### To Pave the River Road.

Considerable has been said regarding the condition of the road between the railroad track and the river bridge, until at present the road is in very good condition, and will remain so until another good rain comes to flood the bottom and wash the sand away of which the road is composed. Some \$450 have been expended this summer in grading the road to its present condition and something should be done to prevent it again washing away. The most feasible plan seems to be to haul rock from one of the numerous quarries south of the river and cover the surface to a depth of four or six inches, which with a few weeks travel over it, would leave the road in almost as good shape as a paved road. This could be done at a small expense, and if the county will not do it the business men of this city should raise a fund among themselves to have the work done. In the end they would more than get their money back through the trading of the large number of people who sometimes for a couple of months in the year, are compelled to do their trading at Lebacon, Esbon and other Kansas points. The part of the road that needs this work only extends about half a mile, or perhaps a little more, and rock could be quarried, hauled and put on the road for forty cents per load at the most. At forty cents per load enough rock could be hauled to cover this road twenty feet in width and six inches in depth for \$150 or \$175. Perhaps it would be a good idea for some one to start a subscription paper and see if the required amount could not be raised, as we have no doubt that when our merchants realize the advantages to be derived from such a move they will give liberally toward the improvement.

### The Western Crops.

Secretary of Agriculture Wilson in speaking of his recent trip through the agricultural states of the west says: "I found the farmers in especially good spirits wherever I went. There is no doubt that confidence is restored and that the country is justified in its anticipations of better times. The people are all busy in the west. Indeed I do not believe there is an idle man west of the Mississippi who wants work." Mr. Wilson predicted a still further advance in the price of wheat due to the fact that there is not only a short crop abroad, but also because of the fact according to his observation, that the crop will not be so extensive in this country as has generally been anticipated. "I believe that even without the shortage in the foreign crop, the conditions in this country would have forced wheat to a dollar a bushel. But," he added, "the improved condition of the farmer is due not alone to the enhanced value of wheat, but there has been a corresponding movement in all farm products."

### COWLES.

The fine rain last night was very welcome, if only to lay the dust.  
The familiar tones of our school bell fall pleasantly on the air once more.  
With Miss McCall and Mrs. W. Hurd as teachers, a very good school is expected this year.  
George Harris' youngest brother from the old home in Iowa is visiting him this week.  
Robert Adamson is building a fine barn on his town property.  
Mrs. Wilder got slightly hurt in a runaway on Monday.  
James Deakin boarded the cars for Texas last Wednesday.  
Fuller & Good have just received a new stock of wagons.  
C. W. Fuller says there are no flies on the Republican party because McKinley does not go fishing.  
Dave Kaley is meeting with very encouraging success in his canvass. Nobody can resist his pleasant smile.  
Our elevator men are kept busy all the time.  
Our genial postmaster is sure from his largely increased business that the "ride of prosperity" has already set in.  
W. Hurd and family are now occupying the Hildreth residence.  
Rev. Deakin has received a certificate of commendation from the Congre-

gational church another year which will make the fifth year of his pastorate.  
George Harris is trying to open a co-operative store.  
There will be a Harvest Thanksgiving service at the Congregational church on Sunday morning next, commencing at eleven and a social on Monday evening. Everybody heartily invited.  
Mr. and Mrs. Buster were visiting with their daughter Mrs. John Walker this week.

OBSERVER.

## Beware Of Mercury!

Mr. Henry Roth, of 1848 South 9th Street, St. Louis, was given the usual mercurial treatment for contagious blood poison. He was twice pronounced cured, but the disease returned each time, he was seized with rheumatic pains, and red lumps and sores covered his body. "I was in a horrible fix," he says, "and the more treatment I received, the worse I seemed to get. A New York specialist said he could cure me, but his treatment did me no good whatever. I was stiff and full of pains, my left arm was useless so that I was unable to do even the lightest work. This was my condition when I began to take S. S. S., and a few bottles convinced me that I was being benefited. I continued the medicine, and one dozen bottles cured me sound and well. My system was under the effects of mercury, and I would soon have been a complete wreck but for S. S. S."

Whatever, I was stiff and full of pains, my left arm was useless so that I was unable to do even the lightest work. This was my condition when I began to take S. S. S., and a few bottles convinced me that I was being benefited. I continued the medicine, and one dozen bottles cured me sound and well. ### ECKLEY.

(Too late for last week)  
Miss Blanche Allen is working for Mrs. Cora Finney.  
Miss Emily Ogilvie has arrived home from Colorado.  
Miss Green from Kansas is visiting her cousin, Mrs. Margaret Greenhalgh.  
The Blue Hill people will hold a Sunday school rally at Eckley, September 15th, at 3 o'clock.  
The fall term of school in Dist. 56, opens September 6, with Miss Rich as teacher.  
Mr. Stine of Hastings was in this vicinity Wednesday.  
Certainly you don't want to suffer with dyspepsia, constipation, sick headache, sallow skin and loss of appetite. You have never tried DeWitt's Little Early Risers for these complaints, or you would have been cured. They are small pills but great regulators. C. L. Cotting.

## Fits Cured

From U.S. Journal of Medicine Prof. W. E. Fiske, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of 20 years' standing cured by him. He publishes a valuable work on this disease, which he sends with a large bottle of his absolute cure, free to any sufferers who may send their P. O. and Express address. We advise any one wishing a cure to address Prof. W. E. Fiske, P. O. 4 Cedar St., New York.

"My boy came home from school one day with his hand badly lacerated and bleeding, and suffering great pain," says Mr. E. J. Schall, with Meyer Bros. Drug Co., St. Louis, Mo. "I dressed the wound, and applied Chamberlain's Pain Balm freely. All pain ceased, and in a remarkably short time it healed without leaving a scar. For wounds, sprains, swellings, and rheumatism I know of no medicine or prescription equal to it. I consider it a household necessity." The 25 and 50 cent sizes for sale by H. E. Grice, Druggist.

Small precautions often prevent great mischiefs. DeWitt's Little Early Risers are very small pills in size, but are most effective in preventing the most serious forms of liver and stomach troubles. They cure constipation and headache and regulate the bowels. C. L. Cotting.

It Saves the Croupy Children. SEAVIEW, Va.—We have a splendid sale on Chamberlain's Cough Remedy, and our customers coming from far and near, speak of it in the highest terms. Many have said that their children would have died of croup if Chamberlain's Cough Remedy had not been given.—Kellam & Curren. The 25 and 50 cent sizes for sale by H. E. Grice, Druggist.

Owing to over-crowding and bad ventilation, the air of the school room is often close and impure, and teachers and pupils frequently suffer from lung and throat troubles. To all such we would say, try Chamberlain's Cough Remedy. For coughs, colds, weak lungs and bronchial troubles no other remedy can compare with it. Says A. C. Freed, superintendent of schools, Prairie Depot, Ohio: "Having some knowledge of the efficacy of Chamberlain's Cough Remedy, I have no hesitation in recommending it to all who suffer from coughs, lung troubles, etc." For sale by H. E. Grice, Druggist.

### Mrs. Kate Etter

OF MISSOURI,  
is Cured of Heart Disease by Dr. Miles' New Heart Cure.

MRS. KATE ETTER wrote from Neosho, Mo., in March last. "Two years ago I was severely troubled with my stomach and kidneys, and a great affliction so annoyed me that my condition became alarming. The telegraph brought a prominent physician in a consultation which resulted in no benefit. I went to Wyoming for change of climate without benefit, was brought back to Atchison where nurses worked with me night and day to keep me alive to reach my friends here. My heart became so bad that my friends gave up all hope. I began taking Dr. Miles' Heart Cure and Nervine alternately and was restored to health. It is now months since and I am perfectly well." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants.
