### WASHINGTON NOTES.

Senator Elkins is rather proud than otherwise of his connection with the much discussed section 22 of the Dingley tariff, the provisions of which are about the same as those contained in a separate bill introduced in the senate by Mr. Elkins. He says the section was intended to take away any business heretofore held by the Canadian Pacific railroad, and thus emphasize his own position: "I am opposed to the Canadian Pacific railroad securing business that ought to go to American railways. I think the business which the Canadian Pacific is now doing ought to be broken up and San Francisco become the port of entry of

the goods now going to Vancouver. I am in favor of American shipping against foreign shipping." The candor of Mr. Elkins is decidedly refreshing when compared with the dodging which has been done by some of the other gentlemen who are supposed to have had a hand in fixing up section 22.

President McKinley has personally requested Consul General Lee to return to Cuba and resume his duties at the expiration of his present leave of absence and General Lee has agreed to do so. This is authentic and official and it effectually disposes of much gossip. It also indicates that President McKinley expects matters in Cuba to reach a crisis at a date not far in the future. General Lee does not expect to return to Havana until about the middle of October, unless something occurs to make an earlier return advisable.

Commissioner H. Clay Evans, of the pension bureau, estimates that the payment for pensions during the present fiscal year will exceed the appropriation by more than \$5,000,000. The appropriation for the year is \$41,263,880. The deficit will, the commissioner says, be created by the old claims for pensions, some 200,000 in number, which will be acted upon during the year.

In the big batch of appointments to office, made by President McKinley while he was in Washington is a cousin of his own—Frederick McKinley, to be receiver of public moneys at Guthrie, Oklahoma, and a cousin of Vice-President Hobart—Edward F. Hobart, to be receiver of public moneys at Santa Fe, New Mexico.

All the politicians are deeply interested in the efforts of Senator Platt and his followers to get President McKinley to commit himself and the administration against the independent municipal ticket in greater New York headed by Hon. Seth Low, ex-mayor of Brooklyn, and president of Columbia college. While nobody can state positively that President McKinley will do as Senator Platt wishes him to do, there are several very good reasons for believing that the outcome will be very near to being what Mr. Platt wants it to be. It has been represented to President McKinley, and is probably true, that if Mr. Low succeeds in becoming mayor of Greater New York, he intends to enter the field as a candidate for the republican nomination for president in 1900. It is needless to say that Mr. McKinley hopes to get another term; he is not less human than all his predecessors. So he isn't likely

to assist in boosting a possible rival. But the strongest reason for believing that Mr. McKinley will throw the influence of the administration against the candidacy of Mr. Low is the record of Mr. McKinley at home; he has always stood by the regular ticket of his party and opposed all independent movements. The only obstacle to the success of Senator Platt is getting a declaration against Mr. Low's candidacy has been the doubt as to whether Mr. Low would succeed in his efforts to be made the regular republican candidate, a doubt his friends have made the most of, but which Senator Platt and his followers say does not exist. If Mr. Low gets the endorsement of the regular republicans, he can count upon the support of the administration to the full extent that it shall be deemed judicious to go in a municipal campaign; otherwise not. While it is not probable that Mr. McKinley will support any candidate not endorsed by the Platt republicans, a condition may arise that will cause him to remain neutral as far as it may be possible. He knows how closely his actions are being watched in this matter, both by friends and opponents, and will exercise all the care for which he has a reputation in Ohio politics not to take a step that he may afterwards regret.

### To Benefit Others.

The Editor of The Bloomfield Iowa Farmer writes of the Good Done by DR. MILES' NEW HEART CURE.

THERE ARE a great many unselfish men and women who wish others to know what has restored them to health and happiness. Mr. C. F. Davis, publisher of one of the best newspapers in Iowa, writes from Bloomfield Ia., Aug 18 1896. "My desire to benefit others prompts me to write this. We have used Dr. Miles' Remedies in my family for nearly two years with most gratifying results. We wouldn't now do without them. My wife had been weakly and down nearly every summer for the past fifteen years. Dr. Miles' Heart Cure is exactly what its name implies: a sure cure for a weak, fluttering, palpitating heart, and Dr. Miles' Nerve and Liver Pills are most excellent."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

DR. MILES' REMEDIES FOR THE HEART AND LIVER. SURE CURE FOR ALL THE ABOVE AFFECTIONS. Sold by Druggists.

James A. Garfield, our lamented president, who lived and died a consistent member of the Church of Christ, or Christian Church and for some years a prominent minister in her pulpit force, was at one time requested by a lady to formulate a statement from which she could gain a more definite and clear idea concerning our doctrinal position, and I here give a copy of Bro. Garfield's statement:

1. We call ourselves Christians or disciples.
  2. We believe in God the Father.
  3. We believe that Jesus is the Christ, the Son of the living God and our Savior. We regard the divinity of Christ as the fundamental truth of the Christian system.
  4. We believe in the Holy Spirit, both as to His agency in conversion and an in-dweller in the heart of the Christian.
  5. We accept the Old and New Testament scriptures as the inspired word of God.
  6. We believe in the future punishment of the wicked and the future reward of the righteous.
  7. We believe Deity is a prayer hearing and a prayer-answering God.
  8. We observe the Lord's supper on the Lord's day. To this we neither invite or debar.
  9. We plead for the union of all God's people on the Bible and the Bible alone.
  10. Faith in the Christ is our only creed.
  11. We maintain that all the ordinances should be observed as they were in the days of the apostles.
- We endorse these expressions and cordially invite all lovers of truth to help us set them forth in our present meeting.

Your earnest friend,  
L. A. HISSONG.
