aug. 11.—John Gordon, alias Lewis Nelson, the negro who murdered William Allen at Brunswick, on July 15, by clubbing him with a gun barrel, and who was captured in Louisiana, was hanged by lynchers last night. Gordon killed Allen, a much respected white citizen, in a very treacherous manner.

A Banker's Daughter Elopes.

St. JOSEPH, Mo., Aug. 11.—Roy C. Kunkel of this city and Miss Flora Zachman of Oregon, daughter of Daniel Zachman, president of the Citizens' bank and one of the wealthiest men in Northwest Missouri, were married at Troy, Kan., late yesterday afternoon. The young lady's parents are visiting in Canada and during their absence she was left in charge of a married brother, but she stole away from his home Sunday afternoon and came here in company with her lover. As neither was of age, they went to Kansas.

OHIO MINERS ON A MARCH.

Strikers Enter West Virginia—Trying to Close Mines.

WHEELING, W. Va., Aug. 11.—At 3 o'clock this morning 127 miners from the Wheeling creek region, in Ohio, marched through the city to the Boggs Run mines, just below here. They came for the purpose of trying to close down the Boggs Run mine, the only mine in the Wheeling district now being operated. They announce that they will stay here until Boggs Run joins the strike. To-day 200 more men from Barton, Maynard, Pascoe and other mining communities in Eastern Ohio are to join the Wheeling creek men now at Boggs Run. The men from the mining towns along the Wheeling & Lake Erie have also announced their willingness to participate in this demonstration, which may last several days. With the West Virginia strikers gathering at Boggs Run there are now about 400 men there. A meeting will probably be held to-day, but it will be difficult to get the men at this plant out. The campers are being provisioned from the Wheeling miners' aid store.

AN INJUNCTION FRUITLESS.

EVANSVILLE, Ind., Aug. 11.—The marching miners, notwithstanding the court injunction issued against them last evening, lined up to the public highways leading to the Ingles mines early this morning and as the men came to work at 5 o'clock they were again appealed to by the strikers with the result that the few who had started to work decided to join the strikers.

The entire force is now out and the marchers are devoting their energies to the other mines of the city. It had been conceded that if the Ingles men were induced to join the strikers those in the other mines here and at Newburg would quickly follow suit. The strikers remain orderly. They are being well fed.

WORKING ON KANSAS MINERS.

PITTSBURG, Kan., Aug. 11.—W. D. Ryan, secretary and treasurer of the United Mine Workers of Illinois, arrived here last night and was in consultation with George Wallace, chairman of the executive board of Kansas miners, all morning. They left to-day for Weir City where a meeting with the members of the executive board will be held and the situation talked over.

The real object of Ryan's visit is to organize the miners thoroughly so as to assist the striking miners in the East. He says it is an absolute fact that coal is being shipped into the strike district from Kansas and Missouri mines. Every mine along the Chicago & Alton railway was shut down, but every coaling station was supplied with Kansas and Missouri coal and as long as this state of things should exist just that long would the Illinois miners be thwarted in the course of their strike.

EXCITEMENT IN HAVANA.

News of the Assassination of Canovas Caused Consternation.

HAVANA, Aug. 11.—The news of the assassination of Senor Canovas caused great consternation here. On its receipt the authorities and many prominent local politicians went to the palace of the captain general. The tidings soon spread, and there was wild excitement on the stock exchange and throughout the city. Stocks and shares fell considerably. Consul General Fitzhugh Lee was among the first to express regret and sympathy. Captain General Weyler still remains in the field. At first there was acute anxiety with reference to the political effect of the death of Canovas, but when it became known that General Azcarraga had assumed office confidence was restored and the effect of it was soon manifested on the exchange. All classes recognize the great loss of Spain and acknowledge the ability of Senor Canovas. Further developments are eagerly awaited. Little or nothing has yet been published on the subject in the local papers.

Are Fighting Fusion.

COLUMBUS, Ohio, Aug. 11.—W. S. Morgan of Hardy, Ark., and Abe Steinberger of Girard, Kan., are here to attend the state Populist convention, which convenes Wednesday. Mr. Morgan is secretary of the national organization committee of the People's party and Mr. Steinberger is a member of the executive board of the same committee, and the purpose of their visit here is to prevent a fusion between the Populists and Democrats. Populist leaders already on the ground claim the non-fusionists will have two-thirds of the delegates to the state convention.

Wheat High in Austria-Hungary.

LONDON, Aug. 11.—A dispatch to the Times from Vienna says that the unfavorable harvest prospects in Austria-Hungary, which have been aggravated by the floods, have caused a rapid rise in the price of cereals, which are now standing higher than any figure they have reached for many years. This is especially the case with wheat, which was freely offered months ago for autumn delivery at six florins per cental. It is now purchased at eleven.

Big Foreign Orders for Carnegie.

PITTSBURG, Pa., Aug. 9.—It is reported here that the Carnegie Steel company has received a foreign order for 200,000 tons of steel rails, one-half of this immense tonnage being for the Great Northern railroad in England, 50,000 tons for the Chinese government and 50,000 tons for Russia.

Big Advance in Wheat.

KANSAS CITY, Aug. 11.—Kansas City prices of wheat advanced 3 cents to-day, and there was an upturn of 2 cents in the Chicago market, which was not all maintained.

GOVERNOR'S PROCLAMATION

SAYS THE STATE APPROPRIATION OF \$100,000 IS NOW AVAILABLE.

Exposition Association Has Complied with All Requirements—The Governor Asks All Citizens of Nebraska to Lend a Helping Hand to the End that the State May be Well Represented at the Exposition.

Governor Holcomb Tuesday issued a proclamation formally declaring that all preliminary requirements of the legislature have been complied with by the trans-Mississippi exposition association and that under the provisions of an act of the legislature the state of Nebraska will participate in the exposition. The proclamation is as follows:

To the People of the State of Nebraska, Greeting:

Whereas, Pursuant to a resolution adopted by the trans-Mississippi congress of 1894, participated in by all of the states and territories west of the Mississippi river, there has been organized in the city of Omaha, Neb., the trans-Mississippi and international exposition association, for the purpose of holding an exposition of the products and resources, the manufactures and arts of the great west, at the city of Omaha, from June to November, 1898, and

Whereas, The twenty-fifth session of the legislature of the state of Nebraska, duly passed a bill entitled, "An act to provide for the participation by the state of Nebraska in the trans-Mississippi and international exposition to be held in the city of Omaha, state of Nebraska, in the year of 1898, etc. which act was duly approved by me and became a law on the 20th day of July, A. D. 1897; and

Whereas, Said act provides, "that the governor of the state of Nebraska be and is hereby authorized and directed to appoint a state board of directors of six members, consisting of one representative citizen from each congressional district for the purpose of carrying out the provisions of this act," etc.; and

Whereas, In accordance with said provision the following members of said state board of directors were duly appointed and commissioned by me on the 17th day of July, A. D. 1897, to wit: First district, H. M. Boydston, Nebraska City; Second district, C. A. Whitford, Arlington; Third district, W. A. Poynter, Albion; Fourth district, C. D. Casper, David City; Fifth district, W. N. Dutton, Hastings; and Sixth district, William Neville, North Platte. Which said directors immediately organized, as provided in said act, by electing the following officers, to wit: President, William Neville; vice president, W. A. Poynter; secretary, C. D. Casper, and

Whereas, Said act further provides that for the purpose of enabling the state of Nebraska to make an appropriate exhibit in said trans-Mississippi and international exposition the sum of one hundred thousand (\$100,000) be and the same is hereby appropriated from the state treasury out of any funds not otherwise appropriated; Provided, that no part of this appropriation shall be available or used until at least two hundred thousand dollars (\$200,000) in cash shall have been paid into the treasury of the trans-Mississippi and international exposition association by the stockholders of said association; and

Whereas, It has been made to appear to me, by the certificate of Gordon W. Wattles, president, and John A. Wakefield, secretary, of the trans-Mississippi and international exposition association, under the seal thereof, being dated July 19, A. D. 1897, that "there has been collected in cash from the stock subscriptions made to and in aid of the exposition and paid into the treasury of said corporation, the total sum of two hundred and eleven thousand five hundred and twelve dollars (\$211,512.00);"

Now, therefore, I, Silas A. Holcomb, governor of the state of Nebraska, by reason of the facts above set forth, do declare that all the preliminary requirements of said act having been complied with, the appropriation therein made is now available for the purposes and ends intended by the legislature and prescribed in said act, and that under the provisions thereof the state of Nebraska will participate in the trans-Mississippi and international exposition. And I would request all citizens of the state of Nebraska, all organizations, societies, counties, cities, and other municipalities to lend their assistance and best efforts in behalf of this worthy enterprise, to the end that the state of Nebraska may be properly represented, her varied products, unexcelled resources, her rapid progress in manufacture, arts and industries fittingly displayed; and that the success of the exposition may reflect due credit on the great state in which it is to be held.

In testimony whereof I have hereunto set my hand and caused to be affixed the great seal of the state of Nebraska. Done at Lincoln, this third day of August, in the year of our Lord, one thousand, eight hundred and ninety-seven, the thirty-first year of the state, and of the independence of the United States of America, the one hundred and twenty-second.

By the Governor: SILAS A. HOLCOMB.

W. F. PORTER, Secretary of State.

CHERRY COUNTY BONDS PRIESTS SEEK RETREATS

Judge Westover Takes Action on the Remonstrance—Case to Rest. End of the Long and Bitter Struggle by Fathers Fitzgerald and Murphy.

Judge Westover held a special term of court at Valentine Monday and in addition to ordering a number of confirmations and granting a couple of divorces, he heard a petition from Brown county praying that the commissioners be compelled to make a special tax levy for the purpose of paying a judgment against the county for \$5,500 which is held by Rock county. The court issued an alternative writ of mandamus against the Brown county commissioners, returnable at Valentine north August 24. Tuesday the court heard and granted a petition asking that the board which canvassed the vote of the county at a special election held May 4, be compelled to reconvene and count the vote of five precincts, which were by them thrown out on the grounds that there were no legal returns from these precincts, the poll books being incorrectly signed. This election was held for the purpose of voting on a \$12,000 court house bond proposition and the canvassing board declared the proposition carried. If the five precincts are counted the proposition will be lost by seven votes. It is probable that no further action will be taken by the friends of the bonds, they being content to wait until the next election.

Killed by Lightning.

Harlo D. Baker, a prominent farmer living four miles northwest of Benedict, was killed by lightning Tuesday evening while driving along the road in company with J. B. Stewart. Mr. Stewart's clothing was all torn off, but he is reported not seriously hurt.

A Heavy Loss.

Early Tuesday morning the separator and equipment belonging to S. J. Dixon, were destroyed by fire on the farm of George Swartz, three miles south of Luskton, in York county. It is supposed to be the work of an incendiary. The loss is about \$75. No grain was burned as they had completed threshing the evening before.

Barn and Corn Burned.

The large barn and contents, and also a crib of 10,000 bushels of corn, belonging to John and William Simms, who live near Dove, Otoe county, was destroyed by fire on Sunday last. The cause of the fire is unknown.

Fell on a Pitchfork Tine.

James Murphy, a farmer living west of Johnson, dropped from a stack and came in contact with a pitchfork. He was seriously injured, and will probably not recover.

Charged With Incest.

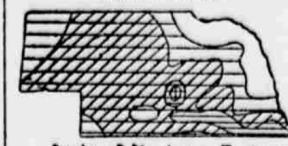

Walter Lucas and Date Chambers of Stanton were arrested Tuesday by Sheriff Kavanaugh of Platte county on the charge of incest in attempting to burn the residence of Jno. Cook at Creston, Neb. The boys did not attempt to evade arrest, nor do they act as if they were guilty.

Charged With Selling Whisky.

Frank Mitchell of York was arrested Tuesday on the charge of selling liquor without a proper license. Only a few days ago he was heavily fined for immoral conduct.

WEEKLY CROP BULLETIN.

Furnished by the Government Crop and Weather Bureau.

Scale of Shades - Inches. 0 1/2 1 1 1/2 2 2 1/2 3

Lincoln, Neb., Aug. 10, 1897.

The temperature of the past week has averaged about normal in the eastern portion of the State, and 2° below normal in the western portion. The maximum temperatures have been below 90° on most days of the week.

The rain fall has been above the normal in all except the counties along the Missouri River North of the Platte River. It has exceeded an inch over the greater portion of the state, and in limited areas it has been much heavier. In parts of Sherman and Buffalo counties the weekly rainfall exceeded 5 inches.

The rains of the week were unfavorable for thrashing and stacking small grain. In some few cases wheat is sprouting in the shock.

Corn has been much benefited by the rains of the week, and it has recovered somewhat from the effects of the hot, dry weather the last of July. In many counties, however, the crop has been permanently injured to some slight extent. In a few limited areas, it is estimated that the corn will not exceed three-fourths of an average crop. Generally, however, the bulk of the corn is in good condition. Corn is very uneven in development, and, while early corn is fast maturing, the late corn is just shooting.

REPORT BY COUNTIES

SOUTHEASTERN SECTION.

Butler—Corn very uneven, some pieces fully up to average, others far behind, crop will be about average for county; fall plowing begun.

Cass—Corn in good condition, but probably damaged by drought; late potatoes and pastures improved by rains.

Chase—Corn late and some injured by dry weather the first of week; fall plowing begun; some wheat sprouting in shock.

Fillmore—Corn good in southern part of county and nearly average in northern part; fall plowing commenced.

Gage—A good week for corn, but crop is later than usual; much corn in roasting ear.

Hamilton—Corn doing nicely, but is later than usual; some corn in roasting ear, but more is shooting and forming ears.

Jefferson—Crops doing finely; most corn out of milk, much in roasting ear, and early corn fast maturing.

Johnson—Corn in good condition, and much of the crop will be as good as last year; corn uneven and much late.

Lancaster—Recent rains have helped corn wonderfully, but in parts of county it is not earing well for lack of rain.

Nemaha—Early corn some injured by heat and drought; many have stopped thrashing and stacking and are plowing ground in good condition.

Nuckolls—Corn in good condition, and the heavy rains of the week insure a big crop; fall plowing commenced.

Otoe—Rains have helped corn, and the crop is in a hopeful condition.

Pawnee—Corn not injured by hot weather; early corn beginning to dent; grapes will be large crop; potatoes nearly failed.

Polk—Some damage to corn and grain stacks by high wind and hail, but crop generally doing well.

Richardson—Corn doing finely, and generally uninjured by hot weather.

Saline—Rains have helped corn, and late potatoes will be something of a crop; oats are thrashing out pretty well.

Saunders—Cool, damp weather has interfered with thrashing, but is good for corn; pastures improved; buckwheat good; flax light.

Seward—The rain of the week has helped corn, but considerable damage has been done by the drought.

Thayer—Corn is doing as well as it possibly can, and promises a full crop; oats turning out well; pastures good.

York—Corn slightly damaged by winds of last week; some corn in roasting ear; but little plowing done; thrashing delayed by rains.

TRACK SUSPENDED.

NORTHEASTERN SECTION.

Antelope—Rain delayed harvesting; some wheat and oats to cut; hot weather damaged some fields of corn, crop generally in good condition.

Boyd—Small grain harvest completed; stacking in progress; corn in excellent condition, promises an abundant yield, earing out very heavy.

Burt—With the light showers of the week, corn has held its own, but needs rain; large yield of wheat and oats.

Cedar—Small grain about all cut; corn doing well, early and medium planted siled out, late planted not eared yet.

Colfax—Wet weather interfered with thrashing and haying, but was good for corn.

Cuming—Small grain all harvested, corn is late and has been somewhat injured by drought in July.

Dixon—Damp, cloudy week; small grain in shock, but no stacking or thrashing has been done this week; no damage to grain from rain.

Dodge—Corn is mostly in silk or further advanced, early planted in roasting ear; corn generally in good condition, potatoes poor.

Douglas—Corn and potatoes need rain, and yield is being materially affected by dry weather; oat harvest completed and some thrashed.

Holt—Corn just putting out ears, looks fine, and will make a good crop; small grain mostly in shock.

Knox—Most corn well siled and developing rapidly; week good for corn, but rather unfavorable for harvesting; hay plentiful.

Madison—Timely rains leave corn in excellent condition and assure its full development.

Pierce—Prospects for corn very flat-

terful if we have warm and dry weather; corn has grown very large.

Platte—Small grain yielding better than expected; corn generally in splendid condition, some fields injured by drought; thrashers running full capacity.

Sarpy—Some early planted corn damaged by dry weather, but most of the corn in good condition; oats yielding well.

Stanton—Wheat is yielding some better than expected; oat crop is heavy; corn is doing well and is now in silk.

Thurston—Thrashing has commenced, and grain is generally of good quality and average yield; corn doing well.

Washington—Corn doing well, but needs rain; hay is a light crop; potatoes poor; wheat and oats are turning out good.

Wayne—Wheat and oats nearly all harvested; some wheat spoiling in shock because of too much rain; corn growing well.

CENTRAL SECTION.

Buffalo—Corn in southern part of county badly stunted, ears have stopped growing; early corn is hurt; most listed corn is better than checked, all corn is late.

Custer—Corn damaged some in parts of county by drought; wheat and oats fair; hay being cut.

Dawson—Thrashing begun; wheat good; irrigated wheat excellent; corn in southern part of county badly damaged by drought.

DeWelle—Early corn all safe for a big crop, and with a little more moisture late corn will do well.

Hall—Stacking and thrashing in progress; corn very uneven and much late; much of it has not tasseled yet.

Howard—The rains of the week have materially improved the prospects for corn, but the crop is very late; hay and pasture short.

Loup—Harvesting about half done; wheat and oats fair crop; corn very late, but with rain and late frost will make good crop.

Merrick—Early corn all right; some corn beyond redemption in southern part of county; small grain harvested and some thrashing done.

Sherman—Corn will be benefited by the rains of the week but has been considerably damaged by the preceding drought.

Valley—Rain and fogs have delayed thrashing and stacking; early corn earing and filling well; pastures good; potatoes doing well.

SOUTHWESTERN SECTION.

Adams—Some corn damaged by hot winds; late corn badly burnt in some localities; plowing for wheat commenced.

Dundy—Corn very uneven; but promises about half a crop in most parts of the county; millet nearly all dried up.

Franklin—Corn in good condition wheat and oats not in stack are sprouting; fall plowing commenced.

Frontier—Corn is probably damaged slightly by dry weather, but indications point to a large crop.

Furnas—Corn but little damaged by drought, and splendid rain all over county this week; corn prospect good; alfalfa good.

Gosper—Corn is damaged 25 per cent by the dry weather.

Harlan—Some few fields of corn damaged by hot weather, generally crop promising; alfalfa being cut third time; oats not so good as expected.

Hitchcock—Small grain being thrashed, crop not so good as expected; corn doing well in eastern, and seeding rain; in northern part of county.

Kearney—Oats a full crop; corn doing well and, except where injured by hail, promises about a full crop.

Lincoln—Corn in good condition and is making wonderful headway, some in roasting ear and some just tasseling out.

Polk—Splendid rain; corn looks promising.

Red Willow—Much of the wheat to be stacked yet; lots of wheat stacks in sight this year; grasshoppers injuring corn.

Webster—Plenty of rain in some localities, others in need of rain; corn doing well and will be a full crop.

WESTERN AND NORTHWESTERN SECTIONS.

Cherry—Harvesting making rapid progress; corn growing finely and just commencing to ear; haying well under headway.

Cheyenne—Hay a large crop; haying delayed by rains; corn will be a full crop; all alfalfa doing finely.

Dawes—Wheat mostly cut; oats late and doing well; corn very late.

Deuel—Corn a full crop; alfalfa doing well; hay fine.

Keith—Week cool and wet; corn is doing well.

Koyia Paha—Nice rain; good growing weather for corn.

Kimball—The rains have made wheat and oats, some ready to cut; potatoes sure crop; millet good; hay never better; range fine.

Logan—Wheat rather poor crop; some oats not worth cutting; corn looking first rate, and ground wet.

Rock—Prospects are for a large crop of corn.

Scotts Bluff—Wheat harvest delayed by rains of week; much of second crop of alfalfa put up; yield never better; corn earing well.

Thomas—Plenty of warm rains, and crops making big growth.

G. A. LOVELL, AND

Section Director, Lincoln, Neb.

ENGLISH WAITERS.

How They Are Paid and Held Responsible.

In English restaurants, where the customer pays his bill through the waiter, the latter is held responsible for its due payment from the moment he receives the articles ordered by the customer from the kitchen, and what is known as the "check" system is pretty generally adopted. The waiter, on beginning his day's work, pays in to the proprietor or his clerk from \$10 to \$25 to cover the orders he is likely to receive during the day, and he is given in exchange a number of "checks." For every order he gives he hands in checks to an equivalent amount. If the value of the orders exceeds the amount of deposit the waiter must pay in more money before he receives the dishes. What the customer pays him he retains until settling time. If the customer goes away without paying the waiter must bear the loss.

The waiter is the person on whom the blame naturally falls if orders are not promptly executed. But he is himself at the mercy of the kitchen porter, who passes the dishes from the kitchen, and these men seriously impede him by dawdling in carrying out his orders if he fails to square them with a fee.
