Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, and frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I feel symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by H. E. Grice.

What does it cost to get there? When and how should you go? What should one take? Where are the mines? How much have they produced? Is work plentiful? What wages are paid? Is living expensive? What are one's chances of "making a strike"?

Sixteen pages of practical information and an up-to-date map of Alaska and the Klondike. Free at Burlington Route ticket offices, or sent on receipt of four cents in stamps by J. Music on the Graphophone.
Few people appreciate the marvelous power of the Graphophone as an entertainer. It is an instrument which, though it costs much less, than the least expensive musical instrument, will enable its owner to have at pleasure music of any kind—from that of the bagpipe to that of the grand military band. It reproduces vocal selections and gives one command of every pleasure that appeals to the sense of hearing. No investment pays such large returns in pleasure. Besides reproducing the musical and other records made for entertainment purposes, the Graphophone will record immediately and reproduce at once and as often as is desired, your own words or song, or any sound. By writing to the Columbia Phonograph Company, 720-722 Olive St., St. Louis, Mo., you can obtain a catalogue that will give full information as to prices of Graphophone outfits.

MANY THINK!

when the Creator said to woman, "In sorrow shalt thou bring forth children," that a curse was pronounced against the human race, but the joy felt by every Mother when she first presses to her heart her babe, proves the contrary. Danger and suffering lurk in the pathway of the Expectant Mother, and should be avoided, that she may reach the hour when the hope of her heart is to be realized, in full vigor and strength.

MOTHER'S FRIEND

so relaxes the system and assists Nature, that the necessary change takes place without Nausea, Headache, Nervous or Gloomy Foreboding danger, and the trying hour is robbed of its pain and suffering, as so many happy mothers have experienced. Nothing but "Mother's Friend" does this. Don't be deceived or persuaded to use anything else.

"Mother's Friend" is the greatest remedy ever put on the market, and all our customers praise it highly. —W. H. King & Co., Whitehouse, Tex.
Of druggists at \$1.00, or sent by express on receipt of price. Write for book containing valuable information for all Mothers, mailed free.

The GRAPHOPHONE

Most fascinating invention of the age. Always ready to entertain. It requires no skill to operate it and reproduces the music of bands, orchestras, vocalists or instrumental soloists. There is an evening's entertainment. Other so-called talking machines reproduce only records of cut-and-dried subjects, specially prepared in a laboratory, but the Graphophone is not limited to such performances. On the Graphophone you can easily make and instantly reproduce records of the voice, or any sound. Thus it constantly awakens new interest and its charm is ever fresh. The reproductions are clear and brilliant.
Graphophones are sold for \$10 and up.
Manufactured under the patents of Bell, Tainter, Edison and Gramophone. Our establishment is headquarters of the world for Talking Machine and Talking Machine Supplies. Write for catalogue.
